

HEART ATTACK IS FATAL TO DOCTOR THEO. MALMGREN

Beloved by all who knew him and one of those few remaining typical country physicians, Dr. Theodore J. Malmgren died at 6 o'clock this morning at his home in Phoenix, following a heart attack which had begun shortly after midnight. He had been in fairly good health, but was still weak as the result of a siege of influenza he had suffered last year. He was 71 years old.

Together with Mrs. Malmgren, he attended a church supper last night in Phoenix and was in his usual good spirits. Upon his return home he was called to the bedside of a patient, keeping him busy until midnight. It was not long after he had returned home that the heart attack came upon him and he suffered until 6 o'clock when death came to relieve the pain.

He was a resident of Phoenix for 15 years and was well known throughout the valley. He had a following scattered from the southern to the northern borders of the county, and often he was called many miles to answer the call of the sick. Thirteen years ago he constructed a stone building for his office, in connection with which he operated a drug store.

He was born in Union county, South Dakota, and leaves to mourn his loss his wife and an adopted daughter. The complete obituary will be published later. The body is in charge of the Perl funeral parlors.

MIYAKE IS READY FOR MATCH WITH KRUSE AT ARMORY

Terrible Tarro Miyake, the yellow menace from Japan to ambitious Bob Kruse, Portland wrestler may have for throwing all whom he meets, arrived in Medford this afternoon from his temporary headquarters in Portland for his match tonight at the armory with Kruse, who arrived last night.

Miyake is a large man and seems to be nearly running over with strength and enthusiasm for his bout tonight with the young Irish-German matman, who has won three out of four matches he has wrestled in this city. Miyake is recognized as a master of the Jiu Jitsu wrestling method and he plans to demonstrate his mastery on the Portland boy tonight. Miyake two nights ago won a hard match in Seattle and declared today he was in the pink of condition.

Kruse, as usual, declared he planned on a rapid, decisive defeat of his opponent and has been in constant training in Portland, where he is wrestling instructor for the Multnomah Athletic club. Kruse was accompanied to Medford by Jack White, scheduled to wrestle Tommy Ryan in the special event of the evening. Ryan, Medford's wrestling tailor, has never been defeated on a local mat, but White, who is Kruse's pupil, is expected to turn the trick.

The evening's program will be opened with a preliminary between Curly Woods of Medford and Eddie Welch of Gold Hill.

CITY RAIL RELICS AT JACKSONVILLE TO BE REMOVED

When during the regular order of business at the city council meeting last night, a request was read from the city council of Jacksonville that the Medford city officials clean up all remains of the old Jacksonville railroad in the county seat town which, with its right of way, was purchased years ago by the Medford municipal government, much laughter prevailed. After a short discussion, it was decided to accede to the naive request of Jacksonville as soon as possible.

It will be remembered that some time after the purchase the Medford city council dismantled the road, sold the rails and some of the good rolling equipment, and retained the buildings in Jacksonville and, of course, the right of way.

It developed during the discussion last night that rather than pay big sums of unpaid taxes on the old Barron residence in Jacksonville and the depot building, the Medford city council got rid of the structures and all responsibility pertaining to them, by allowing the county to take them over for back taxes.

It seems now that the Jacksonville complaint is that the old railroad roundhouse in that town, in which the city has two of the old cars stored, is still standing, and is an eyesore to the former county seat people. Further, that cars cannot be taken out of the building to be burned or otherwise removed without being dismantled, as when the rails were sold the track running into the roundhouse were taken up and sold with the rest of the rails.

CRANE GROCERY PLEA AGAIN PRESENTED TO COUNCIL BY NEWMAN

L. A. Crane's proposition to establish a grocery store on Eleventh and Peach streets, which was rejected by the city council at its last meeting, and which had previously been favored by the city planning commission by a divided vote, threatens to bob up again in the next council meeting, as Mr. Crane and his attorney, Frank Newman, before the council convened last night, asked members of that body and the mayor to reconsider the matter. Also some of the opponents appeared at the same time time to continue their protest, including C. D. Thompson and Walter Frager Brown, and Messrs. E. A. Evanson and George Currier, who operate groceries on Eleventh street. It was informally agreed to have the council buildings committee further investigate and report back at the next council meeting.

