

# QUALITY IN STUDIES IS STRESSED

### Code of Entrance Requirements at Oregon University Will Feature Excellence in High School Work Rather Than Variety—Requirement Repealed.

UNIVERSITY OF OREGON, Eugene, Feb. 12. — (Special) — Quality, rather than variety in high school work will be stressed in the new code of entrance requirements which was adopted by the University of Oregon faculty at a recent meeting. These requirements, which coincide exactly with those recommended by the higher education standards bureau, have grown from conferences at which representatives of all Oregon colleges and many high schools have been present.

The requirements were recommended by the higher education standards committee at a recent meeting in Salem, the idea being that they should represent minimum requirements for entrance into higher institutions of learning in Oregon. As approved at Salem, any college may add to them, but at the faculty discussion, it was decided to adopt the basic code as the requirements for entrance to the University of Oregon.

Effective at the beginning of the fall term in 1929, the action of the faculty also repeals all standing entrance requirements. It is the understanding that the adoption of the regulation does not preclude the possibility of addition of special requirements in the future.

As they stand the new requirements make it possible for a high school graduate to enter the University of Oregon without fulfilling the present requirements of one year of laboratory science, one year of algebra, and one year of geometry. The question of eliminating algebra and geometry from the requirements has aroused considerable discussion at the faculty meeting.

Mathematics Advisable. It was brought out, however, that under the required list of major and minor subjects, the student would probably find it advisable to take mathematics in high school anyhow, that unified mathematics courses now being taught in the rapidly increasing junior high schools.

The new requirements include three plans. Each requires the presentation of 15 units from a four-year high school or 12 units from a senior high school. This latter clause is a recognition of the junior high school system.

Part of the units are to be grouped into majors and minors. Distribution from a four-year high school must include two majors and one minor, or vice versa, must be selected from the fields of English, language, mathematics, laboratory science and social science. One of the majors must be in English.

MARGARET MANNERS

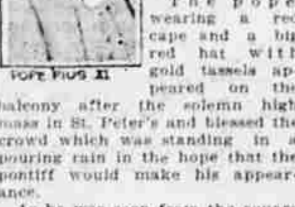

## Sets Style

This lovely New York girl, now appearing in George White's famous "sensational" has plenty of personal life. Not only has she won Broadway's admiration by the cleverness of her acting and dancing, but she has literally "set the style" for Fifth Avenue by the way she dresses her hair. "Girls in my position must do everything to keep their appearance pleasing," says Miss Manners. "But I lead such a busy life that I can only use the simplest methods. I know I have discovered the easiest way of doing my hair. It's so popular now here in New York. It keeps my hair so easily manageable that I can dress it any way I want and it stays in place wonderfully. All I do is put a little Danderine on my brush every time I use it. My hair was dull and wiry before I started using Danderine. Now it's so bright and sparkling and so soft and fluffy that every one compliments me. Danderine soothes my scalp and keeps away all traces of dandruff. It keeps my hair and scalp so clean, I don't need to shampoo half as often as I used to."

fish. Distribution from a senior (three years) high must include two majors and two minors, of which two majors and one minor, or vice versa, must be selected from the same fields. One minor or major must be in English. No credit will be given for penmanship, spelling, physical education, or any subject classified as a student activity.

## POPE APPEARS ON BASILICA BALCONY TO BLESS THROUGH

ROME, Feb. 12. — (AP) — Pope Pius XI today signalled settlement of the historic Roman question between Italy and the Vatican and the seventh anniversary of his coronation as pontiff, by appearing on the balcony outside of the basilica of St. Peter's and blessing a great crowd beneath.

POPE PIUS XI

As he was seen from the square below, the populace cheered him to the echo and then, amid an impressive silence, knelt bareheaded under the downpour of rain, while the pope blessed them.

It was the pope's first blessing from the balcony of St. Peter's since his election to the pontificate on June 2, 1922.

## FISHERMEN ABROGATE PACT

(Continued from Page One.)

plaints being filed, and that the matter of a special prosecutor was discussed. Allen also said that the fish commission had changed from, since the meeting with the governor.

Julius E. Kelly came out flat-footed for an immediate closing of the Rogue to commercial fishing, from mouth to source. He also averred that a poacher was worse than a bootlegger.

N. M. Hogan read a letter signed by the name of "W. L. Davis" alleging that illegal fishing was being conducted in all sections of the lower Rogue, that the catch was loaded in autos, and hauled by night to the packing plant at Bandon, and that one Gold Beach merchant reported that 15,000 in overdues bills had been paid, from the returns of illegal fishing.

The situation at the mouth of the Rogue was described as "deplorable." Letters of similar import have been received by the chambers of commerce of Medford and Grants Pass, and the fishers of the two cities.

To Present Bill. T. E. Daniels of this city and Wilford Allen of Grants Pass were named as representatives in presenting the closing bill before the legislature.

The poaching situation was thoroughly discussed, and it was agreed that prompt action was the chief need.

The matter of dams on Rogue River was briefly discussed and left to committee consideration. T. E. Daniels said that it was hoped to work out a plan, whereby the benefits of both power, game, and fishing would be retained. He said that the California-Oregon Power company had co-operated with the sportsmen.

In his report on the work of the Rogue River committee, Mr. Daniels declared that this phase of fishing questions was more or less in abeyance, until the United States Bureau of Fisheries, evolved a system, whereby fish could be carried over dams to feet in height.

