Bill Ray, pastor and organizer of the Valley Radio church had over one hundred contribution members on January 1. The church was at that time two months old, is undenominational and the first radio church to be incorporated in America so far as we know. As there is no official board or finance committee Bill spends his time in the field when not at the microphone and finds people a unit in wanting to have a part in sending the Gospel message to the thousands that will get it in no other way as he talks to more people in one night than he would otherwise in five or ten years without the radio. The radio church places the emphasis on the last commandment of the Son of God, "Make Me known to the uttermost parts of the world" and that Jesus came to call not the righteous but sinners to repentance. "Not to condemn but to save." Many of the leading citizens of Jacksonville as well as Medford and surrounding country are voluntary contributing members and to each will be sent a contributing charter membership certificate in the near future.

There is much talent in Jacksonville that the Lord has first called on and often neighbors of the pastor feature in the Sunday night service. Mr. Ray spends Sunday calling on the sick and visiting the shut-in, feeling it is a good way to prepare for the Sunday night service. His phone number is Jacksonville 192 and as a minister of Jesus Christ he is at your service if you need him.

NATIONAL THRIFT WEEK

THRIFT WEEK is an ideal time to start to develop a habit of thrifty, regular saving. A bank account is the means of acquiring all the comforts and luxuries of life. And it gives you a measure of confidence that nothing else can. When Opportunity knocks at your door be ready to receive it with your bank account. You owe it to yourself and loved ones to provide for the future.

Sound, careful investments at substantial rates of interest are the basis of nearly all personal fortunes. A few dollars

in your pocket may look insignificant now, but consistent saving makes of them a financial bulwark which sound investment will increase and strengthen.

A bank account or some consistent plan of investment are, in fact, the foundation upon which your future success and happiness will be built. There is no better time to begin saving than NOW, at the beginning of National Thrift week.

KEEP STOMACH YOUNG!

Eat What You Want

When the food you eat goes into your acid-soaked stomach, it sours and can't digest, makes foul gas and sour bile. The blood takes these poisonous acids and carries them through the body. Naturally it makes you miserable and despondent, because your system is not nourished—you lose weight. Pape's Digestin dissolves the acids and sweetens the stomach. It digests the food; no more sour bile is taken up by the blood. Your appetite is like a youngster's again, and gradually you get back your health, flesh and energy. Chew a tablet or two of Pape's Digestin after meals. It tastes good, and relieves the misery of indigestion in five minutes. It will keep your stomach young and vigorous so you can eat anything you want without being afraid of the consequences.
