

DUAL VOICE OF COUNTRY COUPLES TERMED IMMORAL

MINOT, N. D., April 6.—(AP)—The judge who recently granted divorces to two Renville county farm wives has asked the state's attorney to investigate the remarriage of each to the other's former husband, with a view to criminal prosecution. The couples returned to this section, where they live as friends and neighbors.

District Judge John C. Lowe of Minot granted divorces to Mrs. Wilma Knight and Mrs. Lawrence Rikensrud, neighbors. Later he learned the women went to Canada and remarried.

He wrote State's Attorney George Rodasater of Hoyal, expressing the belief that the ceremony in which they were remarried was void and that in consequence each couple was violating the law.

"The Canadian marriages are void not only in Dakota, but also in Canada, as the decree provided none of the parties could remarry within a specified time. This results in two families in your county committing the crime of immorality, and I believe it is your duty to prosecute as state's attorney," the court wrote.

VANCOUVER CRASH WAS UNAVOIDABLE SAYS LIEUTENANT

PORTLAND, Ore., April 6.—(AP)—The fatal airplane crash at Pearson field, Vancouver, Wash., barracks which took the lives of two men was characterized last night by Lieutenant Carlton F. Bond, commandant of the field, as an "unavoidable accident."

He officially reported the accident to headquarters.

Lieutenant Ralph A. Floyd, army aviator, and Asa Clement, Portland police lieutenant, were killed Thursday when the plane descended from an altitude of 499 feet.

In his official report Bond stated the plane was in perfect condition, as he had flown it from San Diego the week before. It also stated Floyd was one of the best pilots on the field and the Pacific coast.

Funeral services were being conducted today for Floyd and Clement will be buried Monday.

LADY LEGISLATOR DELAYS DINNER

ST. PAUL, April 6.—(AP)—Sixty-five men members of the state senate fretted and fumed and went without lunch late yesterday while proceedings were tied up for an hour, all because its only woman member went downtown to eat.

The upper house had been considering a bill to open private duck passes to the public and the vote was 33 to 32 in favor of passage with one absentee, Mrs. Laura E. Naplin of Thief River Falls. One more vote was needed to assure passage with the necessary majority of the membership and the chair ruled that the roll call could not be terminated until Senator Naplin had voted.

BEAN LEAVES FOR RATE CONFERENCE

SALEM, Ore., April 6.—(AP)—Louis E. Bean, chairman of the state public service commission, left here Friday night for Chicago where he will attend a meeting of the cooperative committee of the national association of various utility commissions. The main subject for discussion at the conference will be the grain rate case which is to be heard next month by the interstate commerce commission.

TRAFFIC PARALYZED IN COLORADO, UTAH

DENVER, Co., April 6.—(AP)—Travel by rail, automobile and air has been virtually paralyzed in parts of Colorado and Utah as a result of heavy rains in Colorado and a six-inch snow in Utah. The snow, combined with a 30-mile-an-hour wind, kept airplanes in their hangars at the Salt Lake airport yesterday and Medford, Utah, was blanketed under six inches of snow.

GAS SELLING FOR 20 CENTS TODAY PORTLAND PUMPS

PORTLAND, Ore., April 6.—(AP)—While some filling stations still flaunted 17 and 18 cents a gallon signs, the ruling price of gasoline in Portland today was 20 cents a gallon, the price established Thursday night by the retail gasoline dealers' protective association.

The price is a 5-cent reduction from the quotation which has prevailed here since the end of the gas war two weeks ago.

A. V. Vosburg, legal representative of the association, said last night that although most of the stations were selling at a loss, the 20 cent price probably would be maintained.

MAYOR RECEIVES BUFFALO BOUQUET

A beautiful bouquet of flowers, including lilies, roses and snapdragons were received by Mayor A. W. Pipes from the mayor of Buffalo, New York, this afternoon, in honor of the 50th anniversary of the annual flower show held in the eastern city.

A similar bouquet was telegraphed to the mayor of each city throughout the country, the name of which appears on the government air map. Mayor Pipes presented the bouquet to the local chamber of commerce and the flowers are being exhibited at the headquarters for the benefit of local students, who wish to view them.

WILL TRY LONG IN IMPEACHMENT

BATON ROUGE, La., April 6.—(AP)—The house of representatives of the Louisiana legislature voted today to send Huxy P. Long, governor, to trial before the state senate. The vote was 58 to 40.

The impeachment was voted on a resolution by George K. Perrault, St. Landry, charging the governor with attempting to intimidate Charles T. Manship, publisher of the State Times and Morning Advertiser of Baton Rouge, by threatening to publish the infirmities of his brother, Douglas Manship, an inmate of a state insane asylum.

