EX-BOAS HURLER GIVEN A BEATING BY PORTLANDERS

SAN FRANCISCO, Mar. 30.—The Portland Heavers went on another wild baseball spree today and walloped the San Francisco Seals, 5-1. The Heavers were considered of undetermined power before the season but so far they have trounced last year's pennant winners in four games out of five. Curtis Davis and Lefty Gomez, two Seal youngsters, were the victims today with the Heavers piling up 12 hits. Jimmy Cronin, who hit out of five, (Davis pitched two years ago in the Southern Oregon league).

The Angels appeared to sewed up the game in the eighth when Earl Wash pulled a homer under the left field bleachers gate to score two runners ahead of him, but the deluge of triple runs in the following inning more than evened matters up.
Four Seattle batters were walked in the last inning by Wash and Peters.

CALLISON'S PLACE KLUM'S TEAM AND AT OREGON LIES ST MARY'S SIGNED WITH COMMITTEE FOR OLD OREGON READY FOR START

Prince G. Callison, coach of the Medford high school, on route by auto from Eugene to Dunsmuir, Calif., with his wife, spent an hour here this afternoon, before continuing his journey.
Coach Callison aside from admitting that he had been in conference with University of Oregon athletic heads, regarding his taking over the coaching of Freshman basketball, football, and baseball next September, had little to say.
From close friends, it was learned that the matter now rests with a student council committee, subject to approval by Dr. A. B. Hall, president of the University, who will not return to the campus until April 28. The committee is expected to take final action Monday.

Regarding the six big members of the state champion high school football team, who graduate next June, and have announced their intention of going where the old man goes," Callison said:
"I deeply appreciate the loyalty of these fine young men. I regard them as the cream of Oregon high school athletes. They are all big, husky lads, who have played together from their grammar school days. If I should go to Oregon, and they follow me, they will have to make good the same as anybody else. They will have to win their places by what they do, not what they did down here. And they are 'saggy' enough players for any man's team, if they really try."
Supt. of City Schools, E. H. Hedrick in a statement yesterday, said there were several applicants for the Medford coaching, "in the event Callison quit," but "the school board will make an action until Callison's name was definitely on the dotted line some other place."

TROJANS WALLOP STARS ON TRACK

COLISEUM, LOS ANGELES, Mar. 30.—A track and field giant stalked over the stadium path and sawed plus of the great bowl today, soundly a crushing 95 to 26 victory over California's "myrtle" team as a threat to other teams.
It was Southern California's Trojans, powerful in both track and field events, who overwhelmingly defeated Coach Walter Christie's Golden Bears. Hopes of retaining the national honors held a few years back, with the one-sided win over the Berkeley athletes. It was southern California's fourth triumph in as many years over the Bears.

WOULD MAKE TROPHY OF JONES' GOLF CLUB

NEW YORK, March 30.—A suggestion that the iron with which Bobby Jones won his first national open be used as an international trophy is made by John Kiernan, sport writer in the New York Times. Bobby used the club for a great shot to the home green in his playoff with Bobby Cruickshank at Inwood. Jones gave it as a memento to his friend, J. S. Worthington, when the latter was returning to England to die.
Intelligence and psychology tests have reduced the turnover in the Grand Rapids, Mich., police force greatly, says Col. James Sinker, director of public safety.

EUGENE, Ore., March 30.—University of Oregon has added two big football games for its 1929 schedule. It was announced tonight by Jack W. Benefield, graduate manager, after a conference with the athletic committee. The contests will be with University of Hawaii in Portland November 23, and St. Mary's college of Oakland at San Francisco Thanksgiving day, if that date is available, otherwise the Saturday following, which is November 30.
The St. Mary's game was more or less of a certainty since last January, when negotiations between the schools started. Oregon, however, could not give a definite date for the contest, as Benefield was desirous of scheduling an inter-sectional game, which would be played between the Oregon State contest, which is on the bonpas for Eugene for November 16, and the St. Mary's struggle.
Oregon played Hawaii at Honolulu last New Year's day and just barely managed to nose out the Islanders, 6 to 3. This year Hawaii has prospects of having its strongest eleven in its history, and for that reason was more than desirous of showing its yards before the mainland public.
Captain John J. McEwan, football coach at Oregon, Virgil D. Earl, director of athletics, and Benefield approved the two games heartily. It gives Oregon seven tough games this year, as the Webfoots have five conference contests (Hawaii and besides, there is a possibility that St. Mary's may become a permanent fixture on the Webfoots schedule, as Coach McEwan prefers to play tough team, such as the Irish lads, either early in the season, to help round out his own aggregation for its conference season, or the last game in the season, to give his team an additional tough contest.
Oregon's complete 1929 schedule, as announced by Benefield, is as follows:
September 25—Pacific at Eugene.
October 5—Stanford at Palo Alto.
October 12—Villamette at Eugene.
October 19—Idaho at Portland.
October 26—Washington at Seattle.
November 2—U. C. L. A. at Eugene (Dad's day).
November 16—Oregon State at Eugene (homecoming).
November 23—Hawaii at Portland.
November 25 or 30—St. Mary's at San Francisco.

