

DICKY SLEIGHT IS CHAMPION JUNIOR COFFEE SALESMAN

All hail Dicky Sleight, the champion Junior Salesman of Medford and Southern Oregon.

In a driving finish, Dicky won the big \$25 cash prize awarded the winner in the Golden West Coffee selling campaign, which has raged with increasing vigor for the past ten days.

Dicky sold 344 pounds of coffee earning \$22.29 in commissions and \$2 for two days' leadership, giving him a grand total of \$24.29 for his campaign earnings.

And Walker of Gold Hill kept up his good work and finished second to Dicky.

Bill sold 249 pounds of coffee, earning \$17.47. In commission money, and with \$2 for two days' gold stars, will have a total cash in his envelope of \$21.47 which includes the \$20 cash, second prize.

Third prize of \$15 was annexed by Lou Dodson, who also won the final days' gold star and the extra dollar. Lou sold 246 pounds of coffee, earning \$17.39 in commissions, with a total campaign cash amounting to \$24.39.

Jessie Offord in addition to taking the \$10 cash for fourth place winner, and \$2 earned gold star awards, was in the estimation of the judges the hardest worker among the girls and thereby wins an extra \$2.50. All this added to commissions of \$12.25 gives Jessie \$27.75 for her valiant efforts.

Woodrow Heltz winner of fifth prize of \$5, was also voted the hardest worker among the boys and so adds \$2.50 to his prize money plus \$2 gold star awards and commissions of \$12.25 on 246 pounds of Golden West for a total of \$27.50.

To little Dorothy Tedrick goes the sixth prize of \$5 cash. Dorothy sold 236 pounds of coffee, earning commissions of \$11.80 for a total of \$16.80. Seventh prize, also \$5, is awarded Albert Karsdorp. Albert also has one gold star award of \$1 and these added to his commissions of \$5.50 on 110 pounds of coffee, gives him a pay check of \$11.50. Myron Fleser with 101 pounds of coffee and Rachel Fry with 99 pounds were so close to placing in the contest that the judges voted last night to award each an extra \$2.50, so with this extra honor, Myron Fleser will collect Monday at the party, \$7.55 and Rachel \$7.45.

The contest itself was a tremendous success. 217 southern Oregon boys and girls entered the fun with 173 turning in one or more orders. During the ten days of the contest a total of 4,122 pounds of Golden West coffee were sold, for an average of more than 25 pounds per salesman. This represents a high mark according to the Golden West people that may take some time to beat elsewhere.

Grocers all over Jackson and Josephine counties are told in their praise of the clean way the contestants turned in their orders and express the opinion that the lessons in salesmanship will prove invaluable in future life, for those who took an active part.

Pay Day will be at 4:30 Monday afternoon after school at a big treat party. All contestants and their parents who wish to take in the big windup affair, are to be at contest headquarters at 4:30 sharp.

C. T. Baker, secretary of the Medford Chamber of Commerce, was the main speaker of the evening at the Central Point Chamber of Commerce meeting held in that city Friday evening in conjunction with a box social to raise funds to clean off the city's vacant lots.

An interesting program was given, and included an old fiddler's contest, won by Charles Pankey, with G. Farley and James Watkins in second and third places.

Mr. Baker spoke on the benefits of chamber work, outlining ten major points to his interested listeners who crowded the Central Point high school auditorium. He brought the sister city organization greetings of the local body and told his listeners of co-operation Medford's extends in any proper undertaking. Lloyd Williamson of this city was another speaker. He complimented the organization of the chamber and spoke on the advantages of southern Oregon as a whole.

Miss Marjorie Clay, stenographer for Attorney Charles R. Brown, was ill at her home with a severe cold last week.

J. A. Clark, Pacific coast sales promotion manager for the Westinghouse electric range left last night for San Francisco after a short business visit in this city.

