## COPCO FIVE OPEN PORTLAND BOXING BOWLING TOURNEY LAW FACES ROUGH BY BEATING ELKS ROAD TO PASSAGE

Copco bowlers inaugurated the city bowling league season last night on the Natorium three by taking two games out of three in their match with the 32ks club.

Monday night being "open night," a number of other light-house tenders were at the alleys and bowled a few games in an "amateur league." Some surprising scores were made and unexpected material developed which may later on earn a place on the regular Copco team.

The Mail Tribune outfit meets the Tomlin Box Factory quint in the second game of the tourney Wednesday evening.

Elks	1st	2nd	3rd	Total
Fruitt	139	224	171	534
Gill	177	142	137	456

BALTIMORE, Md.—Henri Devancker of France outpointed Jack Porter of Baltimore (12).

## Less risk of "flu" if you do two things

### Precautions you can take immediately

THERE is no so worrying every time you draw a breath for fear you will breathe in some influenza germs. Do the following two things and forget it: First, keep your nose and throat well protected, and second, keep your system in good condition. The chances are you will avoid contagion.

"As a first precaution, I am prescribing Mistol to all my patients, as it protects the nose and throat against the germs of influenza. Use it every morning, the first thing, before you go out. Again when you come home at night. Don't be afraid to use it freely; it will do no harm.

"Just tilt your head back and apply Mistol with the special dropper which comes with every package, until you feel it trickling down your throat. It will clear your head wonderfully, relieve any inflammation; it will help dry up a running nose. It has a soothing effect on the throat, too. Gargle it for a sore throat or a little irritating cough. Above all, it protects the nose and throat against the germs of influenza.

"This is the first precaution; now for the second: The physician now fear that, particularly in times of epidemic, weakening of the system due to purging by laxatives and cathartics is not advisable; therefore, many doctors are prescribing Nujol. It is not a laxative or cathartic but a pure, natural substance that helps your

Takes no chances

system function at all times the way nature intended it. Like pure water, it is harmless. In no case does Nujol cause weakening of the system. Take it night and morning; it will keep you in first class condition. You will have a far better chance to resist "flu" or any other diseases that are going the rounds.

"The combination treatment of Nujol and Mistol is a double safeguard against colds and influenza. Start this wise twofold precaution now. Don't delay. Put worry out of your mind. The chances are good that you will escape influenza and colds. Nujol and Mistol are on sale at all druggists."

## OUT & KEELER'S GOLF BAG

By O. B. Keeler.

Schizophrenically observing the niceties with respect to free advertising, it yet remained within the province of this correspondent to note the most whimsical contrivance set devised, in his opinion, to assist the earnest golfer in his endeavor to follow along the path of excellence. Indeed, here is a sort of golf club which, within certain restrictions, will accomplish the end on which decades of patient and pained research have been expended—a club that will play the shot itself.

Up in New York state in the summer and down in Florida in the winter is a golf professional who has invented a golf club with a rubber shaft; apparently made out of the same material, and with about the same lack of rigidity, as an old-fashioned wood whip. So far as I know, it is used only with wooden-headed clubs. I have three or four of them, and I have had more fun with them than with anything else I ever possessed, connected with golf.

## DANE DEFEATED IN TEAM WILL LEAVE MATCH WITH WOOD THURSDAY TO PLAY RYAN TAKES CECIL FROSH ON FRIDAY

Fred Mortenson, the Terrible Dane of Grants Pass, will spend no more of his wrestling superiority over Sailor Jack Wood of this city, following Wood's victory last night at the Rialto theater, by taking two of three falls of a finish match. The affair was lively in spots and one of the best seen in Medford this season.

Wood took the first fall in 22 minutes and lost the second in 10 minutes. Shoulders were pinned to the mat for both falls. The winning fall came after ten minutes of wrestling when Wood struck the visitor by clamping a sudden headlock on him, after the latter though he had made Wood groovy with a series of headlocks. The local man was hanging on the ropes for apparent support when Mortenson attempted to obtain another headlock, but Wood in the twinkling of an eye had thrown Mortenson to the floor with one of his own holds.

## OREGON CAGEMEN ARE DEFEATED IN GAME WITH W. S. C.

PULLMAN, Wash., Jan. 22.—(AP)—Oregon university took its second basketball conference defeat here last night, when Washington State rung up its third consecutive victory in a whirlwind game, taking the Webfoots into camp by a score of 31 to 28. Taking the lead when Gilliland shot a lone one shortly after the initial hoop, the Shorters held the lead throughout, making six points before the Oregonians got started. Bob Van Tuyl took high point honors for Shorters with five field goals, while Ridings, playing a strong defensive game, scored eight points for Oregon.

