

RADIO PRESS ASS'N ASKS FOR TWENTY BROADCAST PATHS

WASHINGTON, Feb. 25.—(AP)—The National Radio Press Association, Inc., with headquarters at New York, today applied for the 20 channels set aside by the radio commission for the use of the press. The association said it wanted to organize a press service for use of radio broadcasting stations. The application was accompanied by a request for construction permits for stations at or near New York, Washington, Boston, Chicago, Cleveland, Columbus (Ohio), Cincinnati, Denver, Kansas City, St. Louis, New Orleans, Atlanta, Salt Lake City, San Francisco, Los Angeles, Seattle, Philadelphia, Dallas and Minneapolis. The application asked for permission to issue a minimum of 5000 watts and a maximum of 50,000 watts. Attorneys for the organization said the association was composed of a number of radio broadcasters who had agreed to underwrite the proposition for one million dollars. The application said that the organization was an outgrowth of a refusal by Cleveland papers to give news to radio stations.

FOCH IS FIGHTING LAST BATTLE FOR HEALTH RECOVERY

PARIS, Feb. 25.—(AP)—The Associated Press was informed authoritatively today that the condition of Marshal Ferdinand Foch is considered hopeless and that his death appears only a question of days—one week or ten days at the most. The marshal, in a grief-stricken tone and with tears in his eyes, reluctantly admitted that the 77-year-old generalissimo of the allied armies, who has been struggling against a complication of diseases for the past month, probably has fought his last fight. The marshal's temperature rose to 101.5 at noon today and his weakness is becoming alarming, each pulmonary attack bringing the famous soldier lower and lower. In addition to combating uremia, the marshal's physicians must fight sclerosis of the heart. "Can the marshal be saved?" the informant was asked. "I fear not. We must not forget that the soldier is nearing 78." Officially he had not been abandoned for the famous soldier and at least one of his doctors is still optimistic that the marshal may pull through, but in other authoritative quarters this optimism is feared unwarranted.

FILM ACTRESS TO TAKE TREATMENT FOR DRUG HABIT

LOS ANGELES, Feb. 25.—(AP)—Alma Rubens, film star, was committed to the city psychopathic hospital at an early hour this morning by Superior Judge N. P. McComb. In the actress' latest effort to combat the narcotic habit, it was learned today from court records. Judge McComb's order was clothed in secrecy and it did not become known until late this morning that Miss Rubens had been removed from a downtown hospital to the mental ward. She first was confined in a hospital following a disclosure that she was addicted to the use of drugs. Yesterday relatives said that she had been critically ill but that she was making a successful fight to stave off the habit. "I cannot discuss the matter," Judge McComb told newspapermen. "It is a most unfortunate circumstance and my full sympathy goes out to this girl. My only regret is that it is known at all."

START HEARINGS ON FARM RELIEF BEFORE SESSION

WASHINGTON, Feb. 25.—(AP)—Farm relief hearings before the house agriculture committee will be begun about three weeks before the convening of the special session of congress in April under plans made public today by Chairman Hugen of the committee. The committee is to meet Friday to finally determine on the course of procedure. Chairman Hugen said that while all phases of the farmers' problems would be heard it was the desire of the committee to have a few witnesses to represent each group. Hearings probably would consume two weeks and the third week, he said, would be devoted to drafting the proposed farm relief legislation.

BRUTAL FATHER SLAIN BY SON

CHICAGO, Feb. 25.—(AP)—Philip N. Coletti spanked his 12-year-old son, Charles, last night, beat him, choked him and then started after him with a knife. The boy shot him dead. Charles was held by juvenile authorities today, but the stories of his mother and an older brother who witnessed the shooting led police to believe it was in self-defense. The witnesses said the father, who had been drinking, punished Charles for coming home late, and that the boy ran to his father's room, snatched up a revolver, and fired four shots after Nicoletti, Sr., had raised a knife against him.