Movies of the new Wright snow plow in action on the Crater Lake highway were received here yesterday by the advertising department of Copco. These novel pictures which were taken a few days ago by H. L. Eromley, Copco advertising manager, show the big plow clearing the road in over three feet of snow above Union Creek, a task which some declared to be impossible. To see the manner in which this new invention through the snow leaves little doubt as to the efficiency of the equipment. The film will be given wide showing by the Copco news reel.

Watkins Products. I am the duly authorized salesman and agent of the Watkins Products in Jackson county. Roy I. Gantfield, Phone 780-W, Medford, Star Route. 323

HOME ACADEMY STUDIES PREPARATION OF FOOD HOME 95 - The chefs of Italy have accomplished a rare feat. They got ahead of Mussolini by a good 24 hours.

Just a day before he proclaimed the organization of the new Italian Academy, with Senator Tritton as its president, they got together and instituted the National Gastronomic Academy. It will have its headquarters here in Rome and, according to its statutes, will work for the cultural and artistic elevation of gastronomy, which seems to be orientated toward a phase of apparent decadence.

The skeleton of primitive Arkansas man was recently found, the bones being considerably larger than those of a 5-foot man.

OREGON DEAN TO GIVE RECITAL AT CATHOLIC EDIFICE FOR THIS VALLEY

With the arrival of the late Reuter pipe organ to be installed the first of the week in the new Catholic church now nearing completion on South Oakdale, plans were announced yesterday for a pipe organ concert open to the public, to be held in the edifice on Palm Sunday evening.

John Stark Evans, associate dean of music at the University of Oregon, will be the artist for the occasion. The organ, which is a two-manual instrument, will be installed by factors representative and experts from Lawrence, Kan.

The beautiful art glass windows for the new church have also arrived and will be placed within the next week or 10 days, as will the oak pews which are expected to arrive during the week.

The first public service at the new church will be held Easter Sunday, when one of the famous Easter masses will be sung.

BABY CLINIC HELD AT CAMP WITHUS

Records were taken of, and seventeen babies examined by Dr. Bolton and Miss Glover at the free baby clinic held at Camp Withus on Wednesday, February twentieth. The mothers represented for the most part, the community around the camp, just outside the city limits.

It was a friendly conversation of clinic. Nearly all of the mothers were young, serious minded and eager to know the right way in which to bring up their infants. They compared babies and exchanged ideas. The records received, showed intelligent effort regarding care, feeding and sleeping hours of the babies.

The County health department is grateful to Mrs. and Mrs. Howard for offering one of their clinics. Camp Withus makes a good location for that particular community, as it is centrally located and well known.

Mrs. Schwegel and Mrs. Ellsworth Schuler assisted. Miss Glover plans to have another baby conference four weeks from this time, at the same place.

BAKER SPEAKS AT CENTRAL PT. MEET

C. T. Baker, secretary of the Medford Chamber of Commerce, was the main speaker of the evening at the Central Point Chamber of Commerce meeting held in that city Friday evening in conjunction with a box social to raise funds to clean off the city's vacant lots.

An interesting program was given, and included an old fiddler's contest, won by Charles Pankey, with G. Farley and James Watkins in second and third places.

Mr. Baker spoke on the benefits of chamber work, outlining ten major points to his interested listeners who crowded the Central Point high school auditorium. LEGION PLANS TO HOLD MINSTRELS

A snappy meeting of Medford Post No. 15 of the American Legion is scheduled for tomorrow night at the Armory. A number of matters of interest to local Legionnaires will be discussed and plans outlined for the Legion minstrel which is to be produced here shortly. Rehearsals are being held regularly and all indications point to one of the best "house productions" ever staged here.

Following the meeting the Legion boys will enjoy a "feed" put on by the members of the "Ladies Auxiliaries."

Attendance Record. LINCOLN, Neb. (P) - The University of Nebraska football team hung up a new attendance record in 1928 for Cornhusker gridiron attractions, playing to 144,476 paid admissions.

BEAN PRODUCTION ACREAGE SOUGHT FOR THIS VALLEY

With the discovery that the climate of the Rogue River valley is favorable to the cultivation and ripening of garden beans, to be used for seed purposes, the opportunity is now open to those farmers in the district having unproductive land, or land which is not returning an income to realize on their property, through the assistance of a marker for their produce.

