Lawrence Hull is out of school this week owing to a fractured knee-cap sustained while horse-back riding Monday.

Always Safe

When your Children Cry for It

Here's relief and comfort for crying, fretful, feverish babies or children that you don't need to argue or command them to take. They love the delicious taste of Fletcher's Castoria. Your doctor will tell you it's absolutely safe, so you can give it as freely and as often as needed to keep your children happy and well. A few drops is all it takes to quiet fretful, feverish, colicky babies; relieve their biliousness, gas on stomach, constipation, etc.; soothe them to sleep in a jiffy. For like disorders in older children, you simply use a little larger dose of the same reliable Fletcher's Castoria. Don't use grown-folks' medicine; with babies or children, specialists say, ninety per cent. of them recommend Fletcher's Castoria; and thirty years of steadily increasing popularity proves they're right. To protect you from imitations, the Fletcher signature is on every bottle of genuine Fletcher's Castoria.

MOTORIST SOUNDS WARNING OF FIRE AT COUNTY FARM.

(By Mary O. Carey)
EDEN PRECINCT, Ore., Feb. 15.—(Special.)—Last Tuesday about noon a motorist passing the county farm saw a small blaze in the roof. He rushed into the house and informed Mrs. Wells that the house was on fire. Quick action on the part of one of the men saved the structure. Had it been half an hour later, Mrs. Wells stated, they would have all been at the noon meal and would not have discovered the fire until it had gained such headway with the brisk wind that it probably would have burned the entire building.

A newcomer from Berkeley inquired Tuesday as to the dense smoke which had settled in the valley and when informed that it came from burning sawdust remarked that it was a pity to obscure such a pretty valley with the smoke.

Mr. and Mrs. Ed Hamlin and Mr. and Mrs. Louise Colver became members of the Talent Grange at the last regular meeting of that order in Talent. Talent is reported to have one of the largest and most enthusiastic bodies of the order in the valley and they have some interesting meetings and enjoyable social gatherings.

Many of the poultry keepers in this part of the valley are selling all of their fine laying flocks of White Leghorn hens owing to the price of eggs going down so early. They give as the reason that feeds are too high in proportion to the price of eggs.
