

Good Automobile Performance Calls for Dependable Rings—That's Why More

# QUALITY PISTON RINGS

are used for original equipment on motors of all kinds than any others. Many things contribute in making QUALITY rings the standard of piston ring quality—high-grade iron, method of casting and machining, freedom of size variation, their quick-seating ability and remarkable long life.

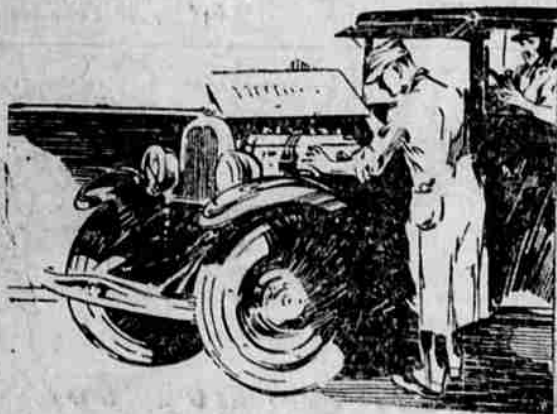

# DRAIN OIL

PISTON RINGS—another "QUALITY" product—control the oil, yet assure positive lubrication. Patented upslanting slots perform these functions. DRAIN OIL rings will pay for themselves in oil saved.

Ask your repair man to order piston rings from this firm. You'll be sure of the finest quality.

## STRIBLING TOO GOOD LOOKING

Mrs. William F. Carey, Social Leader of New York, Gives The Associated Press Her Viewpoint on Miami Beach Fight

Note: Society, wealth and fashion loomed conspicuously in the Sharkey-Stribling fight background. To give something of its viewpoint, Mrs. William F. Carey, of New York, socially prominent wife of the vice president of Madison Square Garden Corporation and moving spirit of the Miami Beach bout, consented to write her opinions for the Associated Press. Her story follows:

By Mrs. William F. Carey.  
MIAMI BEACH, Fla., Feb. 28.—(AP) It never ceases to be amazing to me that people should come thousands of miles to see a boxing contest. It must be their worship for physical perfection and with that as an incentive to the youth of the land, it really makes fighting worthwhile.

I feel that the women in the crowd at the Flamingo Park arena were with young Jack Sharkey because of his boyish appeal. He fought a good fight, too, and to me made a surprisingly good showing.

Perhaps one may call me a fight "fan" for I attended all of the major bouts in Madison Square Garden. I watched both boys in their training quarters and I could not help but feel proud that young Stribling, in whom I have been particularly interested, stood up so well against a heavier and more powerful foe.

#### Graceful Too

Stribling looks more like a college football player than a fighter. He is graceful, too, and in fact is too good looking for the ring. I

am pleased that it was such a good fight.

Usually I prefer to watch bantam weights but this match was so interesting and fought at such a place that it thrilled me as much as any bout I have ever seen. I was particularly amazed at Stribling's ability to absorb the hardest of Sharkey's blows without flinching.

The only fault I have to find with fights in general is that women do not understand the announcements made from the ring. It seems to me that the entire proceedings could be made more interesting for us by a system of loudspeakers so that everyone could hear and understand what is going on. It also seems to me that explanations of the referee's actions during a match as well as violations of rules might be explained through the loudspeakers for the benefit of those not familiar with the technicalities of the ring.

All in all, it was a good bout and I am proud that Mr. Carey was able to have such a part in this pleasing spectacle.

## BEAVER FARM HAS PROSPECT DURING BASEBALL SEASON

ANAHEIM, Cal., Feb. 28.—(AP)—Tom Turner, president of the Portland club of the Pacific Coast league, has indicated a willingness to back a club in the California class D league, now being organized with San Diego, Ventura, Berkeley and San Bernardino as franchise holders.

Turner said that he is anxious to get a class D club in Orange county, with Santa Ana as the probable club. He stated that he is willing to pay one-half of the expenses and furnish the manager for the club, which would be used as a "farm" by Portland.

The four-team league as it is being founded now, is backed by four Coast League clubs. The Los Angeles club is behind Ventura, Hollywood is backing San Diego, Oakland is supporting Berkeley, and the San Francisco Mission will be in back of San Bernardino.

## SPEED CARS WILL TUNE UP DURING WEEK IN FLORIDA

DAYTONA BEACH, Fla., Feb. 28.—(AP) As in answer to the roaring challenge of Maj. H. O. D. Sweeney's mighty racing car, the Golden Arrow, which in its initial test eloped along at 180 miles an hour, the Triplex, owned by J. M. White of Philadelphia, has arrived on the beach here, looking to its laurels as the world's fastest automobile. The international aspect for the racing meet, expected to start just a week from yesterday, was real as Major Sweeney sent his corps of mechanics into the intricacies of his craft to iron out minor details, hoping to carry the title back to England again.