The council rejected the request of L. J. Upp for permission to remove a dwelling house at Ninth and Bartlett streets, across the street from its present location.

FATHER AND SON REUNITED AFTER 8 YEARS' SEARCH

SAN FRANCISCO, April 3.—(AP)—A search of eight years ended in success today for Dr. A. O. Schmitt, Portland physician, who was reunited with his son, Stewart Newton Schmitt, 12 years old. When the boy was four years of age his mother kidnapped him after Dr. Schmitt and his wife separated. In 1922 the Oregon supreme court handed down an order giving the father full custody of the child.

EGG PRICES BACK TO HIGHER PLANE

PORTLAND, Ore., April 3.—(AP)—Egg prices today remained all of Tuesday's declines with a little bit more added. Standard extras went back to their former price of 27c, while standard firsts hopped from 24 over the old price of 25 and stopped at 25, an advance of two cents for this one grade. Medium firsts went up a cent to 22.

Butter was unchanged. In the vegetable lines, asparagus, rhubarb, cauliflower, peas and cucumbers were in fair supply and ranging from cheaper to reasonable values. Poultry receipts are larger and the price weaker, especially for hens.

THE MARKETS

Produce
PORTLAND, Ore., April 3.—(AP) Wholesale prices:
BUTTER: Steady and unchanged.

San Francisco Butterfat.
SAN FRANCISCO, April 3.—(AP)—Butterfat, f. o. b., San Francisco, 47 1/2c.

Ye Letter Box

Thanks Received
Medford Mail Tribune:
Dear Sirs:—On behalf of Crater Lake Chapter, D. A. R., I wish to thank the Mail Tribune and all who are connected with it that extended the many courtesies to our delegates to the state D. A. R. and C. A. R. conventions.
I have received many letters from the delegates and chapters asking me to thank you for the papers which you gave them for their historian's books.
I want to add my own personal appreciation for these kindnesses and also for the co-operation you gave me in the preparation of the programs and the publicity connected with the conference.
Respectfully yours,
MRS. G. Q. DALBINI,
Regent.

Brisbane's Today

(Continued from Page One.)
Chang, fighting the so-called nationalist government in China, lost 2500 men Monday. To the western world this means as little as though a scullery maid had killed 2000 flies with one blow of a fly-killer.
News from Nairobi tells of terrible famine conditions in the Belgian Congo. Thousands of natives

"The Beaumont"
Presented for Spring, 1929, by
Lord Rochester Styling

THERE is metropolitan distinction about the Beaumont—The peaked lapels have the spirit of youth—the body lines have strength—the shoulders are set well back. The Beaumont is for the man who carries his chin forward and his head up.

"Congratulations, George: I see you're getting your pruning and spraying done early this spring. If frost doesn't hit you, your crop this year ought to pay well."

"Thank you, Mr. Barnes: It's the early bird gets the worm, you know. And we're taking no chances with frost either, for we're ready to heat every acre the moment danger threatens."

are dead of hunger. Women and children, struggling along forest roads through fever-infested districts, fall by the wayside and are eaten by hyenas before they are dead. Not a pleasant picture.
To the rest of the world that also is only a chapter in the history of fly-killing. The country reads and forgets. We are not our brother's keeper, in China or the Congo, or for that matter even in the slum next door.
News from China that does interest this and all other civilized nations is the fact that Shanghai has 1000 cases of meningitis. Nine foreigners are dead in the epidemic.
Diseases that start in Asia often spread over the world, as Asiatic cholera and bubonic plague have spread in recent times, and the horrible "black death" killing half the population in the middle ages. Natives dying in almost wars or in local famines, interest us little, but natives sending plagues to fill our graveyards interest us much.
