

GALICE GOLD HAS FLIGHT TO 'FRISCO BUSINESS WOMEN MANY VIEWERS IN AT RECORD SPEED TO MEET IN PASS PORTLAND WINDOW MADE YESTERDAY TOMORROW NIGHT

"K. Dean Butler came to Portland yesterday with a bar of pure gold, a piece of sponge gold, and 60 pounds of gold-bearing rock in his suitcase," says the Oregonian. "The lot contained approximately \$13,000 of the precious metal. Mr. Butler said, and it was all placed on display in Zell Bros. jewelry display window, Washington and Park streets, where it attracted much attention.

"The bar contains 29.75 troy ounces of gold, valued at \$4475.25 and \$8.11 worth of silver, making the total value of the lot \$5583.46. The piece of sponge gold is about the size of a small sugar bowl and is valued at \$1596. The miscellaneous pieces of rock, weighing 60 pounds, are estimated to contain \$6000 worth of values.

"The gold was taken from the famous Robertson gold mine, 12 miles west of Galice, Ore., a trading post located on the Rogue river about 30 miles west of Grants Pass. Mr. Butler, who is president and general manager of the Robertson Gold Mine, Inc., headed a syndicate which purchased the mine from his five sons and daughter last fall.

"Butler's company has put 38 men to work at the mine to explore various veins. Work will be started within a few weeks on a road to the mine so heavy machinery may be taken to the scene next summer."

A journey, which in the "good old days" of southern Oregon took easily from ten days to two weeks before the advent of the railroad when stage coaches were in their heyday, was made yesterday morning in two hours and ten minutes when Harry Crandall, crack Pacific Air Transport flyer, made a record run from Medford to San Francisco, helped along by favorable winds.

By railroad or highway the distance to the Golden Gate city is approximately 121 miles, but by air line is said to be in the neighborhood of 345 miles, 90 miles being saved by planes going in a straight line. Taking the distance into consideration, Pilot Crandall averaged over 160 m. per hour, 55 miles more per hour than the cruising speed guaranteed for the ship, a Boeing, he was flying.

Records nearly as good have been made before with one made by Ralph Virden, and another by Pat Patterson, killed here in a crash.

Flu-Grip Checked at the start

RUB your chest with Vicks before your little cold gets BIG. Vicks acts two ways at once to check the cold and prevent complications: (1) It is vaporized by the heat of the body and inhaled for hours direct to the inflamed air-passages; (2) It acts through the skin like an old-fashioned poultice, "drawing out" the tightness and pain.

FLEEING DEER ON SALADE RANCH IS VICTIM OF FENCE

Frightened and away from its familiar mountain surroundings, a large doe deer yesterday wandered from the Willow Springs section yesterday into the orchard property of L. A. Salade, Jr., at Seven Oaks along the Pacific highway, two miles from Central Point, and lost its life when, running at high speed, it crashed into a fence, hidden from sight by a growth of greenery.

The impact broke the animal's neck. Arrangements were made this forenoon to dispose of the carcass through authority of Deputy Game Warden Roy Parr.

Deer are said to have made repeated appearances in the Willow Springs section, but this is the first one reported along the Pacific highway and the first on record to have lost its life in such a strange manner. Coyotes are also reported to be plentiful in that section and residents say during winter months the weird, plaintive howls of the coyotes can be easily heard.

What sheep were grazed in that district flock were often preyed upon by the varmints.

HANDICAP MATCHES AT RIFLE CLUB MEETING

At the weekly meeting of the Medford National Rifle club, that fast growing new organization, at the armory this evening beginning at 7:30 o'clock, a variation from the usual program of practice will be introduced with the first of a series of handicap matches.

The executive officer, Sterling Richmond, has not announced the exact method of handicapping, but states that it will be based upon the records already made by the various members.

However, he was of the opinion that the plan to be tried out tonight probably would have to be modified later, but that it is a step in the right direction.

Regardless of the amount of practice in which the shooters may indulge, there will always be some difference in the degree of individual skill, and the handicap plan is for the purpose of placing all shooters on a more nearly equal footing than otherwise would be possible in matches.

The membership has been increasing steadily and a large attendance is expected this evening.

FLYING PUBLISHER LANDS EAST AFRICA

TAHOBA, Tanganyika, East Africa, Feb. 27.—(AP)—Vall-Laur Black, Baltimore publisher, was here today after flight yesterday from Mongalla, eastern Sudan. When he landed he had only enough gasoline for ten minutes further flying.

At Mongalla 21 murderers—native convicts from a local prison—loaded the baggage onto the plane prior to his departure.

