**Baseball.**

Hurrah for baseball! The Roosevelt boys and girls are glad to see baseball season open. The 6-A boys are planning to play the 6-A girls next week some time. The 6-A boys' team is playing as follows:

Catcher, LeRoy Coshill; pitcher,

The fourth grade enjoyed their trip to the library on Thursday. Miss Cox and the Canoles moved to a new home on Genesee street. The First-A room is filled with birds of all kinds and colors. Many clever posters were made by the little folks to emphasize the coming spring. A sand table displaying a first refuge was arranged by the "diligent workers" of the week.

The annual "daddies' night" was celebrated with a bounteous supper served by the mothers. It was followed by a clever program. The rooms all displayed art work for the occasion.

A new sidewalk is being constructed by the Medford schools at the side of the Lincoln school, to prevent people from walking over the lawn.

The first daffodils were in bloom in our garden bed. Soup will not be served any more to the lunch children.

The 5-11 geography class are making bricks. James Elliott made a brick mold for the purpose.

The I-B are taking a trip thru Holland. Already windmills are appearing.

A number of pictures were framed this week. The subjects were Washington, Benjamin Franklin and Mt. Vernon, also the Appeal to the Great Spirit, which went to the fourth grade. "The Age of Ironstones" of the I-A, and "Old Ironsides" to the 6-A's.

The 5th and 6th grade girls are playing baseball differently. Lots of us have never played before, so we have lots to learn. The girls for the regular team, have not yet been chosen. Our first scheduled game will come off on Thursday, March 14.

Mrs. Parks has been a visitor in the building several times this week.

Our spinal columns have been snapping and cracking right lively from cogyx to medula and when the posture test was given, by Miss Barringer, Jackson school came out second and backed 3-10 per cent coming out first.

**Pictures Received.**

Two fine, large pictures, one of Abraham Lincoln and the other of Robert E. Lee were received from the Thrift society last Monday. The school was given the choice of which one was to be framed. Lee's, being a better grade picture, was selected and will soon adorn the walls of the school.

**More Writing.**

The impetus in writing which the chart has given, caused a good many to get in and work. This week Verne Campbell headed the list as the best writer in school. Justina Wilson is No. 2; Albert Wall, No. 3; Betty Johnston No. 4; Viola Louisa is No. 5.

**Athletics.**

Balls and bats are being mended and brought out and stored ready for the big games coming in the latter part of March. All are in readiness and the weather is fine. However two more games of speedball are to be played and the pennant awarded. A tie is to be played off between Washington and Lincoln. Jackson will have to play the winners. Boys are strong and grades are good and we have a nice bare spot on the wall all reserved for the pennant.

**Class Room News.**

Philly Henselman kept the temperature chart this week.

Friday was Geraldine Groves' birthday. She was allowed to do all extra duties, including the boards, dusting her favorite song in singing, etc. In this way, we hope to learn the date of our birthday and remember it.

The 5th geography class is intensely interested in Chinese history at present and many facts have been related by different members of this section. Our next reports will be on Japan.
