

GOLD HILL TEAMS WIN OVER QUINTS OF JACKSONVILLE

(By Asst. Walker).
GOLD HILL, Ore., Jan. 16.—(Special)—A double-header basketball game was played in the gymnasium of the Gold Hill high school on the evening of Friday, January 12, in which the Gold Hill girls defeated the Jacksonville girls' team by a score of 6 to 4 and the Gold Hill boys won from the Jacksonville boys by a score of 22 to 11.

The girls' game was played first. The game was interesting from the start, both of the girls' teams being evenly matched. Only one field goal was made during the first half, which was marked up by Gold Hill. Jacksonville obtained one point on a foul shot, this making the score at the end of the first half, 2 to 1 in favor of Gold Hill.

The start of the second half was a real struggle. After some hard work the Jacksonville girls made one field goal and a foul shot during which time Gold Hill pointed up one foul. This made the score 4 to 3 in favor of Jacksonville. This count was held up until about two minutes left to play, when Gold Hill made one field goal and one foul shot. The game ended with the score 6 to 4. The game was interesting and both teams presented some real work and showed good coaching. Only three field goals were made during the whole game. This proved that the teams were very evenly matched and it was a regular "pitched battle" between the two. This is the second game the Gold Hill girls have played this year, the former being with the Talent high school team, in which they were defeated. The lineup for both teams was as follows:

