

### CAMPBELL DEATH WILL REQUIRE NO CORONER INQUEST

There will be no inquest into the fatal shooting of Mrs. Dora E. Campbell, 58 years, who died last night at the Sacred Heart hospital from a bullet wound inflicted by her son at 11 o'clock, according to Coroner H. W. Conger today. He is convinced the shooting was accidental following a visit to the scene of the accident and questioning the son, 19 years old. Funeral arrangements have not been made and the body is being held at the Perl Funeral Home.

Cullen, the son, was working on a .22 caliber rifle when it discharged, sending the bullet into his mother's side and through the stomach. She was standing six or eight feet away when struck. The injured woman was rushed by ambulance to the hospital, put up a desperate battle for life and finally succumbed to the wound at 11 o'clock last night.

The boy today was grief stricken over the accidental killing of his mother and at times was hysterical.

The family came to Ruoh a year ago from Absarokee, Mont., and the deceased was the mother of six children, three by a former marriage and three by her marriage to George C. Campbell in 1898. To survive her loss, she leaves four daughters, Mrs. W. J. Freeman of Washo, Mont.; Mrs. Fred Arnold of San Francisco; Mrs. W. T. Scott of Columbus, Mont.; Mrs. Fred Louie of San Antonio, Tex.; and two sons, Cullen and Earl Campbell, both of Appleton. Her husband, George C., and two sisters, Mrs. W. A. Hall of Gardiner, Mont., and a sister in Pray, Mont., and brother in Reno, Mont.

Mrs. Campbell was a member of the Woman's Relief Corps in Absarokee, Mont.

### LAUNCH DRIVE ON CALIFORNIA TAGS FOR OREGON CARS

Traffic officers of southern Oregon have launched a drive against owners of autos operating in this county, with California licenses, of which there are several, including a number in this city. They have been advised to procure an Oregon license within a reasonable time, or tell it to the judge.

The Oregon license cost is from \$15 to \$60 higher than the California licenses, which are sold upon a flat rate of \$2, irrespective of age or make of the auto.

There are local instances of car owners living in this city with one day a week business in northern California, with licenses of that state. The remainder of the time they store or operate their autos in this county.

According to press reports, the practice of buying California licenses is more prevalent throughout the state than in any previous year, and an organized campaign against the evasion has been launched.

### POSTAL RECEIPTS SHOW GOOD GAIN

Medford's continued steady growth and prosperity are shown in the postal receipts for the calendar year of the Medford postoffice, which have just been completed by Postmaster W. J. Warner. The receipts for 1928 were \$88,055.42, an increase of \$2403.42 over the receipts of a year ago, which were \$85,652.

The past Christmas was the greatest in the history of the postoffice, as is shown by the receipts of the December quarter, \$24,072.45, which total was a jump of \$741.84 over the receipts of the December quarter of 1927, which were \$23,330.61.
