

SAVANTS STUDY ROMAN GALLEY IN LAKE NEMI

Waters of 'Diana's Mirror' Lowered By Pumps—Galley of Caligula Revealed—Many Relics Discovered in Depths.

ROME, Italy, April 1.—(AP)—The stern of a Roman galley which cruised Lake Nemi, "Diana's Mirror," in the days of Christ, could be discerned thru the semi-transparent waters of the lake today as pumps lowered them to their level in the days of the first Caesars.

Just the stern was visible, the ship being inclined at a considerable angle. Nothing at all could be seen of a second galley, lying nearby on the bottom of the lake, and believed to have been sunk at the same time.

From what was visible of the first galley it could be seen that nineteen centuries under water had damaged it considerably, and that probably there were left only traces of the elaborate ornamentation which archaeologists wished to study.

As the level of the lake has been lowered various other objects, many of them valuable relics of early Roman life, have been discovered on its bottom. These principally are thought to be the votive offerings of worshippers of Diana, originally situated on the shores of the lake and either gradually submerged as the level of the water rose or thrown into it by passing invaders in later centuries.

Historians disagree as to whether the two galleys of Caligula, as they are called, were sunk with all the luxury of Roman courts aboard, were stripped and then sunk, or stripped and then allowed to become waterlogged. It is believed by many, however, that various attempts by divers and other means to reach the boats thru the centuries may have taken most of whatever treasures they may have had from them.

In the last millennium there have been four attempts of note to salvage the boats, one in 1446, one in 1535, another in 1827, and the fourth and most profitable in 1885. To this last is due the relics now on view at the Museo delle Terme, Rome. In the 1535 attempt a piece of lining was wrestled from one of the galleys "which was red and of a beautiful tint."

Travelers are riding the skyways in such increasing numbers that America's commercial aircraft industry is concentrating to a large extent on the production of transport ships suitable for regularly scheduled service over long distances. Cabin planes with passenger capacities ranging from 6 to 20 comprise the line of aerial Pullmans now being turned out to meet a pressing demand, and this class represents a large section of the 107 planes that are to be shown at the second annual All-American Aircraft show, opening here in convention hall April 6. The show is under the joint auspices of the Detroit board of commerce and the aeronautical chamber of commerce of America.

The 20-passenger giant Patrian will be in Detroit while the exhibition is in progress.

Producers of transports have fixed their eyes on comfort and convenience, as well as mechanical excellence. There is an arrangement by which chairs are made available for dining car service, or they may be adjusted to permit the passenger to recline. The liners are equipped with lavatories, some of them used as offices, permitting the busy traveler to work while he speeds from one city to another.

Comfort and Speed in Air Travel

EASTER SERVICES FILLED CHURCHES MEDFORD SUNDAY

If anyone is in doubt over the fact that Easter is the most popular church-going day in the year—it is a sure sign that he was one of the small minority of Medford residents who stayed at home yesterday.

Every church in the city reports a record attendance both for morning and evening services. Special programs of music were prepared by the various choirs, and sermons with the appeal of the beautiful resurrection theme as an inspiration were delivered.

The customary services for the Elks were held at St. Mark's Episcopal church last evening where Father William B. Hamilton delivered one of his splendid sermons to the members who attended in a body.

At the Phoenix Presbyterian church, a beautiful Easter drama, "The King's Highway," was enacted at seven o'clock in the evening. Thirty characters took part in the production which was presented before a large congregation from Phoenix, Medford and surrounding points.

An extensive program of music and lessons was conducted thru the day at the First Baptist church including the missionary services which were presented in the evening. Illustrations intensified the interest of the missionary theme on Africa.

"The Risen Christ," was the subject of a sermon delivered by Rev. E. P. Lawrence, pastor of the First Presbyterian church, by Rev. James E. Condon, pastor of the Main Street Methodist church, Rev. Carmen E. Melt, pastor of the Christian church, "A Sermon on Easter Morn," was the title of the sermon given at the 11 o'clock service at the English Lutheran church, by Rev. Frank, pastor, while Rev. Raymond Rees, pastor of the First Methodist church spoke on "The Man Who Would Not Stay Dead." In the Central Point Christian church, Rev. L. E. Millard, minister, chose as his subject, "In Another Form."