## National Grange Lecturer Here Thurs.

James C. Farmer

## JAS. C. FARMER WILL SPEAK TO GRANGERS HERE

Grangers of southern Oregon will welcome next Thursday, James C. Farmer, national lecturer of the organization and one of the leading farm authorities of the time. He is on a tour of the west and will spend the first of this week at the Oregon State college, conferring with Oregon farm leaders and attend the state lecturers' school before coming here.

In the small hall of the Natatorium, Thursday afternoon at 2 o'clock, Mr. Farmer will address and confer with officers and committees of southern Oregon grangers and all other grangers interested.

The main address of his visit to southern Oregon will be delivered in the auditorium of the senior high school at 5 o'clock, Thursday evening. The meeting is open to members of the Medford Merchants association, the Rotary club, the Kiwanis club, the Lions club, and the chamber of commerce, and Granges. The meeting will be broadcast over the Mail Tribune-Virgin radio station, KMED.

Albert Strauss, master of Pomona Grange, will preside at both meetings. The Pomona Grange has charge of the arrangements. Grangers of Jackson, Josephine and Siskiyou counties will attend the meetings.

Mr. Farmer has a wide reputation as a lecturer and organizer and lives up to his name. He is an actual farmer engaged in the poultry business and lives at South Newbury, New Hampshire. He is thoroughly acquainted with all phases of the farmer's problems, and has a reputation as a pleasing and peppy talker. He will discuss the Grange Debenture plan for farm relief, and matters chiefly concerning the grange, at the afternoon meeting.

At the evening meeting he will discuss the need of closer cooperation between city and country, and the broader scope of Grange activities. In his talks in eastern

## PORTLAND PEOPLE Enjoying Medford's Balmy Climate

Mr. and Mrs. Frank L. Perkins and daughter Darrill, are spending a few days in Medford and are registered at the Hotel Medford.

Mr. Perkins is manager of the Portland branch of the Campbell-Ewald Advertising agency, with offices in the principal cities of the country and they have charge of all advertising for the popular Chevrolet automobiles.

Having visited in Medford several times and being acquainted with the wonderful climate, remembering the claim of sunshine in Medford for 300 days in each year and having been ill for a few weeks, Mr. Perkins decided to get out of the cold weather and snow and Portland and drove to Medford with his family. They are enjoying the balmy weather here. Mr. Perkins is feeling fine and after a few more days will return to Portland, ready for work again.

## WORKER SCALDED

PORTLAND, Ore., Feb. 12.—(AP) — Albert Curtis, 15, was fatally burned by scalding steam, which trapped him in a heat tunnel at Union station today. Nathan Thilly, was seriously injured but managed to fight his way out through a manhole.

## JOE HURD VISITS PARENTS HERE ON WAY EAST COAST

Joubert (Joe) B. Hurd stopped over for a day with his parents, Mr. and Mrs. E. H. Hurd, and sister, Florence Hurd, of this city on his way to New York City, arriving on the Shaasta Sunday and leaving on the Oregonian Monday evening.

His many friends in this city were pleased to learn of his deserved promotion with the Matson Navigation company. Mr. Hurd has been with the Matson line since January, 1924, filling positions in the office and on Matson steamships between San Francisco, Puget Sound points and the Hawaiian Islands.

He was recently promoted to the position of assistant in the New York office of the Matson line, 525 State street. Before leaving for his new duties, he was granted a vacation of two months and made a trip on the Matson liner Ventura to the South Sea Islands and to Sydney, Australia, visiting Melbourne and other points in Australia, returning to San Francisco last Thursday and leaving Saturday evening for New York, following by way of Medford in order to say goodbye to his parents and sister and as many of his Medford friends as possible in so short a trip.

His new position is that of traveling passenger and district agent for the Matson lines out of the New York office, covering the New England, Middle and South Atlantic by his Medford friends, graduated alumnus, Joe Hurd, as he is known from Medford high school with the class of 1918, enlisting in the United States army during the war was the following November at Fairmount college, Wichita, Kas. He entered Stanford university in 1920, and also pursued his course in the officers' training corps, receiving his commission as second lieutenant in the U. S. reserve officers' training corps, when he received his B. S. degree from Leland Stanford in 1923.

## KUBLI WOULD NOT OUST SAM KOZER BY CONSOLIDATION

SALEM, Ore., Feb. 12.—(AP) — Representative Kubli, in two speeches before the joint ways and means committee last night, declared that he has an ulterior motive in introducing his bill for consolidation of the office of state budget commissioner and state purchasing agent. He denied that he was trying to legislate anyone out of a job, and declared his bill was wholly in the interests of state governmental economy.

Governor Patterson, twice replying to Kubli, each time he arose to speak, grasped Kubli by the hand and credited him with sincerity of purpose.

Kubli advised the committee to amend his bill so that, instead of the functions of both departments being under the governor, they would be under the board of control. In any event, he said, the governor has the final say on the budget, and added that the man who makes the budget should not check it. He professed confidence in Governor Patterson, "but," he said, "he is not always going to be a governor, and we could well have a governor who would use this \$5,000,000 annual purchasing power to build up a political machine."

## CHEVROLET AGENT TO ATTEND PORTLAND SALES MEETING

W. W. Allen of the Pierce-Arrow Motor company will leave tomorrow for Portland. While there, he will attend the annual dealers' meeting of the Chevrolet Motor company, which will be presided over by H. H. Grant, vice-president and general sales manager of the company.

The sales plans will be discussed, the officials carrying a special car of scenery and lighting effects to properly demonstrate the new Chevrolet.

An effort is being made to induce Mr. Grant to stop off in Medford on his way to California, and visit with Mr. and Mrs. C. H. Brasley, Mrs. Brasley's cousin of Mr. Grant.
