"THE HOME OF BREAD LIKE MOTHER MADE"

Why We Sell Medford-Made BUTTER

We sell none but Medford-made Butter because every dollar we spend for it stays in Medford.

You hear a lot about "Satisfaction or your money back"—Well, better still—Why not "Satisfaction and your money back"?

That is what you get when you buy butter made by the local creameries—Every dollar stays here—it's either paid for labor—to the dairyman or to some other local industry and of course it's bound to circulate back to the spender—Just as our dollar comes to us for food so your dollar will come back to you thru various channels—and since butter is sold without profit by nearly all stores—just about every cent you spend for out-of-town butter goes out of town at once with a small chance of ever returning.

Buy none but local-made butter—it's always fresher—costs no more—is of better quality—and you are increasing the wealth of the community in which you are bound to share.

Medford butter is never sold except under the name and trade mark of the local creamery—and whether you buy of us or some other grocer—insist upon it.
