## RUTH AND GHERIG STILL MAINSTAYS OF YANKEE HOPES

ST. PETERSBURG, Fla., March 9.—(AP)—Babe Ruth and Lou Gehrig are enjoying their usual rosy health and the New York Yankees are ready to start another quest for baseball supremacy.

It matters little in the camp of the world champions that an untried third baseman will protect a corner of the infield, the throwing of the pivot man at second may lack snap and precision, and two pitchers are trying to regain their misplaced cunning. Ruth and Gehrig are in good health and spirits. The Yankees believe that when longer hits are made, Babe and Lou will make them.

The athletes of Miller Huggins find their position as stellar figures a mixed blessing. Every man's hand in baseball is against them, but as champions the burden of proof in eviction proceedings is on the opposition.

Mark Koenig, who has been a shortstop during most of his baseball life, for the time being at least has succeeded Joe Judge at third base, with shortstop falling to Lynn Lary, sensational Pacific coast recruit. Lary promises to join the small class of players able to live up to advance notices and big price tags. In his introduction to Manager Huggins he has displayed fewer weaknesses than most youngsters breaking into big company.

In the limited scope permitted by "Hug," Tony Lazzeri, who suffered from a lame arm last season, has thrown well enough, although no occasion has appeared calling for him to "hear down" on his repaired arm. Lou Burdette, a great fielder in any league, and Gene Robertson, better as a hitter than a fielder, stand subject to call without notice. Lou Gehrig has a new base assistant in the person of the veteran, George Burns.

The Yankees, always well fortified in the outfield, have now an even greater surplus of talent which may prove embarrassing when the time comes to clear the decks to a working basis. Ruth, Combs and Muesel, of course will get first call, and Duro and Paschal, able reserves, have been joined by Sam Byrd and Elias Fink, good enough to qualify as understudies. Outen, the North Carolina star, collector, can hit but the Yankees will not be able to take advantage of his ability at this time.

The catching staff also presents a contest with Arndt Jorgens, an Oklahoma City recruit, fighting energetically for a place. Bengough, Dickey and Grabovski are veterans of service stripes.

Herb Pennock and Wilky Moore, pitching casualties of 1928, look all right and fast all right, but the extent to which their ailing arms have been rejuvenated can be told only under fire.

## KILEEN TOUTED TO GIVE WARNEKE RED-HOT BATTLE

Terry Kileen, 152-pound Eugene scrapper, is expected to show some tricks in boxing when he meets Frankie Warneke in the big American Legion boxing smacker tomorrow night at the Armory in the ten-round main event of a 24-round card.

Kileen has a number of knockouts to his credit and last Friday night in Eugene had the best of a fight with Joe Blackwell, with whom Gene O'Grady of Ashland could only fight a draw.

The Eugene Register had the following to say over Kileen's performance:

"Since Sid Covett did not show up to fight Terry Kileen of Lebanon, Joe Blackwell, Eugene fighter, volunteered to enter the ring with the Lebanon 'powder monkey' in one of the four-round preliminaries.

The referee, Carl Miller, woke up at the end of the fight just as Joe hit Terry a tap and perhaps thought that he had been doing the decision to Blackwell. Everybody booed and the Eugene police department ordered Miller outside to keep him from being killed by the indignant fans. The truth of the matter, as it appeared to the spectators, was that Terry Kileen had it all over Joe Blackwell. He walked into dozens of terrific punches and barely escaped a K. O., so it seemed. Maybe the referee made a mistake.

Terry Kileen.

## RIFLE CLUB WILL PRACTICE SUNDAY ON OUTDOOR SITE

By C. A. Libre

The Medford National Rifle club will hold its regular practice on the outdoor range today, at which time it is expected that all members who started the qualifications last Sunday will be on hand to complete their courses, and that a considerable number of others will show up to get started with the military rifles.

The shooting made by members who fired last week was surprisingly good, considering the fact that none of them had had previous experience in the particular class of shooting required for the army qualifications. Members who qualify over the course, which is the same as that fired by the National Guard, will be awarded appropriate decorations, or medals, similar to those awarded to individuals in the military service. These awards are made at the end of the season by the director of civilian marksmanship in Washington, D. C.

The outdoor shooting this week will again be in charge of Carl Fichtner, vice president of the club. Those who plan to shoot today are urged to get in touch with him at Fichtner's garage in order that sufficient ammunition may be provided. It is expected to start the first squad firing at 7:30 a. m. today, as it is believed that by starting at that time the work can be completed by 12 or 1 o'clock.

Firing is conducted at 200 yards, 30 shots being fired slow fire and 20 shots rapid fire. The firing positions are prone, kneeling, sitting and standing.

Indoor practice with the .22 caliber rifles is being continued on Wednesday evenings in the armory, and general instruction relative to the qualification courses is being given there.

The first meeting of the revolver and pistol group was held last Thursday, and regular pistol practice will be held Thursday evenings hereafter.

## FATHER HELD AS 'FAGIN' TO TOTS

RACINE, Wis., March 9.—(AP)—The world's youngest burglar who looted a Main street department store of \$1000 in merchandise just two blocks from the police station, were in juvenile court today.

A 12-year-old girl and her seven-year-old brother were held as the perpetrators of the burglary Thursday night. Their father was in jail charged with contributing to their delinquency, following recovery of the stolen goods in the attic of their home.

SOUTH BEND, Ind., March 9.—(AP)—Captain Jack Elder of the Notre Dame track team equalled the world's mark of 6 2-10 seconds for the 60-yard dash for the thirtieth time during his college track career in the preliminary heat today in the central-intercollegiate indoor track and field meet here.