The new Sacred Heart Catholic church, open yesterday for its first public services, was crowded to capacity at both masses. Father Francis Black, pastor, delivering the Easter sermon and a special welcome at each service. Silver's mass was sung by the choir as a feature of the musical program.

MYRON HERRICK DEAD (Continued from Page One.)

rate, despite the unusual length of his distinguished service as ambassador to France.

Neither President Hoover nor Secretary Stimson, who was in New York when the news of Mr. Herrick's death shocked official Washington late yesterday, has had time to give the serious thought necessary to the selection of a successor. They can be expected not to act

hurriedly in making a decision, since the new ambassador will be confronted with a number of important and difficult problems. These problems include such matters as the settlement of France's war debt to the United States, regularization of Franco-American commercial relations now conducted under a modus vivendi arrangement, and the laying of the ground-work with France, England, Italy and Japan for the first conference for revision of the Washington naval limitations treaty in 1932.

STIMSON SENDS 'FOR 'OLD SOAK'

WASHINGTON, April 1.—(AP)—The state department dropped international affairs for a brief time today to deal with the case of a Chinese speaking parrot in the Philippines.

The secretary of state, Henry L. Stimson, ordered cablegrams dispatched ordering that the "old soak" his pet parrot, while he was governor general of the Philippines, be sent to the state department with the greatest possible speed.

Early today a letter from a friend of the secretary in the Philippines, revealed that the "Old Soak" was lonely.

HOLD TOURNAMENT AT GOLF COURSE

Two electric tournaments were announced today by the Rogue Valley Golf association and from date will continue for 60 days until May 31. These tournaments are similar to those of the selective score type and will be open to the entire membership.

For the men a wardrobe suitcase trophy will be awarded the winner through the courtesy of William Isaacs and will be on display at the Toggery. For the women members, a traveling bag has been furnished by Lampport's sporting goods store, where it will also be on display. The tournaments are expected to draw considerable interest and will be one of the features of the golf course for the next two months.

Yesterday's best score was made by R. D. Simon, with 66 for 18 holes, following the deduction of a handicap of 20. He was awarded a special prize, while all entrants in yesterday's tournament were given a year's subscription in a golfing magazine.

Due to the fact that the membership is now full, only members will play on the course until further notice. This applies only to residents in a radius of ten miles of the course, and does not apply to visitors.

HIGH SCHOOL BAND LEAVES ON FRIDAY FOR COMPETITIONS

The Medford high school band of 27 members under the direction of F. Wilson Waite, will leave next Friday morning at 7 o'clock, by auto, for Corvallis, where they will compete in the annual state high school band contest under auspices of the Oregon State college.

The contest will take place Saturday, April 6. Medford won the state championship last year, and is a favorite to repeat.

The personnel of the band is as follows: F. Wilson Waite, director; John Grubbe, clarinet; Glenn Simpkins, clarinet; Merritt Probsfeld, clarinet; Albert Gaddis, clarinet; Boyce Kellogg, clarinet; Vaughn Stone, cornet; Gerald Hartsook, bass drum; Charles Conaway, cornet; Berle Thornton, cornet; Lucius Rogers, cornet; Wendell Tolle, cornet; Parrell Wood, cornet; Frank O'Neil, cornet; Charles Whillock, saxophone; Ion Stone, saxophone; Douglas Wood, bass; Donald Moore, baritone; William Bowditch, clarinet; May Ray, alto; Eddie Gould, alto; DeLos Gilbert, snare drum; Leonard Hayason, alto; Everett Cole, trombone; Alan Charley, trombone; Arthur Shatz, saxophone; Ronald Kring, trombone; and Robert Sleetor, bass.

KIWANIANS MAKE CONFESSIONS AS DINNER FEATURE

Confessions true and otherwise, were narrated by Kiwanis club members at their luncheon this noon at Hotel Medford, as a feature of the April 1 program prepared by Vernon Vawter. Most of the stories revolving about "foolish mistakes" alleged to have been experienced within the past year, started out with, "When I was in Roseburg —". The cash prize offered for the best yarn, was divided by the committee between Dr. Kresse and Jack Thompson.