MYSTERY EXPLOSION WRECKS SANTA FE CAR

TEMPLE, Tex., April 6.—(AP)—A passenger coach of the southbound Santa Fe train was wrecked about 15 miles north of here early today by a mysterious explosion. None of the 15 passengers in the car at the time of the blast were seriously injured.

Officers, after questioning passengers, advanced the theory that the explosion was caused by a bomb, but were at a loss as to a reason for the bombing.

FORECAST INCREASE IN PORK DEMAND

WASHINGTON, April 6.—(AP)—Exports of meats and fats from the United States in 1928, amounting to 1,242,896,623 pounds valued at \$160,224,125, may be surpassed in 1929.

The federal outlook report says "Factors affecting the foreign demand for American pork products have a more favorable aspect for the 1928-29 season than a year ago."

While the 1928 exports were about 12 per cent lower in quantity and 19 per cent lower in value, as compared to the five-year average, 1924-1928, they showed a gain of 50,000,000 pounds over 1927 exports and a slight increase in value. Lard exports made the largest gains over 1927, adding 12 per cent in volume and 7 per cent in value. Bacon advanced 11 per cent in quantity, but the value was about the same.

RED CROSS MAPS LOWLY START FOR FUTURE PLAN TO 'BILLION DOLLAR' HELP AFFLICTED CHIEFS OF LAND

WASHINGTON, April 6.—(AP) Anticipating national disasters which are usual in the spring and summer months, the American Red Cross has launched a nation-wide campaign of disaster preparedness under the direction of James L. Fleser, in charge of domestic operations.

Several of the greatest disasters in the nation's history have occurred in the last three years—the Florida storm of 1924, the Mississippi flood the New England flood and the West Indian hurricane. New methods of preparedness and relief have been devised by the Red Cross, however, and this information is contained in the prepared manual, "When Disaster Strikes."

The use of airplanes for scouting and communication in disaster work; the providing of radio for communication service and an air code for communication by airplane with isolated places, prepared by the United States army, are new features of the revised manual.

Comprehensive plans for disaster preparedness should be a particular part of the Red Cross program for 1929, in the opinion of Mr. Fleser. Floods, tornadoes and hurricanes are frequently prevalent in the spring, summer and early fall months.

"An historical summary of Red Cross disaster relief work dating back to 1851 shows that the Red Cross has active in giving relief in 238 domestic disasters," says Mr. Fleser. "Its expenditures in those relief operations were \$45,534,000."

As a part of the preparedness program a survey is being made in every community of all the disaster hazards, such as exist in mining regions, around munition plants and where rivers, streams and lakes are subject to overflow.

HELENA, Mont.—(AP) Efficiency and invention have put cattle rustling on a production basis. Charles M. Dowlin, president of the Montana Livestock association, says losses from stolen cattle are twice as great as when the range was open and rustlers depended on the night and fast horses. The modern cattle rustler hides the animals where he finds them in the pasture and hauls the beef away in motor trucks. He has no trouble in disposing of his loot among street peddlers and established dealers.

Dowlin, also a state senator from Rice, recommends closer inspection of hides, heavier penalties for stock theft and a tax on stock in the pasture and investigation and prosecution of rustlers.

MOTHER-IN-LAW SITS AS COLLEAGUE OF LAWMAKER SPRINGFIELD, Mass.—(AP) A member of the Massachusetts legislature now has a fellow legislator as his mother-in-law. John Kendall Joy, Jr., is a representative in the state legislature. His wife married recently to Miss Lydia Brigham, Mrs. Fred Brigham, mother of the bride, is likewise a member of the state house of representatives, chosen from a district adjoining that of Representative Joy.

It is believed that Joy and Mrs. Brigham are the only legislators in the country related to one another as son-in-law and mother-in-law.

Old Men Plant Alfalfa COALINGA, Cal.—(AP) A California oil company, while waiting for development, is planning to add to its income by planting 100 acres of alfalfa on its holdings five miles from here. This reverses the usual condition in an oil region. Ordinarily farmers are looking to oil development to bring them wealth.

SAILOR JACK MAY WRESTLE EDWARDS IN MEDFORD SOON

If present plans materialize, Medford and southern Oregon wrestling fans will see the local pride, Sailor Jack Wood, in action against one of the roughest and most colorful wrestlers in the ring today in the person of Billy Edwards of Kansas City. The match will be sponsored by the Medford I. O. O. F. lodge as a benefit smoker for expenses of the grand lodge to be held here in May.

In a long distance telephone conversation this forenoon, Edwards told Newton C. Chaney of the I. O. O. F. ways and means committee he is willing to wrestle in Medford, but is not sure of the date he can be here, either April 24 or April 25.

