

CALL SHERIFF TO CAPTURE MAD DOG PHOENIX MONDAY

(By Mary O. Carey.)
EDEN PRECINCT, Ore., Feb. 22. (Special.)—Last Monday people along the highway in the vicinity of Phoenix were subjected to great danger from the appearance in their yards of a large dog which was suffering from rabies. The creature was a near skelton and would bite at itself and fall in fits. The sheriff was summoned from the home of James Allen and the animal was taken to Medford.

People over in East Eden think they will have to reseed their winter-sown barley, as it is so badly frozen out it will not be a profitable stand.

Dean Stacy recently bought a new radio and has enjoyed good reception, not bothered by static.

The ladies of the Missionary society of Phoenix held a very enjoyable session at the parlors of the new church last Thursday.

Mr. and Mrs. Harry Barneburg of Medford were visiting Mr. Barneburg's parents, Mr. and Mrs. S. P. Barneburg, last Sunday.

Red Furry of Phoenix was out looking after a few cattle in the vicinity of Talent last Wednesday.

Ed Hamlin is sowing his grain on the Furry place this week and will not have any of the land in rotation this season.

C. Carey is now sowing his big hotheds and will have thousands of tomato and cabbage plants, as usual.

Mr. and Mrs. Berkeimer of Talent were in Medford last Sunday, attending church and visiting with friends.

Miss Irene Standley bought a new Ford sport roadster from Claycomb Motors company at Ashland last week. Bob Furry of Phoenix negotiated the sale and is helping her learn to drive. Miss Standley took to driving like a duck takes to water and is enjoying the new car.

Mr. and Mrs. S. P. Barneburg were dinner guests of Mr. and Mrs. H. G. Shears of East Main street in Medford last Sunday.

Mr. and Mrs. B. A. Daugherty and Mrs. C. Carey were at the Ed Hamlin home last Tuesday evening to hear Miss Norris' new play, "The Chuekle". There was interference of some kind which made reception poor, but we enjoyed what we could hear of the play.

Mr. and Mrs. G. A. Parker of Phoenix were Medford business visitors last Wednesday.

Mrs. James Dopp of Phoenix came out Wednesday to look after a cow which someone had phoned to the Humane society was not being watered and fed. Mrs. Dopp found that the report was untrue, however.

We are very sorry to learn that Ray Yost has been in a serious condition at the hospital in Medford, from abscesses on the lungs.

Frank Denzer and wife have moved from the Taylor house to her parents' home west of Phoenix, temporarily. Mrs. Denzer is still teaching at Wagner Creek school.

Mrs. Ed Hamlin was made a present of a beautiful parrot which talks very plainly and is an intelligent bird.

Nash Chandler and wife and Irene were guests of Mr. and Mrs. John Mast to hear "The Chuekle" last Tuesday evening, and they enjoyed the play.

Mr. Nelson has been clearing about 35 acres of fall plowing for the Barneburgs, and they will sow wheat on the land now.

Mrs. Wilbur Jones was a caller at the home of Mr. and Mrs. Lloyd Colver last Sunday. Mrs. Jones drove over from Klamath Falls and back the same day, but reported the road not in the best of shape.

Bob Furry has quite the work of selling cars for the Claycomb Motor company at Ashland, and will again engage in the cattle business with his father, Fred Furry of Phoenix. They will range on their Lost Prairie ranch as heretofore, with some government leased range.

Jimmy Moreton of Phoenix, one of the oldest pioneer merchants of this valley, is in a serious condition, owing to a stroke and old age complications. He is at his daughter's, where he makes his home.

Mrs. A. H. Fisher of Phoenix has been quite ill for a week or more, but is somewhat improved at this writing.

HERMIT NATION WILL BE THEME IN LECTURE AT PHOENIX CHURCH

"Korea, the Hermit Nation," will be the theme of a scriptural lecture and address at the Phoenix Presbyterian church Sunday night, February 23, at seven o'clock.

The speaker for the occasion was born in that country, of missionary parents, and spent the first 12 years of his life in the city of Taiku, North Kyung San province. He will tell why Korea has been called "the football of Asia" and show pictures of the phenomenal reformation achieved there by Christianity during 40 years of the preaching of the gospel. Rev. Woodbridge O. Johnson, Jr., now

INDIAN CEMETERY HOLDS SECRET OF ANCIENT PEOPLES

The Indian skeletons and relics unearthed at the Little rafter at Gold Hill last week are of high historical worth and probably date back for hundreds of years, in the opinion of H. W. Young, local archaeologist, who visited the ranch yesterday afternoon, accompanied by Mr. and Mrs. A. W. Shepard of this city.

The mound is at least 150 years old and antedates the arrival of white men in this section by a century, and possibly the Indians found by the whites here on their arrival. The burial grounds, which have been attracting so much attention the past week, are in the form of a mound, approximately 300 feet long and 150 feet wide in the neighborhood of a dozen skeletons have been unearthed and any number of old obsidian knives, soapstone pipes, arrowheads, and shovels.

The mound is similar to those found in the Mississippi valley, both in construction and contents. It is located near the west bank of the river and has been the object of so many visitors that the owner of the property has posted "no trespassing" signs to keep all visitors off. Local residents planning to visit the ground are discouraged from making the trip, as admittance to the property will be refused.

A portion of the mound has been leveled in preparation for sowing alfalfa on the soil, said to be exceptionally rich, and it is expected as further leveling of the mound takes place, more relics and skeletons will be revealed. The burial ground is believed by Mr. Young to be the oldest ever unearthed in Oregon, and has more value for what it is than for farming purposes.

Dr. Samuel Moffet, the last pastor of the Phoenix church, extends a cordial invitation to all to hear him.

Dr. Samuel Moffet, the last speaker on Korea in the Phoenix church, was well received several years ago. He is connected with the community through marriage, being the uncle of Messrs. Theodore, Raymond and Fletcher Fish, and is an admired missionary friend of the present pastor. His work as a Christian educator will be touched upon in the address.

LIFE RUINED BY NEGLECT

Kellogg's ALL-BRAN—a Simple Remedy for a Widespread Evil!

Many a man has suddenly realized that he was losing out—all because he neglected constipation too long. This evil scourge starts with such little things. A headache. A listless morning. A cloudy complexion.

But all the while it saps strength, kills initiative, steals ambition. And it allowed to continue to poison the system, it may bring on serious disease. Women know it as the deadly enemy of youth and beauty. Men, as ability's cruellest foe.

Don't let it ever prey on you. Guard against it. You can—with a delicious cereal, Kellogg's ALL-BRAN is guaranteed to prevent constipation—to promptly relieve it. Just eat two tablespoonfuls daily—chronic cases, with every meal.

ALL-BRAN is 100% bran. Doctors recommend it. Serve with milk or cream. Use in cooking—muffins, breads, etc. Delicious recipe on package. Grocers sell it. Restaurants, hotels, dining cars serve it. Made by Kellogg in Battle Creek.

The Most Valuable Pur in the World

Never before in your lifetime an opportunity like this.

This rare animal breeds three times a year, having an average of three per litter. Pelt bring from \$100 to \$385 each.

An investment in this business holds the possibility of large returns. Free literature mailed on request.
