## BELLVIEW SCHOOL PARENT TEACHERS HAVE PIE SOCIAL

BELLVIEW, Ore., Mar. 22.—(Special.)—The Parent-Teachers association held its regular monthly meeting in the Bellview schoolhouse on Friday evening, March 15. After the regular business session a pie social was enjoyed by a large group of friends. Money received from this social will be used for the boys' and girls' club work. A number of the club girls sold home-made candy at the old-fashioned dance held in the clubhouse on Thursday evening, March 14. Mrs. Welch and Mrs. A. V. Hood acted as hostesses for this meeting and an enjoyable time was had by all. The next regular meeting of this organization will be on the third Friday of April.

Mr. and Mrs. Edwin Dunn and Mrs. David McKinney were business visitors in Medford on Saturday afternoon. Mr. and Mrs. Jock Renten of southern California have secured property on the corner of Walker avenue and the Pacific highway, for the purpose of erecting a first-class restaurant, and will cater especially to the tourists. The location seems to be ideal for this. The camp grounds are located, purpose, just across the highway with several new cabins recently added to many others already in readiness for spring travelers.

Edwin Dunn made a trip to Portland Sunday with a number of other American Legion members from Ashland, to be in attendance at the dedication held in that city for the new Veterans' hospital. The members of the local organization returned home on Tuesday.

The two 4-H cooking clubs which held their first meeting on Thursday, March 13, elected officers as follows: Edith Parks, president; Pearl Lyman, vice-president, and Molly Helms, secretary for the girls' club.

For the boys' camp cooking club, Leonard Simpson, president; Everett Newberry, vice-president, and Wayne Harris, secretary.

The old-fashioned dance sponsored by the ladies of the Upper Valley community club on Thursday, March 14, was a success from a social and financial standpoint. The evening was spent dancing to the music furnished by the Tucker four-piece orchestra. Cakes and coffee were served by the ladies during the evening.

Mrs. Edwin Dunn was in attendance at a delightful bridge party Friday evening at the home of Mrs. Howard Barrett on Oak street, Ashland. Mrs. Dunn carried off the honors for holding second high score for the game.

Miss Letta West attended the party for the business girls' club Thursday evening, when Miss Elsie Alexander was hostess at the home of her aunt, Mrs. J. D. McNe on the Boulevard. A delightful evening was spent with needlework and conversation and at the close delicious refreshments were served to the guests in the dining room, which was beautiful with spring blossoms.

The Yeoman lodge members and friends enjoyed a social evening at their lodge rooms on Friday, March 15, when they gave a masquerade party. A large crowd was present to enjoy dancing to music furnished by Bergman's five-piece orchestra. This was a St. Patrick's affair, and the wearing of the green was much in evidence.

Mr. and Mrs. J. Walker of Medford carried off the prizes for having the best costumes. Refreshments were served by the ladies during the evening. A number of Bellview people are members of this order. Willard Miles is president of the organization.

Dr. Mattie Shaw and her husband, who are here from Marshfield, spent Sunday at the home of Mr. and Mrs. S. K. Barnes. Mr. and Mrs. H. L. Gregory of Central Point were dinner guests at the home of their daughter, Mrs. Mark True, on Sunday.

Mr. and Mrs. L. D. Meserve were visitors at the home of Mr. and Mrs. Thomas Merryman on Sunday afternoon. Mr. and Mrs. D. Wakefield have moved from Ashland out to the Wallis place east of town, where they will make their home during the summer months. Mr. Wakefield will help Mr. Wallis with his farm work.

E. H. Coder is quite ill at his home east of Ashland. George Platsted of Happy Hill was in Ashland Monday on business. He also visited at the Applegate home before returning home on Tuesday.

Mrs. Dan Walker, Mrs. Shaver, Mr. and Mrs. Chester Applegate and Ernest Applegate of Dead Indian were guests at the home of Mr. and Mrs. Jack True on Sunday. George Francis Barron, son of Mr. and Mrs. Homer Barron of the upper valley, who has recently won outstanding recognition for his work in piano and pipe organ music at the University of Oregon, will assist in the dedicatory services for the new pipe organ just installed in the Methodist church. March 23 will be the John Stark Evans concert with Mr. Evans, head of the U. of O. music department, as the concert artist. Palm Sunday afternoon, March 24, the dedication of the new organ will be made and the young local artist will appear on the program.

## WORK OF SEEDING TABLE ROCK AREA NEARLY FINISHED

TABLE ROCK, Ore., March 22.—(Special.)—C. E. Sams, a prominent orchardist of the Rogue River district, was a business visitor here the first of the week. Spring seeding has been finished here with the exception of a small acreage which is being seeded to alfalfa. Farm work is further advanced than usual at this time of the year, practically all the work of plowing, seeding and cultivating being completed and the ground ready for the planting of corn.

Mrs. L. C. Schafer, assisted by Mrs. Frank art, entertained the girls' Sunday school class last Saturday afternoon with a St. Patrick's day party. The decorations, favors and games were all tastefully arranged in Irish colors and added much to the success of the party.

The annual preparation for the war with Jack Frost is now in progress at the Modoc orchard, where employees are placing thousands of the big type oil burning orchard heaters among the trees. As soon as these heaters are filled with oil and the lighting crews are organized everything will be in readiness for the battle with the elements should it become necessary.

Most of the sheep that have been fed here for the past three months have been turned into pasture lands where grass is beginning to grow.

Ernest Ingram of Medford is doing some grafting work at the Table Rock orchard. The Sunday school is preparing a program to be given at the school house the evening of Easter Sunday.

Owing to the opening of the wild lower season a large number of the children of the neighborhood are suffering from poison oak attacks. A large number of the Mayfield cattle which were fed the past winter at the Nealon ranch were turned on the range on Upper Table Rock last week.

The 1928 crop of hay is pretty well cleaned up in this section, there being very little saleable hay left. The local school board held a meeting last Thursday evening and interviewed several applicants for the teaching position in the upper grades and another meeting was held Thursday evening to meet applicants for the lower grade work.

Out of a band of 75 ewes J. L. Nealon reports 86 good healthy lambs and the lambing period is not over yet in the flock. Two new caterpillar tractors have been purchased here in the last few weeks, one each at Table Rock and the Modoc orchards.

The Sams Valley Grange has prepared its regular supply of poison barley for rodent control. This is being sold in convenient amounts to grangers at cost, which is far below prices ordinarily charged. It is believed that the field of broccoli set out by O. L. Davis on the Leardi place will be a total loss owing to the long stretch of freezing weather during January and February.

The Table Rock Community club will hold its regular meeting Friday night, March 29. Entertainment features will consist of special reels of Copeco moving pictures, including a good comedy for the kids, and several numbers between reels by well known high class entertainers. Donald Wilson and Miss Evelyn Hamilton, students of the University of Oregon, are home for the Easter vacation.

A California cattle buyer was in this section last week looking for dairy cows to ship to California dairymen.
