

### HIGH SCHOOL TO HAVE PARADE AT 4 P. M. ON FRIDAY

With the state champion band to lead, the junior class parade will leave the high school promptly at four o'clock tomorrow evening, and close behind the band will be the car, in which the queen of the junior carnival, Miss Dorothy Orth, junior candidate, will be seated. Following her will be the other candidates, Miss Mildred Lawrence, Miss Dorothy Stead, Miss Billie Hammett, and Miss Ada Edwards.

The following clubs and organizations will have floats, or cars in the parade: H. E. C. A., Girls' League, Latin club, Agricultural club, Glee club, Junior car, advancers, H. I. H. G. A., H. Y., Airplane club.

There will be a number of very beautiful floats, as well as amusing and comical features. The parade will leave the high school promptly at 4 o'clock, and will proceed down Main street, and return on Sixth.

### DOROTHY ORTH TO BE HIGH SCHOOL'S CARNIVAL LEADER

Miss Dorothy Orth won the Junior Carnival Queen contest, which closed this morning at 9 o'clock. Approximately 400,000 votes were held out until then, making it impossible to know the winner before the final count.

The members of the student body were anxious to find out the returns, but results were kept secret until the H. Times, high school paper, published them at four o'clock. Joan Green, vice-president of the Junior class, will have the honor of crowning the lovely queen. The coronation will take place at 8 o'clock Friday evening. A gift will be presented Miss Orth by the Junior class.

The final count was as follows: Dorothy Orth, junior, 283,000; Mildred Lawrence, senior, 297,500; Billie Hammett, freshman, 174,000; Dorothy Stead, sophomore, 72,500; Ada Edwards, mid-year freshman, 56,000.

### ARREST ROBERTS FOR MOONSHINE

Rufe Roberts of Central Point is in the county jail today awaiting a hearing on moonshine possession charge, following his arrest last evening on Ilwaco street by Deputy Sheriff Paul Jennings.

One gallon of alleged moonshine was seized from Roberts, who was driving an old model car at the time of his arrest. The car will probably be confiscated.

### SPRING OFFICIALLY HERE LAST EVENING

Although preceded by one or two light sprinkles in the afternoon, spring officially arrived early last evening, according to the calendar and scientists, accompanied by some light showers which began to drop a short time later, and today was quite cloudy with light showers or sprinkles at times.

The exact time of spring's arrival here was at 6:35 p. m., when the sun crossed the equator, according to L. W. Dick, the local weather expert, and Floyd D. Young, he of frost dexterity fame, both of whom possess much knowledge of events in connection with the early pioneer days and from whom the average infidel reporter can absorb much scientific lore.

After Old Sol crossed the equator yesterday he at once started on a journey north, if the over-awed writer understood them right, and the days will be longer until some time in June or thereabouts, when they begin to contract again.

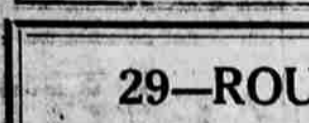

Only .48 of an inch of rain fell in the 24 hours ending at 5 p. m. today, and cloudy weather is forecast for tonight and Friday, with cooler temperature tonight. The weather of today was still quite mild with a maximum of 51 degrees and following a maximum of 60 yesterday.

*"Once I was worried— mealtime was getting on my nerves. I prepared many appetizing dishes, but John simply would not eat—just 'minced' at his food. Perhaps sometimes a little grouchy, I began to fear he was 'slipping.' What was I to do? Love, home, happiness, business success—all depended upon an improvement in his condition. The blood tonic idea suggested itself to me. My Druggist recommended S.S.S. John agreed to try it. Well, in just a few days I could see the difference. His improvement has been so rapid he is going to take several more bottles, and not only that, but he is now telling his friends to take S.S.S."*

Rich, red blood builds sturdy health

Loss of appetite only a symptom. It is a known fact that when one's system gets "run-down," they haven't the resistance to ward off diseases. Loss of appetite is only a symptom. General weakness pervades the entire body. There is no desire to work or play. Without plenty of rich, red blood, there could be no strong, sturdy, powerful men.

When you get your blood cells back up to normal, that sluggish, let-down feeling, loss of appetite, rheumatism, boils, pimples, and skin troubles disappear. You get hungry again, sleep soundly; firm flesh takes the place of that which was once flabby. You feel strong. Your nerves become steady. S.S.S. is daily helping people regain their strength and charm. Thousands of users have testified to its benefits in unsolicited letters of gratitude. It helps Nature build red-blood-cells. It gives to Nature what it needs in making you feel like yourself again. All Drug Stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical. Copyright 1929 S.S.S. Co.

### Brisbane's Today

(Continued from Page One.) The tax department to make that unnecessary. Rome announces construction of a "pontifical railroad train of five cars to be built for the pope." One car will contain a pontifical throne and dining room, a second a chapel and a bedroom, a third quarters for the papal court.

There will be space for servants, and two locomotives are assigned by the Italian minister of public works to pull the train. This indicates the pope's intention to travel extensively, now that limited restoration of temporal power has put an end to confinement within the Vatican.

Yesterday was, officially, the first day of spring. Some young gentlemen will begin at once on plans for spending a vacation, with pleasures. Others will plan to work harder and get ahead more rapidly, in spite of warmer weather.

Which of two groups will enjoy real leisure a few years hence? Russians have been busy in India making a backdoor attack on Britain that drove Russian business out of London. Intense excitement in Bombay, British police and military guards stationed at strategic points, marked the arrest of Hindu communists and seizure of their literature.

Other arrests were made Tuesday in Calcutta and Poora. Hindu communists, accused of "waging war against the British king, are fairly well equipped with catchwords of bolshevik communism.

But they are not equipped with weapons, do not know how to use them, and probably would not use them if they had them and knew how.

The agitation is interesting as proving Russia's activity and persistent ignoring of the fact that you cannot make a rope of sand, or a successful revolution in a country like India.
