PORTLAND, Me.—(AP)—Wholesale fish concerns here complain that some scallop fishermen have emulated the methods of not-rich-quick financiers.

They assert they have been buying "watered stock." Some of the Casco Bay small boatmen, who are dangerous giant scallops, this winter...

This, it is said, causes the scallops to swell appreciably and take on much weight. Young persons in their natural state grow to 25 pounds after 12 hours of soaking. It is hard to detect such doctoring by appearance although the "fresh water cure" is said to detract considerably from the fine flavor of the scallop.
