## YOUR HOME

WHEN YOU PAINT your home with Fuller Pure Prepared, the White Lead paint, you are giving it lasting beauty. Fuller Pure Prepared Paint covers more surface per gallon, gives greater protection, lasts longer and always looks better. The best paint can't be made from White Lead substitutes. The cost of pure White Lead prohibits its use, in practical quantities, in cheap paints. Fuller Pure Prepared Paint is made of pure White Lead (for body and elasticity), Pure Zinc Oxide (for spreading capacity and hardness); the highest grade of linseed oil. It is the finest ready-mixed paint you can buy. Every cent you pay for it is justified by the lasting beauty and protection it gives your home. Consult a Master Painter—and specify Fuller Pure Prepared. Ask your nearest Fuller dealer, listed below, for a Fuller Pure Prepared color card. Write to W. P. Fuller & Co. for booklet, "Your Home As Others See It."

### The Harrow Critical Farmers Are Choosing

#### John Deere-Syracuse Spring-Tooth Harrow

A good harrow is a mighty important thing to have in the preparation of a good seed bed for your crops. Once you have seen this John Deere-Syracuse at work in the field—seen it penetrate, pulverize and stir the soil and tear out the weeds—you will know why it is choice of those who expect the best results possible.

The sharp-pointed, high-carbon steel teeth dig in deep, regardless of the nature of the soil, working the seed bed from bottom to top, and throwing the weeds—roots and all—upon the surface. It excels in making seed beds in hard

or sandy soil, where deep cultivation is required. This harrow does not clog—it is designed so that trash and weeds work to the center of the harrow and pass out through an opening between sections that widens toward the rear.

It's easy to adjust this harrow for varying soil conditions. The teeth are clipped onto the bars; the bars are not weakened by bolt holes.

We can furnish any number of sections you desire; also tractor hitch if you want it.

Come in. We want you to see this popular harrow before you buy.

### DERBY SCHOLARS GIVEN PARTY ON EASTER HOLIDAY

DERBY, Ore., April 4.—(SpL)—On Thursday afternoon, March 28th, the teachers of the Derby school gave the children an Easter party in the school house. The big doors were thrown open between the rooms, giving ample space for games. Dainty refreshments were served. Yellow was the color scheme carried out in decorations and favors.

Mrs. Wm. Marion was a caller at the teachers' Wednesday afternoon.

A full attendance is hoped for at the P.-T. A. meeting to be held at the schoolhouse at 2:30 on Friday afternoon. Election of officers, a brief program and a social time will be the order of the afternoon.

Fred Dunlap went to Camp Two on Friday.

Mr. and Mrs. J. M. Brown have returned from several weeks on the Applegate.

Miss Widell made a business trip to Butte Falls on Saturday.

Mrs. Carless spent the week end in Phoenix.

Mr. and Mrs. J. M. Brown, Raymond, Hattie, Elbert and Jessie Chambers and Miss Violet Stucker were Easter Sunday guests at the H. E. Webb home.

On Tuesday, during the luncheon hour, the intermediate grades went over the hill for a picnic and nature study. It was a beautiful day and the hike was enjoyed by all.

Mr. and Mrs. Ben Wurtz made a business trip to Prospect Wednesday.

### ASHLAND LEGION SPONSORS PARTY FOR YOUNG FOLK

ASHLAND, Ore., April 4.—(SpL)—Fifteen hundred colored eggs and 550 candy eggs were hidden about the every nook and cranny of Lithia park for the annual Easter egg hunt which is sponsored each year by the American Legion post. Rarely have there been finer weather conditions for the event and more than 500 boys and girls responded to the invitation of the post and were on hand promptly at 8 o'clock.

The park had been divided into four zones to accommodate children of varying ages. There was the four-year-old group, a section for those from four to eight years, another section for those from eight to 12, and a 12 to 15 section.

The two youngsters finding the greatest number of eggs were rewarded by the gift of an Easter rabbit filled with candy eggs. A golden rabbit and large candy egg were awarded to the winner in each section, while a hen and rooster and a large candy egg were awarded to the second high score in each section.

Many older people were present to witness the happy scene as the children hunted out every secret spot in the park.

Timely donations to the golf course are being made by Ashland business men for the spring season when so many are getting onto the course. Two houses were donated last year and now ball washers have been donated for each tee. Those who have been concerned in financing the gifts are: Plaza cafe, Palace cafe, Lithia pharmacy, Lithia hotel, Southern Oregon Gas company, J. C. Penney company, Sam's Dairy Lunch and the Carson Fowler Lumber company.

The State bank has made a gift of nine new flagpoles for the grounds.

