SECRETARY WEST ADVOCATES WORK FOR INDIAN FOLK

WASHINGTON, Feb. 28.—(AP)—Favorable consideration of the bill to create an Indian employment service as a step toward assimilation of the red man in the industrial life of the nation was recommended today by Secretary West.

The rapid development of the west, the secretary said in a communication to the chairmen of the senate and house Indian affairs committees, has created a demand for the services of the Indian which presents a favorable opportunity for employment.

"The situation today is favorable to make immediate progress toward a solution of the problem by establishing the Indian as a wage earner, gaining a competence for himself," he added. "When an Indian reaches this stage he need no longer be a ward of the government. He and his children take their places as normal members of the body politic. So far as he is concerned the Indian problem has been solved."

Secretary West said it was his belief that "the decades of supervision which the government has exercised over the Indians has developed them to the point where they are prepared for a steadily increasing participation in the industrial life of the nation."

of the plan. He stated that this not only to the newspaper but to budget system has proved useful, the advertiser as well.

OREGON STATE QUINT MAKE FOURTH PLACE IN SPITE HANDICAPS

OREGON STATE COLLEGE, Corvallis, Feb. 28.—(Special.)—Given little chance of breaking into the win column of the basketball season, the Oregon State quintet came through far better than was expected with a record of four wins and six defeats. The Orangesmen had a new coach; they had to learn a new system of play; they had an inexperienced team, but with all these handicaps they managed to win fourth place in the northern conference ratings, finishing above Oregon and Montana.

Only four lettermen—Frank Patterson, Frank Wascher, Ormond Shreve and Carl Anson—will be led to the Orange squad next year. Red Ballard and Ralph Callahan, forwards; Buck Grayson and Eugene O'Bryan, guards; and Cotton Whitlock and James Torson, centers will form the nucleus of Coach Gil's 1929 hoop team. Ballard, Callahan and Grayson are sophomores.

Some promising material is coming from the rook squad to fill the holes left by the graduation of the lettermen. Five outstanding players from the freshman quintet make the prospects for 1929 promising. The freshmen won 11 games out of 13 starts this season. Kenneth Farnas and Howard Merrill, forwards, will offer the varsity men plenty of competition. Mose Lyman, rook center, is expected to make a strong bid for the center position while Jimmy Heartwell and Tom Duffy are two clever guards who will strengthen the States' defense.