## FORD DEALER GREETES HOOVER

When President-elect Herbert Hoover started from Santiago de Chile on his trans-Andean trip to Argentina, an enterprising Ford dealer arranged an interesting test for the Model A. Carlos Orrego, Santiago Ford dealer, left the CHIL-

can capital on the same day, accompanied by three reporters, to deliver fifty copies of the three principal newspapers of Chile to Mr. Hoover at Caracas, the last station of the railway, 19,000 feet above sea level.

The automobile road winds over the mountains in many places a mere trail. Regardless of conditions, Orrego arrived at his destination one hour and fifty minutes before the train.

Mr. Hoover was much surprised and thought the papers had been printed specially in order to arrive at that time. When it was explained to him that it was the regular edition, the printing of which had not been advanced, he was much impressed.

Henry Fletcher, one of the members of the Hoover party, expressed his desire to cross the Andes in an automobile. Mr. Orrego gallantly offered to serve him any time the weather permitted. The Ford car was loaded on both trips with five persons, together with much photographic paraphernalia. On the return, a mishap was encountered as shown in one of the accompanying photographs.

One hundred scholarships of the value of 1,000 lire (about \$55) have been bestowed on children of Italian school teachers.

# Another Enthusiastic Endorsement of Chevrolet Truck Performance

John A. Fluhrer, Pres. William H. Fluhrer, Sec.-Treas.

**COLONIAL BAKERY, Inc.**

WHOLESALE and SHIPPERS MEDFORD, OREGON

March 5th, 1929

Pierce Allen Motor Co., Medford, Ore.

Dear Mr. Allen:

In reply to your inquiry as to the service we are receiving from the Chevrolet truck we purchased from you recently.

We are keeping a very close check on the operation cost of this one unit of our delivery equipment and find a considerable saving in gas and oil consumption over some of our present vehicles. Its performance has been entirely satisfactory.

We wish to thank you for the personal interest you have shown and the service you have given us as regards this initial order.

Very truly yours,

COLONIAL BAKERY, INC. (Signed, Wm. H. Fluhrer)

## FUMBLE RULE IN FOOTBALL LIKED BY NOTED COACH

PORTLAND, Ore., March 9.—(AP) Knute Rockne, rambling coach of the Notre Dame Rams, stopped over in Portland long enough today to confirm the report that he will coach an all-star eastern football team to meet a like combination of the west coached by Captain John J. McElwan, University of Oregon, in the first annual East-West fray to be played in New York City.

The game will be held in Yankee stadium December 14 under the auspices of the New York American Legion. McElwan has been granted permission to tutor the spectators.

Rockne announced that he will soon name the first all-American basketball team, choosing players from all sections of the country. He will pick 11 players because "I'm so used to picking football teams and I can't figure any athletic team with less than 11 players."

He reiterated his belief that the recent change in football rules calling for fumble hand dead on the spot of recovery will not hinder the game but open it to greater advantages.

The famous coach said he would rest this summer and not hold coaching schools.

## PORTLAND WINS PRACTICE GAME

ANATHEM, Cal., Mar. 9.—(AP)—The Portland Beavers defeated Hollywood 19 to 4 in a seven inning Pacific Coast league exhibition game here today. The game was called in the seventh on account of rain.

The score:

R. H. E.  
Portland..... 19 11 4  
Hollywood..... 4 7 6  
Casper, Beck and Volkman; Marty, Wetzel and Gaudin.

The semi-windup between Lanky Morrison and Frankie Monroe is in fact a main event shot and would do well as the main event on any card. Morrison of Portland is a hard hitter and Monroe of Hood River is fast and clever. The combination is expected to furnish a real battle for the fans.

Very much of a dark horse is Lloyd Russell of Central Point, who fights Tex Porter of this city at 145 pounds in the second preliminary of the evening. Russell has been telling fans how good he is, but Porter is of the belief he can take him down from his high horse. The first preliminary of the evening will present Mickey Riley of Medford against Manlia Kid of Portland for a four-round bout.

The program will be opened with a game-cock fight between Belfast Spider and Dublin Kid. Both roosters will have their spurs protected by small boxing gloves.

**GIRL "TROUBLE CLERK" COUNTS ON HER SMILE**

REVERE, Mass. (AP)—Going, perhaps, on the principle that "a soft answer turneth away wrath," the mayor of Revere has just appointed an official "troubled clerk" a young woman with a charming voice and a persuasive smile.

She is Louise Tremmel, 19, but with two years of office experience behind her and poise and dignity beyond her years.

The number of persons who call daily at the city hall to see the mayor "personally" is incredible, according to veteran employees. And there are any number who have grievances, legitimate or illegitimate, about anything from ash or garbage collection to erroneous tax bills.

JACKSONVILLE, Fla., March 9.—(AP)—John Dawson, Chicago, defeated John Kyeswin, New York, 5 and 3 today in the first semi-final bracket of the annual southern amateur golf tournament here.

ST. AUGUSTINE, Fla., March 9.—(AP)—Miss Virginia Van Wie today won the Florida and coast women's golf championship, defeating Miss Helen Hicks, of Long Island, 2 and 2.

NEW YORK, Mar. 9.—(AP) Among the admirers of Lindbergh is Mrs. Calvin Coolidge. The New York Daily News quotes her as saying at Northampton: "There never was anyone so charming and naive. I think isn't it nice to think he is having such a beautiful romance?"

she replied at once, "They are not