Rollicking Comedy Rialto Tomorrow

"All at Sea," the new Karl Dane-George K. Arthur co-starring vehicle which comes to the Rialto tomorrow, is a rollicking comedy. It maintains sustained laughter for more than an hour; has a romance and a whiz of a thrill for a finish. The climax occurs when an aerial explosion, injecting riot, panic and fire into the tale.

This comedy is a season of fair, though it all takes place, not on the ocean, but in a naval training station. Dane and Arthur don the navy blue and proceed to declare a war of their own—with complications on each other.

Their feud is heightened when they fell in love with the same girl, Josephine Dunn, a good-looking young leading lady who plays the girl in a lively and romantic manner.

Root Arrives Italy. GENOVA, Italy, Feb. 27.—(AP)—Ebbu Root, noted American jurist who will serve on a special committee of experts for revision of the statutes of the world court, arrived here today.

TO PACK POTATOES LIKE PEARS, PLAN OF COMBINATION

H. W. Hamlin, Medford representative for E. W. J. Hearty, Inc., large haulers of fruit and produce, has announced an interesting connection his firm has made with the Idaho Packing Corporation of Pocatello, Idaho and Murphy, Hartner & Israel, Inc., of Kansas City. This new combined organization, with numerous packing and distributing facilities, will offer a distinct innovation in the packing of potatoes. Idaho Russet potatoes will be packed in boxes, cartons and bags of 25, 50 and 100 pounds. The Kansas City concern supervising the distribution as far east as Pittsburgh and E. W. J. Hearty, Inc., handling the territory west of Pittsburgh. Rating potatoes are being packed in boxes sizes 20, 40, 70, 80 and 100 to the box with selected stock in 15 pound cartons, also bags.

E. W. J. Hearty is president of the new organization with E. K. Harper, of Murphy-Hartner & Israel as vice-president and general manager. 250 carloads of packed potatoes have already been sold in the east, according to Mr. Hamlin who recently returned from a conference with E. W. J. Hearty, Inc., officials in New York.

LAKE CREEK GRANGERS SCHEDULE INTERESTING MEETING ON THURSDAY

LAKE CREEK, Ore., Feb. 27.—(Special)—The regular business meeting of Lake Creek Grange will be held on Thursday evening, February 28. During the evening hour, R. G. Fowler, county agent, will give a talk on club work. Mr. Fowler will also bring a projector and films, so that movies may be enjoyed by all.

"Wolland Farm" is the film ordered by our county agent through the extension division of Oregon State college. This picture is not only instructive but amusing as well, so it is hoped that those interested in club work and many others as well will attend. Should it be impossible to secure "Wolland Farm" another film will be substituted.

Plans are made for other interesting talks and discussions on club work during the evening. All interested are cordially invited to meet with us.

The Grange dance given in the Lake Creek hall February 23 was a most successful one, with a large crowd attending. As this was a benefit dance for the Eagle Point Grange, all feel grateful that the attendance was large enough to enable us to give those brothers a little financial aid.

Members of the Lake Creek Grange extend their most sincere sympathy to those of the Eagle Point Grange in the recent loss of their hall, and stand ready to render any assistance possible. We understand that many liberal donations have already been made so feel sure that a nice, new hall will soon be constructed.

Eagle Point Grangers have been very generous in helping Lake Creek in its organization and also in its routine work. We know these to be workers who are not easily discouraged.

'Abie's Irish Rose' Hunt's Craterian

Anne Nichols' "Abie's Irish Rose," great and poignant story, is now playing at Hunt's Craterian, scoring a tremendous success. It teaches that love can conquer all racial misunderstanding, and that bigotry and the jealousy of creeds is wrong.

The story has been well told, and the plot runs along as smoothly as the proverbial brook.

Jean Herschell's performance is that of a master. Once again his actor seemed in a role that he makes outstanding, that of Solomon Levy, the Jewish father who objects to his son's marriage to an Irish girl, Rosemary Murphy, Charles Rogers, whose splendid work in "Wings," excels as Abie and Nancy Carroll shows herself to be typically Irish as Rosemary. J. Farrell McDonald is the father of the girl, Patrick Murphy.

"WORTH WEIGHT IN GOLD"

Verdict of Woman Who Tried Pinkham's Compound

Tully, N. Y.—It hurt me to walk or sit down without help and I felt sick and weak. My mother-in-law took Lydia E. Pinkham's Vegetable Compound and she induced me to take it. I am now on the fourth bottle and have also used Lydia E. Pinkham's Sanative Wash. The medicines that will do for me what the Vegetable Compound and Sanative Wash have done are certainly worth their weight in gold. I think I have given them a fair trial and I expect to take two more bottles of the Vegetable Compound.—Mrs. CHARLES MORGAN, R. F. D. 1, Tully, N. Y.