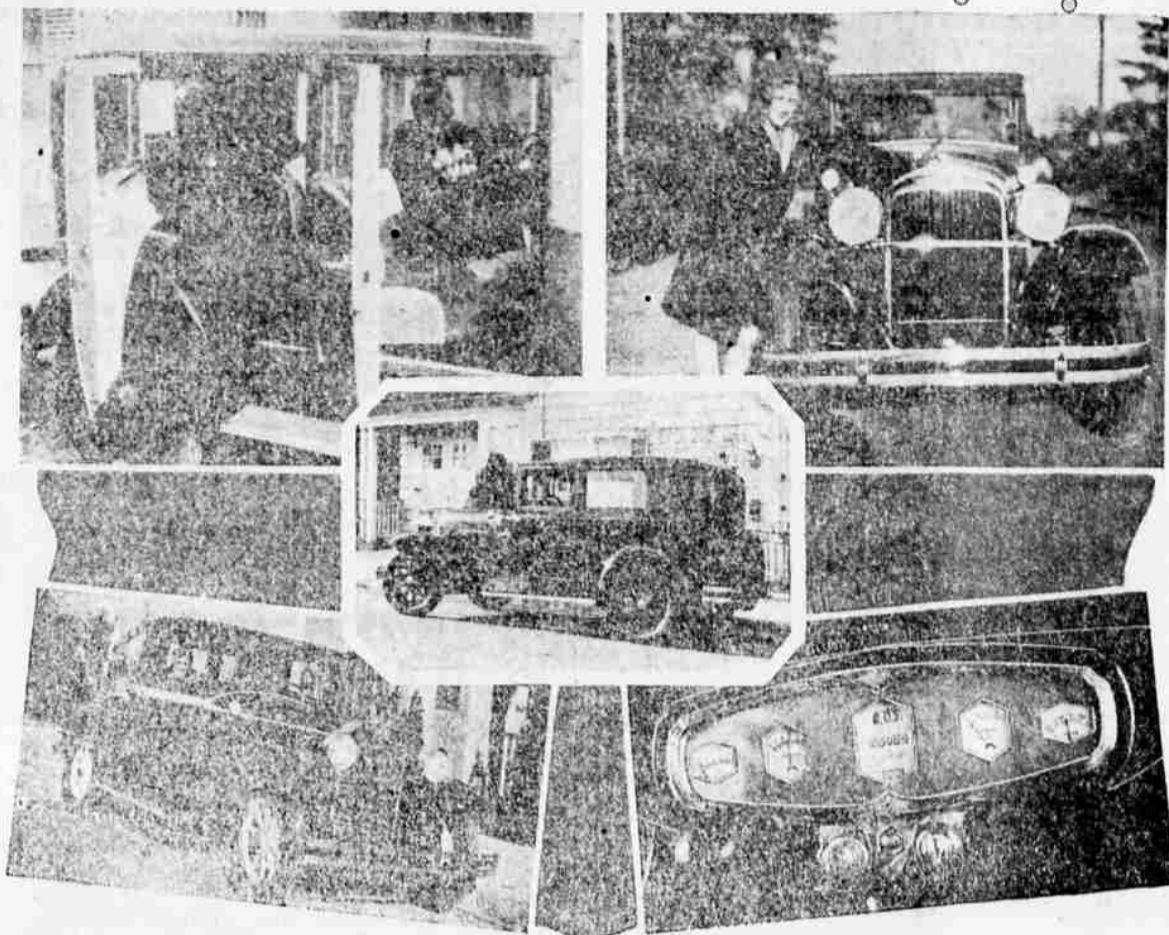

- | | | |
|------------|---|------------|
| Gold Hill | — | Gold Hill |
| Harrington | — | Little |
| Metzgar | — | Camoron |
| Larson | — | Dufur |
| Motzner | — | Wright |
| Houmer | — | Quackabush |
| Coke | — | LG |

After the girls finished the boys' game was started. It began without many goals being made. The Gold Hill boys seemed to be doing some good work and soon piled up a small score and held Jacksonville down to a minimum. The Jacksonville boys made several good team plays in the first part of the game, but it seems that the Gold Hill boys were too fast for them. While their team was making but little progress, the Gold Hill boys were piling up a steady lead. Gold Hill maintained their lead and the half ended 14 to 6 in their favor. During the second half, Jacksonville made a vain attempt to stop their opponents. The Gold Hill boys steadily kept the lead and held Jacksonville to a few points. During the last few minutes of the game, Gold Hill put in several substitutes. The last minute of the game witnessed a great number of field goals put in by the Gold Hill boys, and the final score ended 22 to 11 in their favor. They seemed to be too good for the Jacksonville five. Although Jacksonville showed some good plays and some fine team work they were certainly outpointed by their opponents. The work of the Gold Hill team is due to the ability of their coach, Charles Orr.

A great number of Gold Hill people attended the game, as well

THE 1929 ESSEX, THE CHALLENGER, MAKES ITS BOW

Upper left the interior of the sedan showing the upholstery and cominess of seats. Upper right: Note the height of the radiator has been increased. Lower left: The coupe with rumble top. Center: The coach. Lower right: The new instrument board and artistic grouping.

Miss Marjorie Hacker, Fanchon and Marco theatrical star, is the young lady with the various models. The new Essex Challenger has just been announced by the Armstrong Motors company, the new Hudson Essex being the most distinctive and outstanding car ever offered by the Hudson Motor company. Those who have already viewed the car declare that both body and chassis are in harmony, giving the silhouette a poise and balance that subtly suggests the power beneath the hood. Streamline contours, with boldly sweeping moldings, gracefully defined door and window openings harmonized with the higher, slightly pointed hood and radiator and the broad flowing fender lines. Among the improvements are an increase of 24 per cent in power, new four-wheel brakes and added fuel economy. Radiators, lamps and all bright work are chrome plated for enduring lustre and will not tarnish. Cowling lamps are miniature of the hood lamps and are mounted on a chrome plated saddle, extending across the hood. declares E. S. Armstrong, local distributor, "and a speed of 70 miles is claimed for the Challenger."

Mr. Armstrong extends a cordial welcome for all to call and inspect the new Essex Challenger and new Hudsons.

