

OLYMPIC CLUB TAKES HONORS FOR AMATEURS

Three of Eight Bouts Won By San Franciscans in Ring Tourney—Y. M. I. Second High—M. A. C. Man Only Oregon Victor.

PORTLAND, Ore., Feb. 27.—(AP) A capacity crowd witnessed the semi-finals and championship rounds of the Pacific coast amateur tournament at the armory here last night. The fanfare of the gloves sounded beyond the midnight hour before the final bout was reached. Many of the semi-finals and a few of the final contests required an extra round for a decision.

The Olympic club of San Francisco carried off high honors by taking three of the eight bouts. Young Men's Institute of San Francisco can second with two, while the Los Angeles Athletic club, the University of Washington and the Hollywood Athletic club each took one bout. The final bouts resulted as follows:

CHANGES IN GAME ASTONISH CORBETT

MIAMI BEACH, Fla., Feb. 27.—(AP)—An elderly gentleman in horn-rimmed glasses, his thinning hair parted in the middle, will never forget at the Mickey-Stribling fight proceedings tonight from a seat in the press row. Between turns at a typewriter he may be pardoned a bit for dreaming of the past.

He is James J. Corbett, "gentleman Jim," one-time champion of the world and now at 62, amputating in some amputation this extravaganza and comparing it with the night some thirty-five years ago when he fought and knocked out Charley Mitchell, the champion of England, in a title match at Jacksonville. That bout, incidentally, was the last big heavy-weight match in Florida.

"The contrast and the growth of boxing is all the more astonishing to me when I recall that Mitchell and I fought for a purse of \$20,000, winner take all, whereas one of the principals in this fight gets \$10,000 win, loss or draw," said Corbett.

"Married Life" Not Worth While

Blames Wives' "Nerves"

"Weak nerves," said a New York doctor recently, "in my estimation wreck more happily married lives than any other cause."

Besides making the sweetest disposition sour and irritable, nervousness is a terrible drain on your vital forces—it saps your youth and your strength and dulls your beauty. What a difference from the bright-eyed, vibrant girl he married. No wonder married life seems unbearable!

But you can get rid of your nervousness—speedily too—and become the steady, nerveless, radiant woman you once were. Take a teaspoonful of Tanlac before meals and before going to bed and if it doesn't soon make a new woman of you—doesn't rid you of that tired, strained feeling—go back and get your money.

Go to your drugstore now and get a bottle of Tanlac. Millions of folks have started back on the road to youth, health and happiness with this world famous tonic and there is no reason why you, too, can't begin today to rebuild your worn-out tissues and revitalize your entire system.

NO HOPE IS HELD TO SAVE LIFE OF FOOTBALL PLAYER

CHICAGO, Feb. 27.—(AP)—John Acher's fraternity brothers have been informed there is nothing they can do to save his life.

The entire Northwestern university chapter of Phi Delta Theta offered yesterday to submit to blood transfusions in an effort to save the athlete.

The offer was declined by Acher's father. His telegram, from Fort Dodge, Ia., said a transfusion had already been arranged, but that there seemed to be little chance of recovery.

Acher, a member of the Northwestern football squad, was shot last fall when he fell from an automobile while driving on a highway. He was taken to a hospital where his "eye" had grazed a fender of the machine. The bullet entered his spine.

LEBRIX FLIGHT IS ENDED BY CRASH

BANGKOK, Burma, Feb. 27.—(AP)—Joseph Lebrix, French aviator, has notified the French consulate that the plane in which he and Sergeant Major Antoine Pallard were flying from here to Bangkok, Siam, crashed yesterday. Neither of the fliers was hurt.

The airplane was lifted yesterday from Thibet, about 122 miles from Bangkok.

The Banzon-Bangkok flight was the next to the last leg of a projected flight from Marseille to Saigon and Hanoi, French Indochina, which it was planned originally to complete in five days. The flight began February 18.

HOLLYWOOD.—Hundreds of people camp on the doorsteps of Hollywood and rap in vain for admittance to the inner circle of the movies; a very few are sought out for screen employment—among them the little blonde Joan Bennett, who recently arrived from New York.

No screen little girl came to try her fling at the movies in June, either. She left the big city with a three-year contract from Messrs. Schenck and Goldwyn, the producers, and her first assignment there, under the play leading lady to none less than Ronald Colman.

With any number of girls here in Hollywood who would cheerfully have shortened the natural span of their lives for the opportunity, the producers had to select one from across the continent: a girl, moreover, who was not particularly interested in coming to Hollywood, because the way and still is, devoted to the stage.

To Referee At Miami

MIAMI, Fla. (AP)—A blow above the belt or below the knees may be termed a foul, but the territory between the two boundaries is open.

This excerpt is from a bulletin given school teachers here, dealing with the proper method of spanking.

Further, the bulletin declares, modern methods ban "knuckle rapping, cheek slapping and all ineffectual, capable of producing bodily injury."

Spanking should be performed leisurely, the bulletin asserts, and under no circumstances earlier than 24 hours after the offense.

Pupils who read the bulletin probably experienced their greatest difficulty in understanding the paragraph:

"Punishment must be administered in kindness."

Man bets on himself

A good bet for others

MANY a man has failed to land the job he went after, just because he looked scedy. The Boss looked him over and probably figured that a man who'd let himself slump would let his job slide, too.

"That experience brought me up short," the wise ones declare afterwards. "That very day I started on a whole new scheme of living. Say, you'd never have known me for the same man six months later. I'm betting on myself now, all right. So is the outfit I'm working for."

"There are thousands of people in this condition. Half-heard down on their luck. And don't equate know with yet. The answer is so simple. A slowed-up, sluggish system—an excess of poisons in the body.

"Regular treatments with Nujol start things functioning again as they should. Nujol not only keeps an excess of body poisons from forming (we all have them), but aids in their removal."

Start now to take Nujol regularly. Keep it up for the next three months.

At the end of that time we'd be willing to bet your stock has gone way up. That's your worth more to the people you work for—and to yourself.

Nujol can't possibly upset you. For it contains absolutely no medicine or drugs. Nujol was perfected by the Nujol Laboratories, 26 Broadway, New York. Sold in sealed packages only. Get a bottle today.

KEPT MOTHER IN IGNORANCE DEATH OF SON 10 YEARS

PASSAIC, N. J., Feb. 27.—(AP) A ten-year task of benevolent deceit was ended today with the arrival from Brooklyn of the body of Mrs. Mina Proskal for funeral services today. Robert, one of Mrs. Proskal's seven children, died in France in March, 1918, while a member of the American expeditionary force. She never knew because since that time her children in the United States have been writing her letters, imitating as well as they could, Robert's handwriting and signing his name to them. The missives were mailed to France and returned to Brooklyn. They told that Robert was sick and postponed his return from time to time.

Mrs. Proskal was 72 years old. She was the mother of former Police Commissioner Abram Proskal of this city.

To good old olden days and good old friendly ways
