

Control Cereal Diseases

Advantages of CERESAN
 Controls 6 diseases of 5 grains.
 Harmless to Seeds and Seed Drills.
 Easy to apply and economical.

You can use **CERESAN** for ALL Seed Grains

GRAIN farmers, who know that seed treatment can save crop losses by controlling diseases, are turning by thousands to the new effective disinfectant—for all cereals—DuBay Ceresan.

Years of research—thousands upon thousands of dollars were spent for its development. Now this improved dust disinfectant is available to every farmer for the control of these important grain diseases.

WHEAT—Bunt or stinking smut, and seed-borne flag smut.

OATS—Both loose and covered smut.

BARLEY—Stripe disease, covered smut, and loose smut, in certain six-row winter varieties.

SORGHUM—Kernel smut.

RYE—Seed-borne stem smut.

Two years of severe tests by many authorities, including experts of Agricultural Experiment Stations and the U. S. Department of Agriculture, have convincingly proved the value of this new disinfectant to American farmers.

On 1928 spring wheat, Ceresan reduced smut to almost nothing. The untreated check plots had from 22 to 32% of smut. A report by Dr. Benjamin Koehler, of the Illinois Experiment Station, shows Ceresan on oats gave double the yield increased obtained with formaldehyde. Dr. H. A. Rodenhiser, of the University of Minnesota, reported Ceresan gave complete control of barley stripe.

Ceresan is a fine dry dust, which cannot clog the drill or corrode metal parts. It treats seed grains at a cost of only 6 to 9 cents a bushel. Easily applied as a dust; no soaking. Harmless to seed. Full directions with package.

Diseases of many other crops can be controlled with DuBay Seed Disinfectants. Ask your seedman, druggist, hardware dealer or general merchant for FREE Ceresan pamphlet; also pamphlets on Semesan Jr., for seed corn; Semesan Del, the instantaneous potato dip; and Semesan for vegetable and flower seeds and bulbs.

RED SOX RICH IN PLAYERS AT TRAINING CAMP

Cellar Dwellers Try Out Much Talent for Coming Flag Chase—Players Vie for Regular Assignments in Lineup.

By Brian Bell, Associated Press Sports Writer.
 BRADENTON, Fla., March 14.—The Boston Red Sox, last in the American league, but trying to do better, have blasted one baseball superstition—that the rich become richer and the poor get poorer. The Red Sox have more players in camp than any club in Florida.

Manager Bill Carrigan during the course of two daily workouts looks at more than two score earnest perspiring athletes in Boston uniforms. If half of these are major league players the manager will be very happy.

The Red Sox are well in the first division in size. More than half the members of the big squad will measure five feet, 11 inches or more. Billy Bayne, who has been a wanderer upon the face of the baseball earth, looks like the last boy in this company of giants, although he is five nine and scales 169 pounds.

Bob Reeves, one of the quietest taken from Washington in the trade for Buddy Myer, seems certain to become regular third base shortstop, while he may not be able to displace the veteran, Wally Gerber, altogether, probably will share the assignment with the former Brown, and Elliott Bigelow, who can hit, has only to demonstrate an ability to throw to get an outfield assignment.

The two pitchers in the transaction, Milton Gaston and Horace Liebman have not had sufficient opportunity to qualify, but both have shown indications of returning to form, which was lost last season.

There is a fight for every position, with no objection indicated until all the returns are in. At first base Phil Todd, an able performer, will again serve, but Jerry Standeert, from Memphis, has shown something. Bill Hoegan should have an advantage at second, but another Bill, Nashville,

from Mobile, has done well. A pair of Bobs, Reeves and Barrett, another former major leaguer, are battling and in addition to Gerber and Gillis at short, Hal Blythe, who seems a much better player than when he was with Pittsburgh, is showing as much ambition as any man in camp.

Eleven outfielders, with 11 outfielders running all over the place for fly balls and grabbing a bat as soon as one is dropped by a hitter, the problem of getting five or six permanent fixtures promises to be vexing. Ira Flagstead, safe from attack, Jack Rothrock, former infielder and one of the fastest men in the league, Ken Williams, a .300 hitter in any company and Douglas Tait, who missed the select 300 club by a hair, are back from the 1928 team. Bigelow, who hit nearly .400 in the Southern Association, Russell Bearritt, St. Paul graduate, Otto Dumas and George Lopez, tried last spring and fanned to Pittsfield, have been impressive at times.

Charlie Berry, who did well in 1928, leads the race for the first string catching assignment, but Alex Gaston, former Giant, and once with these same Sox has shown great spirit in the training period and may remain to make up a brother battery with Milton doing the pitching. A sensational prospect is Robert Johnson, not yet 20 years of age, but displaying a convincing ability to hit.

Before it is over, Manager Carrigan may be drawing names of pitchers out of his cap. In addition to Gaston, Liebman and Blythe, Big Ed Morris, a great pitcher last year, Dan Macfayden, the bespectacled youth, Charlie Ruffing, Jack Russell and Pat Simons, were exempted from the home clearing at the close of the 1928 season. There are as many more bidders for places.

DAZZY AND GLENN ARE GRIEF CAUSE
 CLEARWATER, Fla., March 14.—(AP)—Determined Dazzy Vance and young Glenn Wright are causing grief in the camp of the Brooklyn Robins. Robbie accepts the statement of a physician that Wright will be able to get into action in a few weeks, but he is opposed to the club officials' stand on not giving Vance more than \$22,000.

The rotund manager still thinks it is not worth while to haggle over the \$25,000 difference when it may mean a severe blow in the region of the box office later in the year.

LAUFER TAKES RECORD FROM WATER CHAMP
 CHICAGO, Ill., March 14.—(AP)—One of Johnny Weissmuller's numerous world's swimming records was taken from him last night in the Lake Shore A. C. pool when Walter Laufer swam the distance in 3:05.2, which is four seconds better than the Weissmuller mark.

Central A. A. U. officials checked the trial, in which Laufer swam against time.

RAIN BALKS PRACTICE OF CLEVELAND INDIANS
 NEW ORLEANS, La., March 14.—(AP)—General Manager Billy Evans was due here today with Earl Averill, San Francisco rookie, in time for the daily workout of the Cleveland Indians.

Rain continued to balk practice plans yesterday.

BOWLING COLUMN

Tomlin Box Factory's bowling aggregation handed a three-game drubbing to the Montgomery Ward pinsters last evening, the big store men rolling considerably under their season form.

Rank of the Boxmen gathered honors for high game and match totals with 224 and 592 respectively.

The Elks and Mail Tribunes meet tonight in what is expected to be a hard fought match, as the two teams are fighting for league leadership.

"Caterpillar" Ten Tractor

Here in MEDFORD for Y our INSPECTION

For years it has been the hope of the power-using public that there would be added to the "CATERPILLAR" line a smaller model than has hitherto been offered—the hope that "CATERPILLAR" advantages might be extended to those thousands whose power needs are limited to the use of a small tractor. "CATERPILLAR" engineers have long been working on the development of such a tractor. The above announcement marks their arrival at their goal.
