

DEVIL WAS BUSY CREATING DELAY FOR EVANGELIST

VANCOUVER, B. C., Feb. 4.—(AP)—The devil, so says Almee Semple McPherson, has been working overtime. The latest sort of activity in the northern regions was directed, the evangelist said, toward delaying her on her way from Los Angeles to Vancouver. That the devil's machinations were only partly successful was seen when Mrs. McPherson arrived here yesterday for an evangelistic meeting. She arrived late.

In every city she passed through, Mrs. McPherson said, she saw newspaper headlines announcing her disappearance. In one town a newspaper mentioned her with "lay a paper man; read all about Almee!"

Mrs. McPherson declared Judge Hardy never received a cent from her for legal services, and that the \$2500 for which the jurist has been excoriated for accepting, was merely a "love offering."

Lovers of good radio drama are looking forward to a real treat tomorrow night when the California Oregon Power company will present Miss Helen Norris' latest radio play, "The Chameleon." This will be the premier broadcast of this new Norris drama which has already been sold to several of the larger stations for early release and the local station is counted fortunate to secure the honor.

The cast of "Copco Players" has been working hard to make tomorrow's program one of the best of the year and a full hour of real entertainment is assured all who listen in at 8 p. m. Among the personnel of the cast will be found Earle Davis, director, Fletcher Fish, Harold Corlies, Melba Williams, Mrs. Quisenberry and Mrs. Maude Cuddeback.

COLUMBIA UNIVERSITY PERPETUAL STUDENT DEAD, AGED 73 YEARS

NEW YORK, Feb. 4.—(AP)—William Cullen Kemp, known as "the perpetual student" at Columbia, died yesterday at the age of 73. He studied at the university for 60 years.

During his years of study he acquired 12 degrees. It was said in university circles that when he started as undergraduate he had no liking for study, and that a wealthy relative, in order to urge him on, left him \$2500 a year as long as he remained in college.

His friends, however, said that he wanted to study and remained at Columbia to indulge in this desire.

Undergraduates for decades called him "Doc" and conferred upon him a degree not listed in the catalogue—D. P. M.—Doctor of Perpetual Motion. He traveled considerably. He was greatly interested in student activities and always attended the annual "cane races" and junior promenade. He was a member of several prominent New York clubs.

COUNTY COURT VISITS SCHOOL DISTRICT

County Judge Alex Sparrow and members of the county court, and representatives of the Medford and Phoenix school district, this afternoon, visited the "Peninsula," which is asked to be annexed to the Medford school district by citizens. The county court will study the lay of the land, and the boundaries of the district.

It is understood that the county court will offer a compromise proposition whereby the Phoenix district will lose a few children attending their school, but the valuation of their district will not be lessened.

Henry W. Frame acted as the representative of the Phoenix district.

A crowd of more than 1000 persons was on hand for a glimpse of the take-off, and as Lindbergh came out of the hangar, police were unable to maintain order, the crowd breaking across the field. Lindbergh turned and held up his hand and the crowd halted. While officers were re-establishing order, Lindbergh waited, refusing to being the plane out of the hangar until the field had been cleared.

A score of photographers who had braved the early morning rain to get pictures of Colonel Lindbergh's departure, were barred from the field. Officials of the company said it was Lindbergh's request that no pictures of his departure be taken.

RELIABLE GROCERY TO OPEN JACKSONVILLE EARLY NEXT MONTH

Work on the new Reliable grocery store in Jacksonville is being rushed so that the opening may be observed early next month, according to C. A. Whitlock of this city.

Head of the rapidly growing chain of Reliable Groceries, the Jacksonville store will be located in the Ryan building, which formerly housed the upholstering establishment of John Wade. The entire

interior is being remodeled and new, up-to-the-minute fixtures will be installed, according to Mr. Whitlock.

C. A. Whitlock, former manager of the Tolson Hardware store in this city, has had phenomenal success with his grocery enterprises in the Rogue River Valley. The original store was located in the Johnson market, which is now known as store No. 1 until No. 2 was established last fall at 317 North Central avenue, and the third store is situated in Gold Hill.

The new Jacksonville store, like the other Reliable Groceries, will operate on a cash, self-service policy, and will be under the management of Gracie Rhoroll.

St. Helena—A \$600 contract has been awarded for installation of new water system.

GRANTS PASS, Ore., Feb. 4.—(AP)—Gold ore from the newest strike at the Robertson mine near Grants Pass, 22 miles west of Grants Pass, was being exhibited here today and was creating a sensation in a community where usually such finds bring little reaction.

One piece of the ore ten inches long by eight inches wide and four inches thick, was estimated by the First National bank to contain \$2,000 in gold. Another piece, slightly larger, contained \$1500 in gold. Portland interests own the property.
