

TALENT BASKETEERS TO MEET CHILOQUIN FIVE SATURDAY NIGHT

(By Mrs. M. E. Tryer.)

TALENT, Ore., Jan. 11.—(Special.) Talent is looking forward to a game of basketball which will be played here between the Chiloquin team and the Talent team Saturday evening. There will be considerable friendly rivalry between these two teams as E. E. Evans who is superintendent of the schools in Chiloquin was the principal here before Mr. Miller. The Talent team will certainly be a strong team, which will make the return trip home Sunday.

The sunshine of Thursday was very pleasant after the long spell of fog and frost of the past week or two.

Leonard Rosander of Ashland is a guest this week of his sister, Mrs. Walter Russell.

Mr. and Mrs. Will Ferns and Mr. and Mrs. Ed Jacobs returned home Tuesday morning from Portland. While in the city they visited the I. O. O. F. home and also called on Mrs. Mary Budgion.

Miss DeFord who has spent the fall and winter with her aunt, Mrs. J. J. Tryer returned to her home in Portland Tuesday. Miss DeFord made a good many friends while here who will greatly miss her smiling face from behind the counter in her uncle's store.

Don Tryer was the recipient of a very unique New Year's gift from his friend, Miss Billie Thaler of Sydney, Australia. The gift was a calendar made of gum wood cut in the form of a map of Australia with a small calendar attached to it. On the face of the map was printed the words "Little bits of Australia" and arranged in pic-

turesque fashion were the various products of the island, in the center was a small map of sheep's wool tied with blue ribbon and arranged on one side were small groups of corn, (red and white) and coal, on the other was a small piece of gold ore and a small bunch of wheat. About the calendar, the days of the week and the dates of the month are arranged in vertical lines reading up and down. While all our calendars read horizontally, it is needless to say that Mr. Tryer is very proud of his gift from across the ocean.

Mr. and Mrs. Will Ferns and Mr. and Mrs. Ed Jacobs left Saturday evening for Portland with the remains of their mother, Mrs. Ella Patterson, for cremation. Mrs. Patterson died Thursday morning after a two days illness. Her passing was a great shock to her family as well as to the community at large. She had been a resident at her recent home for the past 45 years and will be greatly missed by her many friends. She was widely known as her late husband was one of the county commissioners some fifteen years ago. She was a charter member of the Talent Rebekah lodge and was a very earnest worker in all lodge work. Her family has the sincere sympathy of the entire community.

The Crater Lake group of Camp Fire girls have just completed a very successful year, having lost only two members and gained four and now have almost a full group.

The work the past year has been varied. During the national Camp Fire birthday campaign the girls made over thirty-two garments for children and turned them into the Medford Red Cross, thereby receiving a national honor.

With the aid of their board of sponsors, chosen from the prominent men of Talent, the girls have put on several successful entertainments and using the money for their dues and camp fire equipment.

Officers elected at the last meet-

ing for the coming year were: President, Annabelle Leaming; vice president, Esther Cochran; secretary, Peggie Hamilton; treasurer, Abby Leaming, and pianist, Elizabeth Higgins.

We are glad to see Mr. Taylor around again.

Too high temperature and too long cooking will cause custards to curdle. If boiled custard is not

too curdled it may be cooled quickly and beaten with an egg-beater to remove lumps. There is no remedy for a curdled baked custard.

And you'll never find Hills Bros Roasting Coffee in Bulk. Instead they Roast a few Pounds at a time by a Continuous Process.

MEASURING and mixing the ingredients—controlling the heat—can be done much more exactly when you make several small waffles than mammoth ones.

As you follow this principle, in cooking all food, so Hills Bros. apply a similar rule to roasting coffee. They roast their coffee a few pounds at a time by a continuous process instead of in bulk. As a result every berry is roasted evenly and the rich flavor of the rare blend is developed to the utmost.

No other coffee can taste like Hills Bros. because none is roasted the same way. Controlled Roasting is Hills Bros.' process exclusively. And the full-bodied flavor and rich aroma come to you in all their fulness because Hills Bros. Coffee is packed in vacuum.

Coffee-lovers everywhere overwhelmingly prefer Hills Bros. Coffee. Ask for it by name and look for the Arab, Hills Bros.' famous trade-mark, on the can.

Fresh from the original vacuum pack—easily opened with the key.