DOGS HAVE DAY IN LEGISLATIVE GRIST

SALEM, Ore., Feb. 25.—(AP)—Dogs and dog bills caused considerable discussion in the lower house Monday afternoon and after 45 minutes discussion two dog bills were passed and one was sent back to committee. H. B. 542 which provides for the organization of dog control districts and the appointment of three supervisors in such districts, and H. B. 544 which increases licenses for male dogs from \$1 to \$2 and for female dogs from \$2 to \$3, were fairly harmless and slid through without question. The house was split, however, on H. B. 543 which would make any unlicensed dog or any dog which "chases kills, or molests livestock a public nuisance." Several attempts were made in committee of the whole to amend the bill to protect the dog who merely "chases" livestock. The bill was finally referred back to the committee on agriculture.

KELLEY INDICTED FOR CAR STEALING

PORTLAND, Ore., Feb. 25.—(AP)—Charged with the murder of William L. Ward, white, Perry John, Klamath Indian, was indicted by the federal grand jury here late yesterday and ordered held for trial on a first degree murder charge. A grand jury heard testimony indicating that John had killed Ward with a knife at Chiloquin on February 7, last. The killing was preceded by a drunken brawl in which Ward, John and an Indian woman figured. During the brawl John is alleged to have slashed and stabbed the white man. H. L. Keller was indicted, charged with transportation of a stolen automobile from Seattle to Medford. A not true bill was returned for Donald R. Grantham, charged with transportation of Gladys M. Van Buskirk on January 29 from Rodeo, Cal., to Medford.

17 GANGSTERS ARE SOUGHT

(Continued from Page One.) The men were dressed as policemen and wore stars. The star, No. 65, was found to have been lent to D. Alzell, connected with the cleaning and dyeing business. Moran, Capone, Al Wolshank and the two Greenberg brothers—the last three being victims in the gang murder—all had connections with the same trade. Alzell was to be questioned today. Although a quiet search has been on for several days for most of the 17 men named in Stego's list, the general order issued today means that the entire department will join the search, and that the nation will be circled in an effort to bring about the arrests.

HEAVY RAINS HIT OHIO TERRITORY

COLUMBUS, Ohio, Feb. 25.—(AP)—Heavy rains and rising temperatures that melted ice and snow sent streams and rivers on a rampage throughout most of Ohio today. Highest waters were reported in the southwestern part of the state, particularly at Springfield, where the business district and a section of the residential area were under water. Several hundred homes along Buck creek were isolated and for a time water stood three feet deep in some of the business streets.

BLAUG SENTENCED

COLUMBUS, Wash., Feb. 25.—(AP)—R. E. Blaug, cashier of the Colfax State Bank, was sentenced today to serve three to fifteen years in the state penitentiary after he pleaded guilty to the theft of approximately \$23,000 in bonds from depositors.

MODERNIZATION

NAZARETH, Pa., Feb. 25.—(AP)—Modernization, ushered in with a blaze of electricity, has reached the sacred town of Nazareth. A foreign firm will install electric lights replacing the oil lamps in use since Biblical times.

LONDON

LONDON, Feb. 25.—(AP)—George Bernard Shaw has written a new play, "The Apple Cart." Shaw describes the work as "an ultra-modern play as unlike Saint Joan as anything could be."

CAVES BILL NOW UP TO PRESIDENT

WASHINGTON, Feb. 25.—(AP)—Congressional action was completed today upon the senate bill to authorize \$35,000 for improvements of the Oregon Caves in the Siskiyou national forest, Oregon, when the house agreed to a conference report conciliating differences of the two houses over amendments. The bill now goes to the president.

PARIS

PARIS, Feb. 25.—(AP)—Three centuries' accumulation of "diphenyl" documents laid down in a quarter mile of shelves in the French ministry of foreign affairs. Three librarians patrol these shelves daily adding new material.

MANN'S - THE BEST GOODS FOR THE PRICE, NO MATTER WHAT THE PRICE - MANN'S