Mrs. Elizabeth Payne, Oregon pioneer, known to her friends as Grandma Payne, a sturdy figure in the early history of the southern part of Oregon, passed away on Tuesday afternoon at the Barber Convalescent home on Granite street.

Mrs. Payne came to his valley in '22. She is survived by several children, Mrs. Ed Barron and C. T. Payne of Ashland, Mrs. George Alford of Talent, Mrs. M. J. Shook of Burlingame, Cal., and Taylor Payne of Sacramento, Cal. Her husband and five children have preceded her in death. Funeral arrangements are in the hands of J. P. Dodge and Sons, but will not be announced until the arrival of relatives.

Obeying the command of a bandit to "keep your hands up," Hugh Carter, 17-year-old son of H. B. Carter, who operates the Carter service station on the Boulevard, was relieved of \$60 in currency as he was passing along the rear of the White House grocery about 11 o'clock Saturday night.

Mr. Carter had left his station in charge of his son, who closed up in time to attend the second show at the Vining theater. Young Carter had walked home with a friend and was returning down Hargadine street when he was attacked. The thug stuck a gun at his victim's back and relieved him of the currency, leaving him his watch.

Young Carter hurried to the nearest available telephone to call the night watchman, but the robber had had sufficient time to make a safe getaway.

Mr. and Mrs. P. R. Hardy and their daughter Ruth made a Sunday trip to Jacksonville and the Applegate district.

Miss Margaret McCoy, daughter of Mr. and Mrs. J. W. McCoy, who teaches in the Talent high school, was a visitor at the home of her parents over the week end.

Mr. and Mrs. C. C. Wolters and daughter Charlotte visited in Medford on Sunday.

Attorney William M. Briggs left hurriedly for Medford on Tuesday upon receipt of the news of the serious injury of his niece, Little Beverly Angle, who was injured in an automobile accident.

Miss Sue Morris, junior high school teacher, who was called to Portland last week on account of the death of her aunt, returned to Ashland on Monday and has resumed her work in the schools.

Mrs. Harriet Fielding, who has been spending the winter with relatives in southern California, has returned to her home on Granite street.

G. M. Frost, who recently underwent an operation at the Community hospital, was discharged early this week and will be the house guest at the H. T. Mitchell home on North Main street during his convalescence.

Mrs. G. H. Yeo left Monday for Alhambra, Cal., to make a visit to her daughter and son-in-law, Mr. and Mrs. George Stannard. She plans also to visit at the home of her sister, Mrs. J. E. Harvey, in Santa Ana, Cal., and will be away from home for about a month. Mrs. Yeo will be accompanied on her return by her mother, Mrs. Anne Gregory, who has been spending the winter at the Harvey home in Santa Ana.

### 21 Barrels more Potatoes from each Acre

#### SEMESAN BEL instantaneous Dip Disinfectant gives Larger Crops

Comparative Yields from One-Tenth Acre Plots.

C. E. Randolph of Aroostook County, Maine, discarded the old-fashioned, time-consuming soak method of seed treatment in favor of Semesan Bel instantaneous dip.

He not only saved time and labor in disinfecting his seed but he obtained an increase in yield over untreated seed of 21 barrels per acre. Increased yields like this prove the advantage of Semesan Bel over the older methods.

#### The Best Seed Needs Treatment

Even the best seed often carries some disease. Writing about certified seed in the American Produce Grower, Dr. Wm. H. Martin of the New Jersey Experiment station warns: "There is no state that does not permit at least 10% of scab and Rhizoctonia."

Overcome this handicap with Semesan Bel. Use it to control surface-borne Rhizoctonia, black leg and scab of white potatoes, and black rot and scurf or soil stain of sweet potatoes. Treats whole or cut potatoes and even sprouted seed, which other treatments so often injure. Protects the seed piece against soil-borne disease organisms.

Just Dip and Plant  
Semesan Bel is instantaneous! One

man can treat 200 to 400 bushels of seed a day. No long soaking or costly equipment is needed. A pound treats from 22 bushels of whole or large seed, to 16 bushels of small or cut seed, at very low cost.

#### What Semesan Bel Users Say

"Semesan Bel has anything beat we have ever tried by at least 15 to 20%." "Treated over 1000 barrels of cut seed. The plants showed a wonderful stand." "Semesan Bel treated rows yielded 5 barrels more per acre than the untreated rows, and 7 barrels more than the corrosive sublimate treated rows."

Diseases of many other crops can be controlled with Du Bay Seed Disinfectants. Ask your seedsman, druggist, hardware dealer or general merchant for FREE pamphlet on Semesan Bel; also pamphlets on Ceresan, for seed grains; Semesan Jr., for seed corn; and Semesan, for vegetable and flower seeds and bulbs.
