HOLY SEE AND GOVERNMENT IN TEMPORAL PACT

ROME, Feb. 8.—(AP)—Definite and formal announcement of the conclusion of a momentous agreement between the Holy See and Italy for settlement of the long-pending Roman question involving the relations between the Vatican and the Italian state, was made today by Cardinal Gasparri, noted papal secretary of state.

Having summoned the diplomatic body accredited to the Vatican, the cardinal briefly communicated news of the agreement which is everywhere looked upon as one of the most important events in modern history.

Immediately after the meeting of the diplomats at the state apartment in the Vatican, Cardinal Gasparri was received by Pope Pius who said that he was exceedingly pleased.

"I am so happy about what has happened and I am sure that Premier Mussolini will be just as happy," the pontiff was quoted as saying. "I consider that he was sent by providence to put an end to the insufferable position of the Pope in Rome."

This agreement will be signed on Sunday in the Lateran palace, Cardinal Gasparri signing for the pope and Premier Mussolini for King Emmanuel.

Whatever may have been conceded, much that the Vatican has sought in its efforts to regain its temporal power, is accorded it in the agreement.

PERMANENT SINGER ASKS SEPARATION

Mrs. Annitta Hein Rabinoff, who left in Germany a reputation as a comic opera star, to marry Samuel R. Rabinoff, wealthy Chicago attorney, sued for separate maintenance, asserting her husband kept her "cloistered like a nun." Rabinoff said she objected to his children.

EIGHT BELOW AT PARK EARLY DAY REPORT DECLARES

The break in the telephone line between Ft. Klamath and the lodge at Crater Lake national park, which held up communication with the park for a week past, was finally repaired late yesterday, enabling Arthur Stone, caretaker at the lodge, this morning to phone in his monthly weather report to Superintendent C. G. Thomson at Medford.

His most surprising news was that the park is included in the present cold wave taking in Oregon, Washington and northern California, and had a minimum temperature this morning of 8 degrees below zero, the coldest ever recorded in the history of the park for this time of year, the lowest previous record having been 4 degrees below.

He reports nine feet of snow at the rim of the lake, which is six inches under normal snow depth there at this time of year, but whose water content is much over normal.

This depth of snow at the rim, together with eight feet of snow at Anna Springs camp, the latter being proportionately higher than normal for this time of year, and the corresponding depths at other points in the park, leads Superintendent Thomson to venture the belief that unless there is a very early and hot spring, like three years ago when summer began in April, there will probably be an ample water supply in the valley next summer.

A peculiar phase of the present snow situation is the high elevations of the southern Cascades, as shown in this morning's report from Crater national park is that, unlike in most past years, there is more snow in the lower elevations than in the higher elevations.

STATE DOGS HAVE DAY IN LEGISLATIVE GRIST

SALEM, Ore., Feb. 8.—(Special.)—"Rover," "Spot," "Fido," or your pet dog may be riding in the front seat with you unless provisions are made for the animal's comfort on the running board of the automobile.

Under the provisions of house bill No. 422, introduced by Representative A. V. Seiff of Baker, it would be unlawful for any person to carry a dog upon the hood, fender, running board, or other external parts of any automobile or truck, unless the dog is protected by a framework, carrier, or other device sufficient to keep the animal from falling off.

A penalty of \$10 or six months imprisonment is provided for the violation of the proposed law.

COUNTY TREASURER MAY GET PAY BOOST

SALEM, Ore., Feb. 8.—(Special.)—The prospects of raising the salary of the Jackson county treasurer from \$1,800 to \$2,000 took on a definite hue when house bill No. 428, sponsored by Representative William M. Briggs and Senator Geo. W. Dunn, both of Ashland, received the favorable recommendation of the counties and cities committee of the house of representatives.

The bill will now be placed on the house calendar for third reading and final passage.

Helped at Change of Life

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine at the Change of Life. I would get blue spells and just walk the floor. I was nervous, could not sleep at night, and was not able to do my work. I know if it had not been for your medicine I would have been in bed most of this time and had a big doctor's bill. If women would only take your medicine they would be better."—Mrs. Anna Weaver, R. F. D. No. 2, Rose Hill, Iowa.

