

# ENDEAVOR PLANS SUNRISE MEETING ON EASTER MORN

(Contributed.)  
An Easter sunrise meeting will be conducted on Easter Sunday morning at 7, under the auspices of the Crater Lake Christian Endeavor union. If the weather permits the meeting will be held on the Rader hill, just south of Phoenix. If the weather is inclement the meeting will be held in the Presbyterian church at Phoenix.  
All Christian Endeavor societies of Ashland, Butte Falls, Central Point, Eagle Point, Jacksonville, Medford, Phoenix and Sams Valley are uniting in this service.  
We have asked the young people's societies in the Methodist and Baptist churches of Medford and Ashland to join with us in this service and have received an almost unanimous response from them that they would be more than willing to join with us in this worship hour on Easter Sunday morning.  
We are expecting at least 200 young people to be present.  
The meeting will be conducted by Ellen Lawrence of Ashland, who is the prayer meeting superintendent of the union. The song service will be conducted by Marnie Olive of the Medford Christian church. Special music by Endeavorers of the different churches will be enjoyed. The address will be delivered by the pastor of the Ashland Methodist church.  
An Easter sunrise meeting was held last year, and was a very pronounced success, and due to the fact that the spirit of Christian Endeavor is grasping more young people and that the success of last year's meeting has reached the ears of many, an even better meeting is looked for this year with a larger attendance. All young people and all others who can be invited and urged to attend this service at 7 o'clock Sunday morning.

**Central Point Church Hope to Fill Building**  
Earlier morning, March 27, the Rogers Bible class of Central Point, expect to fill their new building adjoining the Christian church at that place.  
Last Sunday was the opening day and the ladies were invited for the first session. There were approximately 75 in attendance. Ray Henderson led the song service with Miss Gregory at the piano. Next Sunday the ladies will not be present and the men are working for a full house.  
The subject for discussion is "The Biggest Fool in Central Point." Mr. Skelley, who is teacher of the class, says this class can do much in centering attention and interest on and in Central Point, as well as the good the men derive from the gatherings. Every man not otherwise engaged is urged to be present at 10 a. m. next Sunday.

# CAMPAIGN OPENED FOR HIGH SCHOOL CRATER BOOSTING

When the opening of a general campaign in the high school next week, preparations for the "Crater" high school annual will be well under way. This year's annual is planned to be bigger and better than all preceding issues and will use a literary motif.  
The book will cost approximately \$1700 to publish and the expense will be covered by sales at \$1.50 each, sale of advertising in the book, and the sale of spaces to industrial clubs in the school. A speaker has been assigned to each of the 17 home rooms in the high school and each speaker, chosen from the class roll, will devote a few minutes every morning in boosting the year book. Four head salesmen have also been appointed, one to each class, with five assistants each. They will make advance sales of the book.  
Plans for the campaign are under the direction of Ed Gould, editor, and Ben Harrell, business manager, both of whom have been devoting considerable time to the project. The book will be printed by the Medford Printing company and the engraving will be done by the Hicks-Charman company of Portland, while all photos are being furnished by the Shangle studio.

# ADVERTISING MEN PLAN CALIFORNIA TRIP BY AIRPLANE

When the Advertising club of Portland sends its delegation to the Pacific Advertising Club's association convention at Calais, Cal., next June, it will make aviation history for the world. The club's directors, at a dinner meeting at the Congress hotel, voted to send the entire group by air.  
Provision is being made for a party of at least 36 persons. Nine planes have been spoken for. West Coast Air Transport company officials, who are co-operating in the move, already have laid plans for more planes if needed.  
It will be, says William P. Merry, chairman of the "On-to-Oakland" committee, the first time in the history of the world that an entire service club delegation will take to wings to reach their annual convention.  
"We are looking forward eagerly to Saturday afternoon, June 15," he said. "That is the day we leave for Oakland, where the convention is to be held June 15 to 19, inclusive."  
"We expect to have a wonderful trip aloft, but we expect to do more than that—obtain national publicity of inestimable benefit for Portland, organized advertising and modern air travel. We believe it speaks volumes for the safety and practicality of air travel as now offered by West Coast Air Transport company and similar organizations, who are helping us as the Advertising club—and as unopinionated, aeronautically speaking—decides to go the cloud route in preference to any other mode of travel."  
"We investigated and found that more persons were carried by plane between Portland and San Francisco last year—wholly without death or injury—than were carried from Paris to London over the English channel."  
"The Advertising club, endeavoring to use the most modern tools to solve modern problems, has voted to 'do it by air'—and by air we go!"  
Arrangements for the caravan were made directly by Charles V. Eakin, president and general manager of the West Coast Air Transport company, Pittslock block.  
"We have received wonderful consideration and co-operation from Mr. Eakin and his company in this, our initial and outstanding air venture," said Mr. Merry.
