

# WILL LAUNCH DEVELOPMENT LIME DEPOSIT

### Applegate Valley to Have Plant for Manufacture of Lime Fertilizers and Bricks—Weber and Callaghan Organize.

Development of the lime deposits of the Applegate valley, and the manufacture of by-products thereof, on a commercial basis, has been launched by J. H. Weber of Los Angeles and T. Henry Callaghan of this city. They have formed a corporation, to be known as the Standard Products, Inc., for the manufacture of lime fertilizers and hand lime bricks. They plan to start construction at once. Negotiations for the deal were completed yesterday.

The company will work the "Cameron deposit," on the Applegate river, three and one-half miles below Ilwaco.

They will erect a warehouse in this city, one at Ilwaco, for the assembling of the products and a plant at the site for the manufacturing purposes. They will also erect a lime burning plant.

When the plant is in full operation they will employ regularly about 50 men.

The incorporation includes the present plant of the Standard Fertilizing and Products company of this city, which will continue its present business.

It is expected that the output of the plant will be 25 tons per day, or slightly more than a carload.

**Large Deposit.**

The "Cameron deposit" consists of high grade lime rock, of snow whiteness, and is within easy accessibility of the county road. It is estimated there are 70 million tons of lime available. The company recently purchased 15 acres at Ilwaco, which they will use for storage of material. A portion of the material to be used in the fertilizer will be transported from the Blue Lodge. Assays of the lime and tests over a period of many months has demonstrated its economic practicality.

It is the plan of the company to market their products in the Pacific coast states, and to ship them in specially made paper sacks. The fertilizer, the assays show, is of an exceptional high grade. The brick, the backers of the project hold, can be produced in 25 hours, ready for construction against the winter weather, for the manufacture of the ordinary building brick. The lime sand brick is not absorbent, enhancing its building value.

J. H. Weber will be president and manager of the company. He was formerly in the lumber business in southern California.

Henry Callaghan, the other member of the firm, is a well-known resident of this city, for many years interested in mining development projects.

The company is incorporated for \$25,000, sells no stock, and will erect its plant and warehouses out of its own brick.

# MASONS PLANNING MARCH 19 DANCE

Plans have been completed for the all-Masonic dance to be given at the Oriental Gardens on Tuesday, March 19. This event which is given annually by the Shrine of Hillah Temple in honor of the southern Oregon Blue Lodges, promises to be one of the outstanding social events of the spring season.

A committee consisting of Chairman C. C. Lenson, O. O. Alender, Howard Scheffel, Sam Houston and Henry Fluhrer, announced today that all was in readiness for a record-breaking attendance, and that no expense had been spared to make this the feature party of the year for local masons. Feature dances, elaborate decorations, special music and a buffet supper are some of the things promised those who attend.

A special invitation is being extended to all resident and non-affiliated Masons from all the various Masonic orders to attend the function as the guests of the Shrine of Hillah Temple.

**BROADCAST ARRANGED**  
(Continued from Page One.)

The Portland Oregonian today in a headline observes that "the threat to move the tournament from Salem seems to get busy."

**SALSB, Ore., March 12.—(AP)—** Assurance that the state interscholastic basketball tournament will be held in Salem as originally planned was received Tuesday morning by Coach Roy Keene of Willamette university, from Roy E. Cannon, secretary of the Oregon State High School Athletic association. Pairings for the various teams will be held Wednesday afternoon at 4 o'clock in the presence of all coaches involved.

Ticket sales for the state classic have been progressing satisfactorily and indications were that the tournament would be a financial success.

Salem high school will not be allowed to participate in this year's play despite efforts of persons outside the school to include the local team in the tournament. The Willamette team arrived Monday and Astoria is expected here this afternoon.

## PITTSBURG HAS FLAG THREAT IN PITCHING CREW

### Waner Boys Still Absent, But Pirates Hard at Work for Real Pennant Chase—Bush Pins Hope On Hurling Corps This Year.

By Russell J. Newland.  
(Associated Press Sports Writer.)

PASO ROBLES, Cal., Mar. 12.—(AP)—The Waner brothers, Paul and Lloyd, are still on the absent list, but the Pittsburgh Pirates are hustling for the National league pennant drive behind a pitching staff that gives early season promise of being second to none in the circuit.

In the hustle and bustle of training camp preparations here, the fact that the star outfielders continue firm in their holdout roles, has been sidetracked for the more serious business of molding available material into championship caliber. Besides, the general opinion here is that the two Waners will have settled their salary differences and will be in uniform by the time the season starts.

Manager Donie Bush pins his hopes on his hurlers and expects the rest of the squad to rise to the occasion. The mound corps has been greatly strengthened by the addition of Jess Petty, veteran left-hander acquired from Brooklyn in the deal for Glenn Wright, shortstop, Ray Kremer and Burleigh Grimes, right-handers, are in top form and ready to go. The triplicate of Petty, Kremer and Grimes will bear the burden and should do until another comes along.

The two old-timers, Carmen Hill and Leo Meadows, the latter back from the voluntary retired list, are showing up well and may get into the running.

The rookie pitching field is unusually fertile and from it Bush looks for at least two youngsters to help the cause along. Steve Sweetovic, right-hander, and Larry French, a southpaw, have the inside positions. Sweetovic pitched Indianapolis into the map last season, and French did more than his bit for Portland of the Coast league.

Kevin Frame, left-hander, has a job because of his pinch hitting ability. Fred Fussell, left-hander, and Walter Tauscher and Ralph Dawson, right-handers, all hold-overs, have not been counted out.