LEVINSKY TELLS WORLD HE'S DONE FOR RING RACKET

RAGERSTOWN, Md., Jan. 16.—(AP)—"Battling Levinsky," former light heavyweight champion, has fought his last fight. He so announced after losing to Herman Weimer, Baltimore heavyweight, on a technical knockout last night. Levinsky was floored three times, twice for the count of nine in the first 27 seconds of the first round. "You can tell the world I'm through," Levinsky said. "A fight of a kind when he starts and a bum when he finishes. I'm through when defeated by a boy I floored in Baltimore a short time ago. I think I'll go back to Bridgeport, Conn., and help my friend, Lou Rogosh, promote fights. I sure hate to think of ending up the wife and telling her I was floored." Al Lippe, Levinsky's manager, after Levinsky's announcement, said that he immediately would cancel his fighter's scheduled appearance at Madison Square Garden next Friday night with Jim Bradlock, a heavyweight. Levinsky won the light heavyweight crown in 1916 from Jack Dillon. He has engaged in 500 fights since he started his ring career in 1906. He was knocked out by Dempsey, by Carpenter, by Otto Von Post at Grand Rapids last week and last night by Weimer. A few weeks after the start of last night's fight Levinsky was knocked down for the count of four. Then he was knocked through the ropes for a count of nine. He attempted to go on, but Referee Short stopped the fight.

World Control 'Bassists'. ST. LOUIS, Mo.—A bill to give the city boxing commission control over wrestling in St. Louis has been presented to the board of aldermen. A five per cent tax would be levied.

When Winter Comes Are You Stiff, Achy—All Worn Out? DOES winter find you lame, tired and achy—worried with backache, headache and dizzy spells? Are the kidney excretions too frequent, scanty or burning in passage? These are often signs of sluggish kidneys and should be neglected. To promote normal kidney action and assist your kidneys in cleansing your blood of poisonous wastes, use Doan's Pills. Recommended the world over. Ask your neighbor!

50,000 Users Endorse Doan's: Mrs. M. C. Brown, 442 Wacochea St., Winston-Salem, N. C., says: "I had been constantly with severe backache and could not do my housework. The action my kidneys were irregular and caused me a lot of trouble. I used Doan's Pills and it was not long before the backache stopped and my kidneys were in good order."

HELEN'S PARENTS ANNOUNCE TROTH OF TENNIS STAR

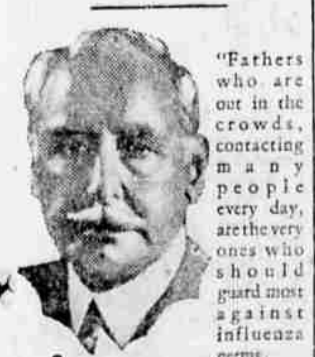

BEVERLY, Cal., Jan. 16.—(AP)—The engagement of Helen Wills, world's amateur tennis champion, and Frederick S. Moody, Jr., son of a San Francisco capitalist, has been announced formally by Miss Wills' parents, Dr. and Mrs. Clarence A. Wills, of Beverly. The engagement has been rumored persistently since 1926, when Miss Wills was playing tennis on the Riviera and young Moody and his father stopped there while touring Europe. The young folks were much together then. The reports of the engagement were consistently denied, however, and only last week Miss Wills contradicted such a rumor, saying announcement of her engagement would come from her parents, not from the newspapers. The announcement did come from her parents in a brief note mailed to the bride-to-be's friends yesterday. Moody, who is at present employed by a stock brokerage company in San Francisco, gave up college for the sea. After serving an apprenticeship on the four-masted bark Falls of Clyde, he won his officer's papers and was third, second and finally first mate on several of the Matson Navigation company's vessels. His family has been prominent in San Francisco for years and his father is a member of the state highway commission. Helen Wills' tennis career began when she was 14, when, at the age of her father, she won notice on the local courts. In 1921 she won the national junior tennis championship in Forest Hills. When she was 17 she defeated Molla Maloy for the United States singles championship and Miss Suzanne Lenglen administered her only defeat, in a game played on the Riviera in February, 1926. Lenglen turned professional before a return match could be arranged, and since then Miss Wills has defeated all her rivals. She was for a time a student at the University of California, but left school to devote herself to tennis, writing and drawing.

