EGGNOG GOOD FOR KIDDIE NOGGINS

NEW YORK, March 18.—(AP)—Poor food, in the opinion of an investigation, is responsible for much low intelligence. Dr. John Munroe of Long Island university has examined 5000 children in 15 years. As one test he fed eggnog twice a day to 10 children and found that the intelligence of nine increased.

Paint Garden Furniture. Fences, lattice, arbors and such things should be painted before garden growth starts. Fresh paint will brighten up the whole place. Garden furniture, either that stored inside or left out, must be painted to look its best. Don't let this work go till you are caught by the spring rush.

PORT ARTHUR, Tex., March 18.—(AP) All the king's horses failed with Humpty Dumpty, but four steeds pulling on a seine were enough to get out of the Gulf of Mexico a 1350 pound turtle that had been cut a bit, evidently by a ship's propeller. The turtle is about 300 years old.