William Daugherty, high school boy who has been chosen to represent Medford in the state wide oratorical contest, in which all eight districts in the state will compete on April 8, gave his talk on "The Constitution" before the Kiwanis club this noon. The young debater who demonstrated remarkable poise, delivery and originality of thought in his talk, won the whole-hearted admiration and applause of the audience. He was introduced by Ralph Bailey, local debate coach.

The winner of the district contest on April 9, will meet the eight other district champions in Portland May 1 to try for the state championship. The state champion will meet others in Los Angeles in the summer to try for the western award, and the winner of the western championship will go to Washington, D. C., where with the winners from other sections of the country, he will appear before the members of the supreme court who will select the national champion.

S. S. Smith reminded the Kiwanis club of the airport election tomorrow, and of the work to be accomplished through the day by the various election committeemen chosen from the service clubs.

COPCO INVESTMENT MEN GATHER IN CITY

Representatives of the Copco investment department from various parts of the company's system arrived here today for a periodic conference with D. G. Tyree, manager of the department. Those in attendance include LaVerne Hawn of Roseburg, Clark Rawlings of Yreka, Glen Parker of Klamath Falls, as well as J. J. Skinner and Don Runyard of Medford. The out-of-town men all planned to remain this evening to take in the "Legion Whoopie Revue" at the Craterian.

ROTARY ELECTION WILL BE HELD TUESDAY NOON

The annual election of the Medford Rotary club will be held tomorrow noon at the Hotel Medford

STRONG

TRIPLY strong is the GENERAL INSURANCE COMPANY OF AMERICA: Strong in physical assets, strong in personnel, strong in fundamental plan.

If physical assets alone were ample guarantee of indemnity, GENERAL policyholders would be well protected. Total assets of more than \$5,000,000 stand behind GENERAL OF AMERICA fire and automobile insurance policies.

In directors and officers the GENERAL'S strength is second to none. So many men of recognized high character and business acumen are seldom found in one organization.

The plan is right! Its strength lies in elimination of unnecessary hazard—still further safeguarding the GENERAL'S unquestionable power of indemnity. This one word epitomizes the GENERAL OF AMERICA—STRENGTH!

Capital \$1,000,000; Policyholders' Surplus \$2,336,000; Total Resources Approximately \$5,000,000.

GLENNA COLLETT HAS MEDAL HONOR CINCHED

PINEHURST, N. C., April 1.—(AP)—Miss Glenna Collett, national woman's champion, seemed assured of medalist honors in the North and South women's golf tourney, which began here today.

Miss Collett's score for the 18-hole qualifying round was 75, seven strokes better than the 82 turned in by Miss Martha Parker, of New York, who so far holds undisputed possession of second place.

The Noted Dead

NEW YORK, April 1.—(AP)—Brander Matthews, critic, educator and playwright, died yesterday of influenza and the lingering effects of a stroke of paralysis he suffered two and a half years ago. He was 77 years old.

For 50 years he was a noted first nighter. His dramatic works included "A Gold Mine," "Mastery's Lover," "On Probation" and "The Decision of the Court." He also wrote one novel, "His Father's Son."

He served as president of the National Institute of Arts and Letters and was first chairman of the simplified spelling board.

There's a **limit** to the amount of fudge you could cook without scorching

WHAT'S true in cooking fudge is true in roasting coffee. That's why Hills Bros. never roast coffee in bulk. Only a few pounds at a time pass through the roasters by a patented, continuous process. The result is a delicious, uniform flavor such as no other coffee has.

ELECTRIFY FOR BETTER LIVING

ENJOY THE OUTDOORS WITH YOUR HUSBAND! Spring will soon be here—and when those balmy days make you long for leafy green woods and sparkling sunshine—be ready to put on your hat and coat and enjoy an outing without a worry about household cares.

The dependability of electric refrigeration enables the modern woman to plan several days ahead and to stock her refrigerator accordingly without fear of spoilage. Thus, time is saved by fewer trips to market—money is saved by being able to purchase larger quantities of food.

So the modern woman comes to the decision that the few cents a day it takes to operate the electric refrigerator is TRUE ECONOMY.
