TAXI MAN FACING CHARGE IN COURT

The trial of J. H. Watkins, a taxi driver, charged with driving while intoxicated, was under way today before a jury in Justice of the Peace Glenn O. Taylor's court, the session being held in the circuit court room.

Watkins is alleged to have driven his taxi in a reckless manner while intoxicated in the early morning of January 19, being halted after a chase by Officer Peck in another car at Eighth and Front streets. A light snow had fallen that morning, making it easy to track the Watkins car, which had a wheel out of alignment, prosecution witnesses testified.

The taxi stopped in front of the Lewis Super-Services station and it was asserted from the stand that Watkins "was slumped down along side the wheel, and that his knees failed to hold him up."

Girls in their teens were called as witnesses in the case.

The jury is composed of E. W. Laffey, Col. Payne, Luke Ryan, Arthur H. Hill, W. W. Gregory and Roy Pruitt.

The defendant is represented by Kelly & Kelly and the state by Deputy Prosecutor George W. Neilson.

CLUB'S BUILDING HEARS PLANS FOR

Members of the Copan employee club at their regular weekly luncheon yesterday noon, were given the opportunity of hearing plans for the proposed Community Club (house sponsored by the ladies of the Greater Medford club).

Mrs. J. B. Humphreys gave a brief talk outlining the tentative proposal and giving some of the reasons why an institution of this sort was needed here. The site in mind is opposite the high school and the building when completed should provide a suitable meeting place for community affairs, service clubs, etc. An auditorium would be available for dances, dramatic productions, meetings and gatherings of similar nature. Mrs. Humphreys also pointed out that such a structure would be a big asset to Medford during the tourist season as any tourist with a Federation card could make the club house a resting place while in the city. Lloyd Williamson also spoke informally on the reasons why the Greater Medford club should be given every encouragement in this worthy enterprise.

KLAMATH TEAM HERE WITH HOPE

The Klamath Falls basketball team, full of hope, plays the Medford high school here tonight on the Astor floor. In what may turn out to be a lively contest between an over-confident team from Astor and a quiet but hard-fighting team from Medford, Coach Callison has been busy all week setting flattering publicity out of his charges, that they received on their recent trip north.

The starting line-up for Medford tonight will be the regular first string: Mevitt and Bowserman forwards; McDonald, center; Campbell and Morgan, guards; with Charles Thomas and Harold Anderson as substitute forward and guard.

There will be a preliminary game between the Prospect and Junior high teams.

Brisbane's Today

(Continued from Page One.)

Berlin has built a 2000-ton cruiser, carrying 11-inch guns, able to blow out of the water the most powerful submarine in the world.

Some day, perhaps, our noble government will learn to attend to its own business instead of letting Europe attend to it.

A six-page pamphlet containing the text of Einstein's new theory, described as a "hard nut to crack," even by the ablest mathematicians, is sold in Berlin for 25 cents. Important things sometimes bring small prices.
