

Feel Well... Keep Well! Keep Health by Keeping Kidneys Active.

To enjoy health and happiness keep your kidneys working right! If troubled with lameness and stiffness; constant backache, dizziness; scanty, burning, or too frequent passage of kidney excretions, and getting up at night, don't take chances. Regain health by helping your kidneys.

To promote normal kidney action and assist your kidneys in cleansing your blood of poisonous wastes, use Doan's Pills. Recommended the world over. Ask your neighbor!

50,000 Users Endorse Doan's! Mrs. Rhoda J. Metcalf, 413 E. 4th St., Oklahoma City, Okla., says: "Overwork caused my kidneys to act irregularly. My back became weak and ached nearly all the time. I also had dull headaches and felt tired and all worn out. I used Doan's Pills and one box was very beneficial in correcting the attack."

DOAN'S PILLS 75c ASTIMULANT, DIURETIC AND KIDNEY'S Foster-Milburn Co. Mfg. Chem. Buffalo, N.Y.

LEVINSKY FEARS BIG SHOT MONEY WILL RUIN GAME

PHILADELPHIA, Pa., Jan. 23.—(AP)—Battling Levinsky thins his purses "are raining the American heavyweight fighters and in a few years this country will find itself in the same unfortunate condition that England did ten or fifteen years ago." The former light heavyweight champion of the world gave his views in a radio talk last night.

"The public interest in heavyweight matches and the resultant big purses offered by promoters, is causing the class of American heavyweights to deteriorate," said the battler, who retired last week after 20 years of fighting. "In a few years our so-called leading heavyweights will be men who have been pushed to the top without the proper training and experience. As soon as a heavyweight shows

UNKNOWN FRIEND TO HELP GORMAN IN FIGHTER FUND

By H. L. Gregory. The Joe Gorman benefit funds still short of its goal in dollars, but little Joe goes over the top. An old friend of Joe's comes to the rescue.

MANDELL WINS BOUT DESPITE BROKEN RIB

INDIANAPOLIS, Ind., Jan. 23.—(AP)—Fighting with one rib broken, and favoring a knit collar bone that was fractured in a bout last fall, Sammy Mandell, world's lightweight champion, showed all his speed, dash and skill last night in defeating Jack Gillespie of Detroit.

It was Mandell's first fight since his collar bone was fractured at Flint, Mich., in a fight with Jimmy Goodrich last September. In training for last night's fight, the champion suffered a broken rib on his left side, but it did not seem to handicap him or reduce his speed. Gillespie was a willing foe, but was fighting out of his class.

UNKNOWN FRIEND TO HELP GORMAN IN FIGHTER FUND

By H. L. Gregory. The Joe Gorman benefit funds still short of its goal in dollars, but little Joe goes over the top.

An old friend of Joe's comes to the rescue. To save Joe and his three youngsters from being turned out of their home at Grants Pass Wednesday by final foreclosure of a mortgage for \$883.79, this friend will arrange to make up the balance lacking to satisfy the claim. He has asked that the transaction be handled through Frank E. Watkins, whom the Astoria boxing commission has designated custodian of its relief fund.

On the other hand, the snowstorm also unexpectedly added to the expenses of conducting the show, among other things making it necessary to charter a bus to take the fighters from Portland to Astoria and return. The pavement was so slippery that the plan of transporting them in private cars had to be abandoned. Including net receipts from the Astoria boxing commission's show, tickets sold in Portland and other contributions, the total of the fund at present is approximately \$530. Not all ticket returns are in, and a promised subscription of \$200 is still unpaid, so the amount cannot be stated exactly. It may be a few dollars more or a few less than \$530. The Astoria boxing commission will rush its fund to Mr. Watkins at once, as Wednesday is the last day for action. Subtracting \$530 from \$883.79 leaves between \$350 and \$400 for Joe's unknown friend to make up.

SERGEANT BAKER NEVER IN DANGER FROM OMAHA BOY

PORTLAND, Ore., Jan. 23.—(AP) Sergeant Sammy Baker never was in danger at any time last night while his 10-round match with Charley Long, Omaha negro boxer, was in progress.

On the other hand, never was a gamer exhibition witnessed here than that given by Long. Baker played a constant tattoo with rights and lefts on the colored boy's face from the second round until the end of the battle, and only once, in the last stanza, did the colored boy fail to come right back for more and then only because his feet temporarily failed him when he was in distress from Baker's punishing blows. The Ted Rogova-Buzz Barnell foul ended in a draw after six rounds of fast work. Mike Brotherton, Walla Walla, stayed six rounds with Bob Marlies, although the latter seemingly had him in a bad way several times. Marlies suffered a broken thumb in the fourth round. Jack Burbank bested Johnnie Topas in four rounds of head-to-head infighting, and Billy Church took a four-round decision over Indian Britt, Salem, in the curtain-raiser.

