

SECOND AUTOPSY BODY MRS. RUTH ORDERED TODAY

WATERTOWN, Jan. 15.—An autopsy was necessary today before the body of Mrs. George Herman Ruth, estranged wife of Babe Ruth, could be taken to its last resting place.

Mrs. Ruth died last Friday night in a fire at the home of Dr. Edward Kinder, dentist. She had been known to neighbors as Mrs. Helen Kinder and authorities started an investigation into the circumstances of her death when it was learned that she was Mrs. Ruth. That was shortly before the home which had been set for the funeral.

District Attorney Robert T. Hushell ordered a second autopsy to be performed today on Mrs. Ruth's body, although he said that he was convinced that Mrs. Ruth died from suffocation and incineration, as Medical Examiner George L. West of Middlesex county had reported after a first autopsy. District Attorney Hushell said Dr. George A. McGrath, medical examiner of Suffolk county, would make the autopsy today because he had equipment better adapted to a chemical analysis of the stomach than had Dr. West.

Dr. Kinder, who had been in hiding since early Saturday, reported to the Watertown police of his own accord yesterday and submitted to four hours' questioning. Chief of Police John F. Milnor announced that Dr. Kinder had satisfactorily explained his connections with Mrs. Ruth and with the circumstances of her death. The case was closed, so far as the Watertown police were concerned.

COMPLAINTS FAIL TO CLOSE FATTY'S BOISTEROUS CAFE

CULVER CITY, Cal., Jan. 15.—Roscoe (Fatty) Arbuckle's cafe here, described as a "public nuisance" today was preparing to open for business as usual tonight after the city council concluded a public hearing on the subject last night with the announcement that the matter would be given further consideration.

The council's announcement was interpreted as meaning that the complaining witnesses, Mr. and Mrs. B. H. Postal, who lives 209 feet from the property had failed to prove that the road house was of an "objectionable nature."

Mrs. Postal testified that on three occasions she had seen "immoral acts" on the cafe property. Twice, she said, the alleged acts took place in automobiles, and once, she said, in a vacant house on the property.

The complaint against the roadhouse specified that "loud and unusual" noises came from the place after 2:30 a. m., which is the closing hour for Culver City cafes. Several witnesses testified they heard the "crash of orchestra drums" in the post-10:00 hours of the morning.

Arbuckle attended the hearing but did not testify. His partner Dave Wolf said that every effort was made to observe the laws, and that the roadhouse paid a license fee of \$1,000 a year, which was supposed to insure police protection.

MRS. BALDWIN HAD NO QUARREL WITH SUZANNE LENGLEN

LOS ANGELES, Jan. 15.—(AP)—Mrs. Baldwin never quarrels with a guest.

This was the formal statement that today had been issued at the Arcadia estate of Mrs. Anita Baldwin, daughter of H. J. "Lucky" Baldwin, concerning the sudden departure from her home of Suzanne Lenglen, French tennis star, and Mrs. Baldwin's son, Baldwin M. Baldwin in a "state of collapse."

While efforts to locate Suzanne and Baldwin, who is her manager, thus far had failed today, a terse statement had been handed out by an attaché of the Baldwin estate, which read as follows:

"The statement that the Lenglens left the Baldwin estate January 10 is correct. That there was a row, however, is incorrect. Mrs. Baldwin never quarrels with a guest."

After leaving the home of her California hostess, Mlle. Lenglen registered at a Los Angeles hotel. Young Baldwin, who has persistently denied rumors of a romance between himself and the French net star, also moved to Los Angeles.

Checking out of the hotel last night, Mlle. Lenglen was found to have engaged reservations on a train leaving for the east, but she was not aboard when the train left Los Angeles, nor was she aboard when the train reached Yuma, Ariz., early today, reports from there stated.

FOCH WEAKENING, CLEMENCEAU ILL

PARIS, France, Jan. 15.—(AP)—Heart stimulants by injection were resorted to for the first time today by the physicians attending Marshal Ferdinand Foch and the condition of the stricken war leader was reported most critical. The heart action was weakening.

PARIS, France, Jan. 15.—(AP)—Georges Clemenceau, the famous French war-time premier, has been confined to his home for several days with the grippe.

His condition was reported not to be serious excepting for the possibility of complications but because of his age—he is 87—bad colds are always regarded by his entourage as more or less disquieting.

ENGLISH ROYALTY IMPROVING TODAY

LONDON, Jan. 15.—(AP)—The three royal invalids at Buckingham palace were making progress at noon today.

It was stated authoritatively that King George's very slow progress was continuing.

Queen Mary's cold was much better and she had practically recovered from her indisposition.

Prince George's cold was also much better.

Albert Halstead, new American consul-general, addressed a luncheon of the English speaking union today, bringing out the interest in America in the progress of King George.

"The slight but steady improvement in his majesty's condition has caused much gratification among the people of the United States," he said. "They not only feel much sympathy with their British kinsmen in this time of anxiety, but manifestations of appreciation of the king as a man and a sovereign have come from all parts of the country."

PHOENIX BASKETEERS DEFEAT ROGUE RIVER

PHOENIX, Ore., Jan. 14.—(Special)—Phoenia high school opened the basketball season with the boys winning a decisive victory over Rogue River last Friday night by the score of 23 to 23.

The game was fast from start to finish, with Phoenix getting the lead early and holding it throughout the game.

The Phoenix boys have a good defense and with a little improvement on their offense will have one of the best second class teams in the county.

The preliminary game played by the girls of both places was won by Rogue River.

The next game will be with Jacksonville on their floor, Friday, January 18, and the first home game will be with Gold Hill, January 25.

MANY EXPECTED MASONIC DANCE

In view of the fact that it is the last dance of the season, an exceptionally large attendance is expected at the dancing party to be given by the Masonic Dancing club at the Masonic ballroom on next Thursday night.

The club is closing a series of six parties which began last fall and were held bi-monthly. A feature of Thursday's dance is an augmented Broadway orchestra and special decorations for the ballroom. The dance will be open to Mason, Eastern Star and De Molay members and their invited guests.

POPE PIUS CONFERS ON ROMAN QUESTION

ROME, Jan. 15.—(AP)—Pope Pius had a long conversation with Cardinal Gasparri, papal secretary of state, this morning in which possible solution of the Roman question was discussed. The conversation followed the receipt of various messages from America respecting the impression produced there by announcement of the provisional informal agreement which has been reached between the holy see and the Italian state.

BOY WITNESS ON STAND

CHICAGO, Ill., Jan. 15.—(AP)—The National Safety Council figures that at some 27,000 persons were killed by automobiles in this country last year, a 5 per cent increase over 1927.

27,000 Killed

morning and told of a report from Greensboro, N. C., that Clarence Robertson, 19, had confessed to helping Northcott kill four children in a barn in California. He refused to comment further.

Northcott was awakened by Deputy Sheriff Ben De Credeceour and told of Robertson's purported confession to Greensboro police. He grinned, the deputy sheriff reported and after expressing interest, listened to the report without emotion. "I refuse to say anything," was his only other comment, which he repeated several times, when pressed for an answer to the new alleged quadruple killing.