Lydia E. Pinkham's Vegetable Compound

EFFORTS IDENTIFY FOSTER DAUGHTER OF RUTH FAILURE

ROCHESTER, N. Y., Feb. 8.—(AP)—An effort to establish claims that Babe Ruth's mythical child is the prison-born daughter of Mrs. Pearl Odell has been defeated in the supreme court.

Based on their petition on similarity of pictures of Dorothy Helen Ruth and the fact that the late Mrs. Ruth referred to Dorothy Helen as "Marie Harrington" in her will, George L. Arnold and his wife sought a writ to compel Warden Edgar Jennings of Auburn prison to disclose the parentage of the child born in prison September 15, 1906, to Mrs. Odell.

The couple represented themselves as step-grandparents of the child. Justice Edwin Smith denied the writ on the ground that they had no legal standing in court regarding the guardianship of the child.

Mrs. Odell is serving a sentence of 20 years to life for complicity with her husband, James, in the murder of Edward Kneip eight years ago. The husband was convicted of murder in the first degree and executed.

Under the law the child born in prison was kept with its mother two years then placed out for adoption.

The Arnolds in an affidavit declared that the Ruth child is Mildred Glorie Odell.

The fact that the child known as Dorothy Helen Ruth was a foster child of the Ruths was disclosed in Mrs. Ruth's will under which an estate estimated at \$50,000 was left for her, but the document gave no hint as to the parentage of the child, merely saying, "my beloved charge and ward, at one time known as Marie Harrington."

In their affidavit the Arnolds said Harrington is the name of Mrs. Odell's sister.

MICHIGAN WOULD CUT FELONY LIST

LANSING, Mich., Feb. 8.—(AP)—More than 290 offenses are eliminated from the list of felonies now included in the habitual criminal section of Michigan's criminal code under provisions of an amendment to the code designed to remove minor offenses and others of a so-called minor nature from the life penalty provision.

The measure providing for the changes, drafted by Wilbur M. Bryner, attorney general, was before the house judiciary committee today.

The amendment provides that to make life imprisonment mandatory, a fourth conviction must be for a crime demanding a maximum penalty of not less than five years for a first offense.

The bill faces the opposition of E. M. Holsapple, superintendent of the Michigan anti-saloon league.

DAIRY CONFERENCE HEADS ARE NAMED

CORVALLIS, Ore., Feb. 8.—(AP)—The statewide dairy conference to be held at the State college March 21-22 will be headed by six prominent farmers, creamerymen and others selected for committee chairmanships. The following men have been announced as heads of the main divisions of the conference: Claude Buchanan, production and management; George Fullenwider, creamery dairymen, economic status; dairy industry; Will T. Wright, Oregon city banker, finance; M. M. Boney, manager Eugene Co-operative creamery, grades and standards; C. C. Dickson, Shedd dairyman, disease control; and A. E. Embretson, secretary of the Lower Columbia Dairy association, marketing.

Texaco Gas Used By Capt. Hawkes On Record Trip

Capt. Frank M. Hawkes and his mechanic, O. E. Grubb, flew from Los Angeles to New York City in 18 hours, 21 minutes and 59 seconds, leaving Los Angeles at 10:00 a. m. on Tuesday.

This non-stop flight was made in a Lockheed Waac monocoque air express monoplane powered with Texaco aviation gasoline and Texaco airplane oil No. 4.

Capt. Hawkes is the Texas company's aeronautical technical advisor. The captain says he could have made it three hours sooner with decent weather, having encountered every kind of weather imaginable on the trip.

Father Wainwright Dies

LONDON, Feb. 8.—(AP)—Father Wainwright, pastor of St. Peter's church in the London dock district, died last night at the age of 82. He had taken no holiday for 45 years and was known to dockers and seamen from all parts of the world.

What Will you do

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night you find your very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that baby becomes fretful, or restless. Castoria was never so popular with mothers than it is today. Every druggist has it.
