"THE HOME OF BREAD LIKE MOTHER MADE"

## GOOD BREAD

Mothers have always baked the best bread—of course they have—and ours and everybody's baked the best bread on earth—and when we came home from school and asked for bread and jam—oh boy! that bread with its finely flavored crust was the finest food in the world and it stands out in our memories as the most delicious thing we ever tasted.

Childish appetite, you will say—Perhaps you are right but let's be sure—Suppose we get some of the same kind of bread—prepare it the same way and see if we'll relish it just as much as ever.

Come in tomorrow and buy your Sunday supply—you will find it so near the same—of course it could never be quite so good as mother's—but it's so good that you will relish it as of old—and will have the satisfaction of knowing that childhood's appetite is not a memory—but is still with you when you have the same food.

## BREAD

So near like the bread mother made that you will reach for more.