Meanwhile, the Triplex, which has traveled the fastest official mile ever recorded, was guarded in its temporary shelter in a box car until Mr. White, who arrived almost simultaneously, can "tune" it out for tests.

Stands for thousands of spectators, timing box and press and camera towers are being constructed.

## BOWLING COLUMN

The Mail Tribune backed-fired against the Montgomery Ward bowling team's feminine rooting section at the Natatorium last night by bringing along a galaxy of good-looking girls to squeal at opportune moments, and the result was a three-game victory for the type.

Following the match, the fair fans engaged in a friendly game of their own with the junior size bowling equipment.

Al Hagen helped himself to high game of the match with a total pin disturbance of 215 in the first stanza, and also annexed match honors with an aggregate of 884.

## KOSTONAROS FINDS BOB KRUSE WRONG BOY FOR SAWLOCK

PORTLAND, Ore., Feb. 28.—(AP) George Kostonaros, Hollywood heavyweight wrestler, suffered his first defeat in Portland last night, when he was unable to come back for the third and deciding fall in his match with Bob Kruse of Oswego, Ore., after taking the first fall with his pet sawing headlock in 13 minutes and 27 seconds.

When they returned for the second round, Kruse demonstrated effectively an offense for the Greek's deadly headlock saw. It was a butt in the stomach with his head. After much rough wrestling Kruse finally got a punishing wristlock on his opponent which he was unable to break. Kruse took the fall in 26 minutes and 30 seconds. It required much physical effort to bring Kostonaros' arm around to its natural position, and he was very woolly as he left the ring.

It was announced his arm was paralyzing and he could not continue.

Chet Wiles, the traffic cop-wrestler referee, and Jim Health of Australia went 23 minutes to a draw in the preliminary.

## At Hunt's Craterian.

A war-time wedding in dialog is one of the features of the new Nancy Carroll-Gary Cooper co-starring picture with sound and dialog, "The Shopworn Angel," which will start tomorrow at Hunt's Craterian.

The solemn words of the minister, the reply of the groom, Gary Cooper, and the choked sob of the bride, Nancy Carroll, as she faints, abruptly ending the ceremony, are heard by the audience.

During the spectacular revue rehearsal scene, the caustic comments of Roscoe Karns to the chorus girls provide many laughs.

Hope Hampton, Famous Star of the Opera, Stage and Screen.

"Luckies have helped me win the laurel crown of my musical career—singing in opera. Stage presence demands a slim, youthful figure. Rich foods cannot tempt me. I light a Lucky and stay slender. The toasted flavor of a Lucky soothes the craving for goodies. Then, too, a Lucky never irritates my throat. Even, after smoking many, my voice is still clear."

HOPE HAMPTON

The modern common sense way—reach for a Lucky instead of a fattening sweet. Everyone is doing it—men keep healthy and fit, women retain a trim figure. Lucky Strike, the finest tobaccos, skilfully blended, then toasted to develop a flavor which is a delightful alternative for that craving for fattening sweets.

Toasting frees Lucky Strike from impurities. 20,679 physicians recognize this when they say Luckies are less irritating than other cigarettes. That's why folks say: "It's good to smoke Luckies."

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike.

To the Editor: In order that you may further relieve your mind that your clever traveltips (in which truth and "romantic" remarks ring clear), is not being wasted on the desert air.— May I, who jingle spins in the wide open spaces (perhaps not so much since as between Las Vegas six and eighty-story buildings) be one more to add, that when I pick up the Medford Mail Tribune, before even reading weather reports and whether Lindbergh had grapefruit

for breakfast—and liked it:—turn 13. "Editorial Correspondence" and get some chuckles and not a few "ha! ha!" from your "Days of '29" in the wilds of the metropolis Las Vegas, et cetera. Think in fact, after your vivid and minute description of such, I could pack my Pullman robe and reading glasses, journey to the "Bum-ste" and find my 4th St. crossing without a policeman's help. If L. have the truth in the news of the day, even the all towns can't have "It" and midlate contentment and sunshine, as L. A. does (according to one reader) and some rainwater (according to R. W. R.) Still—well, neither am I a song writer or ukulele expert and able to add to "It Is Not Raining, Rain to Me"—. But the urge to say something was on—and now before starting a forensic appeal—let me add—Let's have more—and after you tire of wading thru the "liquid gold" flowing in the streets there—welcome back to "Mighty Oregon" where "there's gold in these 'ere hills," but the streets are kept clean.