A coast-wide organization has offered to take the entire output of beans, up to as high as 1,000 acres, which will enable the farmer to produce a revenue as high as \$100.00 per acre, with a large production. This organization will furnish to the grower the necessary planting stock, to be returned out of the first year's crop, and will agree to take his entire production.

This plan, it is hoped, will bring in many growers who have land suitable for this purpose, who will be assured of a constant market for their product. The seed beans must be ripened and harvested, then threshed, and will then be purchased by the above named organization.

The company in question is anxious to sign in as much acreage as possible on this plan, and any growers who might be interested in the proposition are asked to get in touch with the Medford Chamber of Commerce, at the earliest possible time.

Obituary. LOWE - Newton Ross Lowe passed away at the Community Hospital February 23 from complications following influenza, aged 59 years, six months and 14 days. Mr. Lowe was born in Monroe county, Ohio, where he spent the early part of his life. In 1898 he came west and settled in Idaho, and for the past twelve years he has lived in Oregon, residing in Central Point. He leaves one brother and six sisters, Mr. Frank Lowe of McMinnville, Ore., Jane Travis of Newark, Ohio, Lizzie Swan of Newark, Ohio, Hannah Moore of Bethesda, Ohio, Ida Barrett of Newark, Ohio, A. P. Fitzsimmons of Newark, Ohio, Sarah McClain of Newark, Ohio. The funeral services will be held at the Perl Funeral Home, Tuesday morning at 10 a. m., Rev. W. H. Baton officiating, interment in Medford cemetery.

OBITUARY - The funeral services for Peter R. Oard were held at the Perl Funeral Home, Saturday at 2:30 p. m., Rev. Carmen Melk officiating. The pall bearers were Len Clement, Louis Larsen, Ken Lunkall, Ed Herriott, Harry Lewis, and Lou Baker. The floral offerings were beautiful. Interment in Medford cemetery.

RABIES VICTIMS FIND RELIEF THROUGH RAYS. PARIS (AP) - A cure for ultraviolet rays in alleviating rabies has been announced to the French Academy of Science by Dr. Ludovic Marie, Chief, Pathology and Bacteriology.

They said that in their experiments ultraviolet light applied from a source 15 inches distant from the rabies infection, neutralized the power of the virus.

DAILY METEOROLOGICAL REPORT. Sunday, February 24, 1929. Forecasts. Medford and vicinity: Sunday, probably rain. Moderate temperature. Oregon: Sunday unsettled in case, probably rain in west portion. Moderate temperature.

Local Data. Medford, Ore. Temperature (deg.) 56 47 Highest (last 12 hrs.) 45 49 Lowest (last 12 hrs.) 34 68 Rel. Humidity (per.) 92 66 Precipitation (inches) .07 7 State of weather: Cloudy Mist Total precipitation since September 1, 1928, 8.15 inches. Sunrise today, 6:54 a. m. Sunset today, 5:55 p. m. Sunrise Monday, 6:53 a. m. L. W. DICK, Meteorologist.

Notice. My Rogue River property, is taken off the market. MRS. A. K. EARBHART.

NEW Speed-Invention for Ironing, that's Portable. That Heats in 4 Minutes—that's as Fast as an Ordinary Electric Iron. WOMEN—here is a sensational new invention for ironing. Small, compact—easy to carry around—slips into a kitchen drawer or closet when not in use. Yet it does all that the big costly machines will do. It operates from the wringer shaft of your Thor Washing Machine—faster than anything you've seen before. It irons the loads of flat work, that make up some 90% of the family ironing, in less than one-third the time required by hand.

Costs you only \$52.50 \$7.50 Down \$1.00 a Week. Don't iron by hand another day. At this amazing low price—you can't afford to be without the greatest of all women's labor-savers in the home.

Ask us for a free demonstration of the THOR ROTARY IRON. People's Electric Store 212-214 W. Main—Phone 12