NEW YORK, Mar. 30.—Most of the people of the United States who have given any thought to C. C. Pyle's 80-day transcontinental race, starting tomorrow, may laugh at it, but more than 100 persons take it seriously. The runners, approximately 100, and Mr. Pyle see nothing funny about the prospect of a series of spring and summer haunts on foot from coast to coast.
An air of the utmost seriousness prevailed at the intensely active headquarters of the Bunion derby today as last-minute odds and ends were picked up preparatory to the start, as rival to the Easter fashion parade, at 3 o'clock tomorrow afternoon, "rain or shine." The activity is from Columbia Circle with Elizabeth, N. J., the first control point after a crossing of the Hudson by ferry.
The chill rain failed to dampen the ardor of the workers at headquarters as Mr. Pyle announced that the weather was necessary but unimportant and that the trek would start promptly regardless of the elements. None of the Pyle aids who look so indifferently at the falling rain will do any running in this derby.
One of the late comers, a Finn, seemed likely material for the sprinters but lacking the rugged characteristics associated with a day by day marathon over a stretch of nearly three months.
Mr. Pyle, who wrote his luncheon memories in red ink, has no thought that any financial disaster will attend the second.
OTTAWA.—The Government census just completed makes the aggregate wealth of Canada in 1926 equal to about \$2842 per capita. The total, exclusive of undeveloped natural resources, was calculated by the bureau of statistics as \$26,051,482,000. Agriculture was credited with 29.28 per cent of the whole.

BOLOGNA, Italy, March 30.—Major Alberto Maritano, companion of Captain Filippo Zappi and the Swedish scientist Finn Malmgren on their historic hike across the ice after the Italia disaster, today underwent an operation in order that an artificial leg might be fitted for him. His leg was amputated shortly after his rescue, and gangrene had set in from frostbite.

M'CASKEY TROPHY PLAY IN APRIL

Starting tomorrow, April 1, the spring handicap for the H. D. McCaskey trophy will be played at the Golf club, and each entrant must declare the card he desires to turn in. The tournament will run through the month of April. W. F. Isaacs was the winner last year.
The Golfers Magazine tournament will be played today. All entries will receive the Golfers Magazine for one year, and a chance for other prizes.
In the ladies' tournament held Friday, Mrs. W. E. Gould was first and Mrs. Val Fischer second.
SEATTLE, Wash., March 30.—With a final hard workout to top off their training here, three University of Washington crews tonight will follow their shells to Oakland, where they meet the University of California eight at April 12.
At Emmertich, Germany, the populace so delighted in crossing the frozen Rhine on foot that traffic policemen had to be called

CORN X. COUNTRY MYIAKE PROMISES CAPACITY CROWDS AT ISIS OPENING

Bob Kruse may not think himself so much after he meets Taru Myiake, the bone crushing Jap, at the armory next Wednesday, evening, in a main event match, preceded by several good preliminaries, including a special event between Tommy Ryan, Medford's wrestling tailor, and Jack White of Portland. Tickets are going fast, and the match, the first one to be held in the armory for some time, is expected to draw fans from all parts of southern Oregon.
Myiake is expected to arrive tomorrow on Tuesday and will rest a day or two before meeting the dangerous Portland grappler, who has been defeating all whom he meets. Myiake is no amateur, and has followed the wrestling business for years, and is as familiar with the catch as catch can method as the Jap Jitu. He will wrestle both ways with Kruse—one fall in the American style and the other in the Jap style. The third fall will be decided by the wrestlers.

NEW YORK, Mar. 30.—The new Isis theater on East Main street, opened with its first movie, "Reilly of the Rainbow Division," yesterday at 2 p. m. and played continuously through the afternoon and evening, to capacity audiences.
The little theater, with its artistic, homely atmosphere, won the immediate approval of those who saw it for the first time, and will undoubtedly prove one of the most popular places of amusement in the city.
The entrance is colorful and inviting with its large electric Neon sign of moving lights, and its marquee with a golden dragon embossed on a green ceiling background. The interior lobby with soft-shaded lamps, ferns, comfortable chairs and deep rugs is also an attractive and appealing feature of the new movie house.
Although the seating capacity is small, every seat in the house provides a splendid view of the stage. A feature which should please those who plan on presenting legitimate productions in the theater.

CHICAGO, Mar. 30.—Forty high school basketball teams—the pick of the nation's best—start their quest for national honors Tuesday in the University of Chicago's eleventh interscholastic tournament.
Thirty-three states are sending their champions and near champions into the battle which terminates Saturday night. Ten members of the teams are state champions, four were runners up, three won interstate tournaments, one was interstate tournament runner up and two are Chicago district titleholders. Ashland, Ky., the defending champion, completes the most representative entry list in the tournament's history. The national titleholders lost out in the semi-final round of the Kentucky state tournament but were invited to compete.
CHICAGO, March 30.—After blowing off the top of his victim's head with a shotgun, a payroll robber at Riverdale, Chicago suburb, today leaped into a waiting car, piloted by a woman, and escaped with \$700.

A Community Asset.....

Any hospital in your community is an asset—it is maintained for the welfare of the public—it is indispensable.

The expense of hospital services is surprisingly moderate when the completeness of this service is considered.

A hospital offers clean, airy rooms—the services of experienced, graduate nurses and scientifically prepared foods.

All this is offered at a cost that is less, in most cases, than the charges at a first class hotel.

Remember, your hospital is a public service institution, maintained to serve you.
