

Make Medford A "KEY CITY" On The Pacific Coast Air Map!

On Tuesday, April 2

VOTE FOR THE AIRPORT BONDS

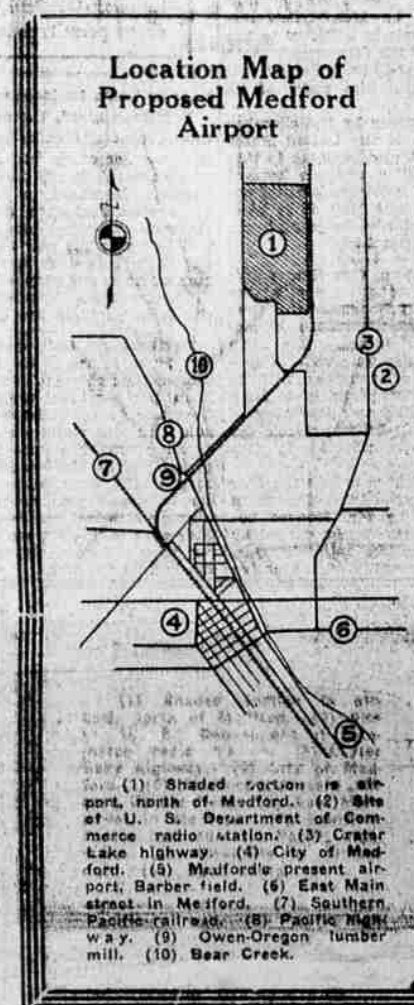

Medford's Future Prosperity Depends Upon YOUR Vote---A Class-A Airport Is An Investment In Progress---It Will Pay Big Dividends

MEDFORD has an opportunity to become one of the nation's important air centers and the regional headquarters for all of the important Pacific Coast airlines. The government is prepared to spend in excess of \$100,000 for weather bureau, radio equipment and other facilities essential to a Class-A Airport, providing Medford's bond issue carries on April 2nd. The establishment of this airport will improve Medford's chances of securing the \$5,000,000 dirigible base—

Medford voters can't afford to overlook the opportunity to become an important "key city" on the nation's air map.

Medford Chamber of Commerce