PADEFORD PUTS OVER ROSEBURG KNOCKOUT ROSEBURG, Ore., Jan. 16.—(AP)—An interesting event was the boxing match between Joe Blackwell of Eugene, a 16-round decision over "Flash" Kelly of Portland in the main event of a fast boxing card here last night. In the semi-final, Pat Padelford of Medford knocked out Jackie Marshall of Spokane in the second round and won a chance to meet Joe Warren of Portland on the next local card. "Tiger" Dunn, a local boy, won his third straight knockout, beating Al Meyer of Glendale in the second round of the special event.

Collins Victor. LOS ANGELES, Cal., Jan. 16.—(AP)—Ole Olsen, 40-year-old, outpointed Walcott Langford, Chicago, here last night in 10 rounds.

Father: don't take "flu" home to the baby

Dr. David says: "Take these two precautions daily"

"Fathers who are out in the crowds, contacting many people every day, are the very ones who should guard most against influenza germs. It is not yet clear how such germs are spread or passed on from one to another, but the man who keeps well himself is actually protecting his family too. I'm going to prescribe daily precautions. If you follow them, the chances are you'll be safe. First keep a bottle of Mistol and use it freely. It is quite harmless but it does protect against influenza germs. Mistol is easy to use in the office because of the handy dropper for applying that comes in the package. Tilt the head far back and let the soothing Mistol run down the back

of the nose and throat. You'll feel the cleansing effect at once. And if you have a sore throat or touch of a cold, gargle Mistol freely too. "The second safety measure is as easy as the first. Take a dose of Nujol every night. Nujol keeps the system in good condition. "Physicians agree that, particularly in times of epidemic, purging by laxatives and cathartics is not advisable. Many doctors are therefore prescribing Nujol, as in no case does it cause exhaustion or weakening of the system in any way. "Nujol is as harmless as water. Just a pure natural substance that keeps the system functioning as nature intends it to. The combination treatment of Mistol and Nujol is a double check against 'flu' and colds. Both products are on sale at all druggists, now."

Exquisite Spring Frocks

Wear Them as You Pay!

You'll be delighted with the chic new frocks of prints, flat crepes and georgettes— they're personally selected by our New York buyer. Wear them as you pay! The Cinderella plan makes that possible.

Prices Range From \$9⁹⁵ to \$69⁵⁰

LOVELY NEW COATS

Rich new coats — the very smartest the market affords — reflecting the pleasing lines and soft tone color harmonies of spring!

\$14⁹⁵ to \$85⁰⁰

Seasonal Announcement

There is an old and true saying that "No one in business can stand still." Either they must make progress, or retrograde. We believe in and practice this philosophy. Our growth in the domestic and export trade in fresh fruits has never been spectacular, but rather, healthy and sturdy progress during the past many years. Our policy is to add to our friends among growers and shippers through sheer force of service as evidenced in the general average net returns, coupled with timely market information, quick cash returns, and un-failing dependability.

Due to the growing importance of the Rogue River Valley in producing fall and winter pears of the choicest kinds, we realize the necessity for a local F. O. B. sales force qualified to meet and equipped for any emergency; hence our placement here of Dwight L. Woodruff, a fruit salesman of unquestioned ability, practical experience, and nation-wide acquaintance with the wholesale fruit trade. Mr. Woodruff, working in harmony with our New York sales and export staff, places us in a stronger position to serve local growers than heretofore.

No single feature of modern business is of more importance than accurate accounting, with the minimum of red tape and unnecessary detail. With this in view, we are revising and simplifying our local office methods. This is being done by Mr. Joseph Loman, our chief auditor, who is unifying and standardizing our system to comply with our home office practice. This will be simple in operation, yet sufficiently complete in detail that growers, shippers, and ourselves may be constantly advised of our relative standing.

Growers and shippers may deal directly with Mr. Connor or Mr. Woodruff, or both, as best suits their purpose or fancy. We welcome a reasonable amount of new tonnage for the coming season to care for the increased requirements of our long established dealer trade, who depend upon us for their seasonal supplies.