## RUTH PREPARING FOR BASEBALL CAMPAIGN

NEW YORK, Jan. 22.—(AP)—Babe Ruth has given his heart to New York to resume his war on Old Man Avardupois.

He avoids shaken by the tragic death of his wife, Ruth will seek to fight his troubles by close application to the task of preparing himself for another American league campaign. The Babe weighed 231 pounds before he left New York for Boston when apprised of his wife's death. He hopes to get down to 222 pounds before he leaves for the south with the vanguard of the New York Yankees on February 23.

## HEALTH AUTHORITY GIVES SEVEN WAYS TO FIGHT OFF FLU

- Rules suggested by Life Extension Institute
1. Keep out of crowds all you can.
  2. Remove germs from hands as often as possible.
  3. Get plenty of rest, sleep, exercise, fresh air and nourishing food.
  4. Avoid exposure to chill and wet, especially when tired.
  5. Purify yourself to combat the flu by having a health distribution.
  6. If you have the real flu don't take "home remedies"—call a doctor.
  7. Be careful in convalescence. It is a dangerous period.

## SAYS HANDS SPREAD 27 DISEASES

For greater safety wash them often, urge authorities. That hand is the great distributor of disease.

## 125,000,000 GOLDS IN U. S. THIS WINTER

Many cases lead to Flu. Flurrying on the basis that practically every person has one cold a winter, health authorities will be

# No sickness for 7 years in this home . . .

Mrs. Sava is only one of millions of America's mothers who guard family health this simple Lifebuoy way.

"and LIFEBOUY health soap with its antiseptic lather deserves much of the credit," says this happy mother

"It is wonderful never to have to worry about sickness," says Mrs. Ann M. Sava, bright-eyed mother of two ruddy-checked youngsters.

"We haven't had the slightest illness in our home for at least seven years and I really think that Lifebuoy deserves a good part of the credit.

"My husband first introduced Lifebuoy to me, and I fell in love with it right away; it agreed so wonderfully with my skin.

"But the big reason we all use Lifebuoy is because it gets the germs off. It's so easy for children to catch sickness from other youngsters that we'd never feel our children were safe if it weren't for Lifebuoy and its wonderful antiseptic lather."—Mrs. Ann M. Sava, 36 Hawley Avenue, Port Chester, N. Y.

Get the health soap habit!

Mrs. Sava's letter is typical of the faith millions of mothers have in Lifebuoy.

In your family, too, health protection is necessary. For hands are constantly touching things that others also have to handle—such as books, door-knobs, telephones. The Life Extension Institute lists 27 germ diseases that hands may spread. Why take chances when Lifebuoy's gentle antiseptic lather removes germs?

Adopt Lifebuoy for your whole family today—and give them added health protection—at no extra cost. You'll quickly learn to love Lifebuoy's pleasant extra-lean scent which tells you it purifies and which vanishes as you rinse.

LEVER BROTHERS CO., Cambridge, Mass.

Removes Germs - Protects Health

# "We know our Luckies That's how we stay slender"

EVERY woman who fears overweight finds keen interest in new day and common-sense ways to keep a slender, fashionable figure. Overweight must be avoided. "Better to light a Lucky whenever you crave fattening sweets."

Toasting does it. Toasting develops and improves the flavor of the world's finest tobaccos. Lucky Strike satisfies the longing for things that make you fat, without interfering with a normal appetite for healthful foods. That's why Luckies are good to smoke. Toasting makes Lucky Strike the healthy cigarette for you to smoke.

Many men who carefully watch their health discovered this years ago. They know that Luckies steady their nerves and do not slow up their physical vigor—prominent athletes have gone on record that this is so. They know that 20,679 physicians have stated that Luckies are less irritating to the throat than other cigarettes.

A reasonable proportion of sugar in the diet is recommended, but the authorities are overwhelming that too many fattening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake we say:—

"REACH FOR A LUCKY INSTEAD OF A SWEET."

Coast to coast radio hook-up every Saturday night through the National Broadcasting Company's network. The Lucky Strike Dance Orchestra in "The Tunes that made Broadway, Broadway."

The Misses Catherine Moylan, Myrna Darby, Murrel Finley, now appearing at Angel's "Whoopee!"

Reach for a Lucky instead of a sweet.