If the Waner boys pull the unexpected and remain out of baseball, the Pirate outfield will be guarded by George Grantham, Fred Brickell and Adam Comorosky. The latter two youngsters became members of the squad in 1928. An outfield without the Waners is almost a calamity, but Bush feels that the alternatives are not the worst in the game by any means.

## WARNEKE IN DRAW WITH EUGENE BOY

### VON PORAT TO MEET TOM HEENEY TONIGHT

CHICAGO, Ill., March 12.—(AP)—Otto Von Porat, Norway's ring Adonis, with a pile-driving punch, tonight will attempt to blast New Zealand's "black rock," Tom Heene, definitely out of the heavyweight championship picture.

Warneke, shifty on his feet, gave Kileen a bouncing, bounding target sometimes hard to find and harder to hit, but Kileen also protected himself well and received no decisive punishment. The boys were well matched and put up the best fight of the evening.

Lee York of Chillicothe did not do so well in the six-round bout. He lost in the third round to hard-hitting young Frankie Monroe of Hood River. York believed in hay-making blows, only one of which struck Monroe with any force during the short session, which ended when seconds threw in the towel for York. Lakay Morrison of Portland was to have fought Monroe, but was unable to fill his contract because of a badly cut lip.

In the second preliminary of the evening, the Manila Kid of Portland, lost on a technical knockout to Mickey Riley because of a broken thumb he sustained during the early part of the fight. Despite his injury, the Portland boy attempted to continue fighting, but was forced to give up in the third round.

It only took Tex Porter two rounds to knock out a fighter named as Lloyd Russell of Central Point. The latter was no match for the local fighter-wrestler.

A short session between two gamecocks opened the evening's program, enlivened by a special event between Jimmy Stone of Denver, Colo., and Ted Kelly, local glove-slinger. This number ended with a knockout in the first round, when the latter received a healthy blow on the jaw.

Last night's bouts were given under the auspices of the American Legion post for the first time in Medford for some time, and although exceptionally well supported, it will probably be the last affair of the kind staged by the post, owing to the high city license fee which is declared by post officials to preclude profit for the sports.

## BRADDOCK PROVES POWER OF PUNCH BY TECHNICAL K. O.

NEW YORK, March 12.—(AP)—This stiff-punching Jersey City light heavyweight, James J. Braddock, will have to be taken seriously.

He has had a hard time convincing the boys that he really is a first rate 175 pounder, but there are fewer Doubtful Thomases today than there were a day or two ago.

James J., from Jersey City, chased the Buffalo Will o' the Wisp last night and then caught up with him to win a technical knockout in the ninth round.

Braddock's record in the last six months is impressive. He cracked Pete Latzo's jaw and won the decision in 10 rounds. Then he knocked out Turf Griffith in two rounds. To Leo Lomski he dropped a close decision.

For eight rounds Slattery danced and boxed his way out of difficulty.

Near the close of the eighth round Braddock caught Slattery in a corner and drove both hands to the body. Just as Buffalo Jimmy seemed to have worked his way clear of the storm a long right caught him on the chin. Slattery held on and boxed his way out of danger until the round ended.

In the ninth a two-fisted barrage sent Slattery down for the count of five. Referee Lou Maggolia halted the struggle.

Slattery weighed 168½, Braddock 173 pounds.

## Fights Last Night

(By the Associated Press.)

NEW YORK.—Tommy Freeman, Cleveland, outpointed Al Rosapain, (10).

PHILADELPHIA.—Billy Wallace, Cleveland, stopped Richie King, Philadelphia, (9); Al Gordon, Philadelphia, outpointed Maurice Holtzer, France, (10); Bobby Brown, Philadelphia, stopped Jack Henson, Wheeling, W. Va., (5).

BUFFALO, N. Y.—Bruce Flowers, New York City, knocked out Doc Trahan, Kansas City, (4); Chuck Wiggins, Indianapolis, outpointed Larry Gains, Canada, (10).

## NO CAPTAIN SELECTED FOR STATE CAGE FIVE

OREGON STATE COLLEGE, Corvallis, Ore., Mar. 12.—(Special.)—More than likely the Oregon State College basketball team will not have a captain next year. "Stats" Gill, varsity coach, is not in favor of a seasonal captain, so no action has been taken toward electing one.

Coach Gill believes it is a better policy to appoint a captain for each game. Last season the Oregon Staters had two captains, but to a tie vote, but both captains sat on the bench during most of the season. Naturally, Gill would prefer to have his captain on the floor.

Football captains have been chosen prior to each game by Coach Schuster since he took over the football job in 1924. Such a selection eliminates any possibility of fraternity politics entering the grid ranks. The appointment is usually made from among the seniors members of the squad.

**Address Draws Crowds**  
(Continued from Page One.)

The merchant's quartet, composed of A. J. McDonough, Dr. W. W. Howard, Dr. E. W. Shogkley and C. A. Meeker, contributed to the enjoyment of the meeting with two selections. Attractive table flower decorations and individual bouquets were furnished by the Rogue Valley Floral company.

Last night's meeting, the first held under the direction of the new officers with C. A. Meeker as president and treasurer, proved to be one of the best attended and most enjoyable in the history of the merchant's association. Several new business men signified their desire to become affiliated with the association at last night's meeting.

**First Governor Dies.**  
HELENA, Mont., Mar. 12.—(AP)—Joseph K. Toole, 75, first governor of Montana after his admission as a state, died here today. He had been in ill health for some time.