STUDENT BOARD WILL RESIGN IF PRESIDENT WITHDRAWS SUPPORT

SEATTLE, Wash., Jan. 23.—(AP)—Unless President M. Lyle, Speaker of the University of Washington upholds the action of the student board of control in dismissing Enoch Bradshaw from the position of head football coach, student leaders said the members of the board of control would resign. Although the opinion of the campus yesterday indicated that many of the students had received the action of the faculty athletic committee in refusing to ratify the measures taken by the student board as final, leaders in the move to oust the coach continued the battle in an effort to force Dr. Siverson to take the final action. The daily campus publication, in a front page editorial, declared that student government was the vital question in the debate at the present time. The editorial refused to accept the interpretation of the faculty athletic committee that it was a mere question involving the university and declared that the students hired and paid the coach, and therefore it was in their power to fire.

WASHINGTON MAY LEGALIZE BOXING

OLYMPIA, Wash., Jan. 23.—(AP)—A new attempt to legalize boxing in Washington is to be started today when a bill providing for 10-round boxing is introduced into the state senate. Undaunted by repeated defeats of similar proposals in the past, the several senators sponsoring the measure expressed confidence that it would become a law this season. They pointed to similar laws which they said had been adopted by 25 other states. At present 11 legal six-round bouts are staged throughout the state. The new proposal would provide for a boxing commission of five members to be appointed by the governor, which would have authority over both amateur and professional fights. Both promoters and fighters would be licensed. Staging "sham" fights would result in cancellation of the promoter's license and suspension of the boxer for three weeks.

YANKS WILL SPORT NUMBERS ON SHIRTS

NEW YORK, Jan. 23.—(AP) By their numbers shall the New York Yankees be known this summer. Settling a major league precedent, the Yankees have decided to have 12-inch numerals sewed on the backs of their players' shirts so that each may be readily identified by fans in the stands. Under a tentative arrangement, the regulars will be numbered by their position in batting order. Thus a fan who does not know his Yankees can search the field until he finds a player with a huge No. 3 on his back. That will be, of course, the well known home-run manufacturer, Babe Ruth, No. 1. He Earle Combs, No. 4, Lou Gehrig, No. 5, Bob Messel and so on. They key to the numbers will be found in the scorecards.

Makes Life Sweeter

Next time a coated tongue, foetid breath, or acid skin gives evidence of sour stomach—try Phillips Milk of Magnesia! Get acquainted with this perfect antacid that helps the system get sound and sweet. That every stomach needs at times. Take it whenever a hearty meal brings any discomfort. Phillips Milk of Magnesia has won medical endorsement. And convinced millions of men and women they didn't have "indigestion." Don't diet, and don't suffer; just remember Phillips. Pleasant to take, and always effective. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1873. PHILLIPS Milk of Magnesia

Safety, silence and simplicity are features of the new Ford six-brake system. ONE of the first things you will notice when you drive the new Ford is the quick, effective, silent action of its six-brake system. A further improvement is effected by the self-centering feature of the four-wheel brakes—an exclusive Ford development. Through this construction, the entire surface of the shoe is brought in contact with the drum the instant you press your foot on the brake pedal. This prevents screeching and howling and makes the Ford brakes unusually silent. Another feature of the Ford brakes is the ease of adjustment. The four-wheel brakes are adjusted by turning a regulating screw conveniently located on the outside of each brake plate. This screw is so notched that all four brakes can be set alike simply by listening to the "clicks." The emergency or parking brakes on the new Ford require little attention. However, should they need adjustment at any time, consult your Ford dealer for prompt, courteous, and economical service. He works under close factory supervision and he has been specially trained and equipped to help you get the greatest possible use from your car over the longest period of time at a minimum of trouble and expense.

Ford FORD MOTOR COMPANY. The many advantages of this type of braking system have long been recognized. They are brought to you in the new Ford through a series of mechanical improvements embodying much that is new in design and manufacture. A particularly unique feature is the simple way by which a special drum has been constructed to permit the use of two sets of internal brakes on the rear wheels. The brake construction on the front wheels also is unusual. Here the brakes are enclosed without the use of a leather boot or sliding joint to protect the linkage between the brake rods and the mechanism on the brake plate.
