

DARROW IS TARGET OF SOLONS' IRE

Illinois Assemblymen Play Aged Lawyer for Court Attack—Franks Case Is Dragged in — Defended Criminals All His Life, Is Charge Hurlled at Famous Attorney.

SPRINGFIELD, Ill., March 29.—(AP)—Clarence Darrow came here yesterday to lead the attack against proposed bills for court reforms in Illinois and found himself the center of one of the bitterest attacks to be directed against him since he attained prominence in the Loeb-Leopold, the Scopes and the Dr. Sweet trials.

Darrow was appearing before a joint meeting of the senate and house judiciary committees, opposing bills for criminal court procedure changes. The bills are sponsored by the Chicago Bar association and the judicial advisory council of Cook county (Chicago). The veteran lawyer expressed distrust of courts. He was of the opinion that the reform program is the offspring of special interests. The program, he said, is "a long step on a trial started years ago to enlarge the power of the judiciary."

"It has been favored," he said, "by special interests which always are willing to trust the judiciary in preference to some other body. It is a violation of the principles of government."

Darrow said the courts would not allow sufficient time for the trial of ordinary cases because they had "to hurry into the hearing of \$30,000,000 cases."

"But the courts allowed you time enough in the Franks boy case, didn't they?" inquired State Senator Roy C. Wood.

"The other fellow took all that," Darrow said. "But they allowed you 30 days to present a case or a plea of guilty, didn't they?" Wood went on.

Darrow irked. "You don't know anything about it," snapped Darrow.

"Yes I do," said Wood. "I was in the next court below you, trying a case, and I know what was going on."

"You didn't act as if you did," Darrow said.

"But you know me, don't you?" said Wood. "I was the assistant state's attorney who made you come down to the criminal court building at 3 a. m. one day and made you surrender a stolen bond that had been cashed in your partner's account."

State Senator James Barbour, chairman, chairman of the senate committee, leaped to his feet. "We won't have charges like that here," he shouted.

"Do you think I'm going to sit here silently and have all the courts attacked in this manner by a man who has been a defender of criminals all his life?" Wood replied.

Judge Harry M. Fisher of the Cook county circuit court told the committees he had been surprised to hear the courts attacked by a man like Darrow "who has reached his present position because he has always resorted to those very courts."

Judge Fisher mentioned the Loeb-Leopold case in connection with the reform program proposal to lessen the power of the jury and increase the power of the court.

"Did Mr. Darrow submit his case to a jury?" Judge Fisher asked. "No, he pleaded his clients guilty so that he might have a court alone and not a jury, pass on their case."

ASHLANDER BUYS RANCH IN CLIMAX

CLIMAX, Ore., March 29.—(Special)—N. N. Charley has sold his ranch here to a man from Ashland but plans to continue to make his home here for the present.

Mrs. A. J. Giesom and daughter, Nellie, attended a family reunion Sunday at the home of Mr. and Mrs. Stimson near Medford. The event was in honor of Mr. Stimson's birthday anniversary.

Mrs. G. G. Oliver called on Mrs. Wertz Wednesday afternoon.

Mennifee Charley visited school Tuesday afternoon.

During the storm of last week nearly a foot of snow fell in a short time but it melted rapidly.

Mrs. W. F. Charley was a pleasant caller at the Oliver home Monday.

There is to be an Easter party at the school house Friday and the children, large and small, anticipate a glorious Easter egg hunt. It is also hinted that a mysterious friend has sent a box of gifts to the children as an Easter present.

FIRST COOLIDGE WRITING DEALS WORLD PEACE

More Perfect Future Generation May Attain Ideal—Should Provide Adequate Defense As Prevention, Is Urge.

PHILADELPHIA, Mar. 29.—(AP) Peace, in the opinion of Calvin Coolidge, "perhaps is an ideal that can come only to future generations which are more perfect than our own."

Writing in the April number of the Ladies Home Journal on "promoting peace through preparation for defense," the former president says the nation should take every precaution to prevent war, "of which adequate defense is one," and that it also should take every precaution to protect itself to the fullest possible extent from the ravages of war "if it does come." He says the army and navy serves the double purpose of prevention and defense.

Mr. Coolidge declares the forces required for adequate national defense should be large enough so that others would see "that there would be a great deal of peril involved in attacking us," and not so large that the United States would feel it "would undergo no peril in attacking others."

"No sure way has ever been found to prevent war," the former president declares. "Opinions may differ as to whether nations with military forces are more likely to enjoy peace than those which neglect their defense. In the last analysis, this is a question of dealing with human nature."

Respect Needed. "I very strongly suspect that if there were but one nation in the world supplied with an army and navy and, to make the supposition as strong as possible, if that nation were our own, it would not be long before the other nations had been overrun. It seems to me that it is almost a moral certainty that we should find some excuse for taking that action. But when we know that other countries have a considerable ability to defend themselves, it is human nature for us to regard them with a more wholesome respect and be more careful about violating their rights. If we reverse this picture we can likewise conclude that if others know that we are prepared to defend ourselves they will be less likely to commit offenses against us."

"Our army can be small because we are peaceful at home and far removed from attack by land. Also an army can be assembled quickly. Our navy is more extensive because our shores, our great commerce and our distant possessions must be protected, and it takes years to build a warship."

Mr. Coolidge's second article, "Promoting Peace Through Limitation of Armaments," will appear in the May number of the Ladies Home Journal, and the third article, "Promoting Peace Through Denunciation of War," in the June issue.