This match promises to be one of the most hectic bouts of the season. Edwards is naturally a rough wrestler and Wood can be rough if he chooses. Wood has defeated Edwards and declares he can do it again.

NORWEGIAN GIVES WEAK DISPLAY AS HEAVY CONTENDER

BOSTON, Mass., April 6.—(AP)—Johnny Risko, the trial horse of the heavy-weight division, has tested out Otto Von Porat, late of Norway, and found him wanting as a serious contender for championship honors.

Johnny broke his losing streak here last night by administering a 10-round beating to Otto. Risko carried the honors in every round and his rugged fighting prevented Von Porat from doing much with his right hand, reputed to be a terrific weapon.

The battlers weighed 193 pounds. Von Porat was only able to jab Risko weakly with his right and his only telling punch was landed in the sixth round, when he landed hard on the side of Johnny's head. The blow staggered Risko, but the Norwegian refused to become aggressive, thereby permitting Risko to slash his way back inside and fall away with both hands to the body.

BAFFLES IDENTIFICATION (Continued from Page One.) Two youths followed the negro and forced him to the curb, where the girl was thrown to the pavement striking her head. A 5'er promising to take the girl to a hospital, Bushnell said, the negro fled with her. No girl of the description given entered any local hospital, police found.

Police believed the date given by Bushnell coincided with the estimated date of the slaying.

CLOUDS FAVOR VALLEY (Continued from Page One.) He was of the opinion that the entire valley fruit crop would have been ruined last night had it not been for the arrival of clouds shortly after midnight, permitting the temperature sufficiently to allow smudging to better combat the cold weather. Last night was ideal for a freeze, and if the clouds had not arrived, smudging would have been useless in saving the crop.

In freezing weather, the heat generated by smudge pots is sufficient, all the air being cold, while in the case of a frost, the cold temperature is only close to the ground with a higher temperature in air strata a short distance above the ground, it is said. In this case, smudging brings about a uniform temperature, as the heat goes no higher than the warmer strata of air.

NEW YORK, April 6.—(AP)—The New York American's motion picture editor is authority for the statement that Lupe Velez has been telephoning from Pittsburgh to Gary Cooper at Hollywood frequently and that one call alone cost \$100. "Who will he pay it?" Mr. Schenck. He wants to be happy.

BUCHAREST.—(AP)—Roumania, one of Europe's smallest nations, is a flourishing market for automobiles of American manufacture. Of the 12,000 cars registered in Bucharest, the capital city, 10,000 are medium priced motors from the United States.

Despite favoring customs dues, continental manufacturers have been unable to break down the prejudice in this country in favor of the American car.

American trucks and motors are familiar sights in the rural districts of Roumania, which exhibit a sprinkling of Canadian motor tractors, but prefer those made in the United States.

URGE PEACEABLE SETTLEMENT FOR BAGSHAW BATTLE

SEATTLE, April 6.—(AP)—Enoch Bagshaw, storm center of prolonged discussion between athletes and student leaders at the University of Washington, was today considering an invitation to resign as head football coach and receive in return the \$24,000 due him under the remaining three years of his contract.

He was urged to leave his post by the student board of control last night, after its second attempt to remove him had been declared illegal by a special committee of deans, acting in behalf of President Lyle Spencer. Three months ago when the first attempt was made, Bagshaw declined a similar offer, although it was not officially made.

SQUARE ROCK IS HANDICAP WINNER OVER REIGH COUNT

LINGFIELD, Eng., April 6.—(AP)—Square Rock, by Aock Flint, out of Quartette, today won the Lingfield handicap of a mile and a quarter, over a field including the famous American colt, Reigh Count.

Caballero was second and Yoho third. None of the first three horses was among the leading favorites.

Reigh Count, making his first appearance in England, started a favorite in the betting at 3 to 1, but did not finish in the money. The betting on Square Rock was 100 to 6, on Caballero 100 to 8 and on Yoho 10 to 1.

Square Rock won by a length and a neck separated second and third. Twenty-five ran. Reigh Count finished eleventh in the field of 25.

Salem Boxer Game. SALEM, Ore., April 6.—(AP)—Game to the end, but hopelessly outclassed, Jack Kentworth of Salem lost a one-sided battle to Chuck Borden of Eugene in a 10-round boxing bout here last night. Jack was measured on the canvas four times during the bout and it was only his ability to absorb punishment that prevented him from being counted out.

FRANKIE WARNEKE TAKES RING BOUT IN KLAMATH CARD

KLAMATH FALLS, Ore., April 6.—(AP)—Frankie Warneke, Portland, punched his way to a decisive victory last night over Mike Daley, Pelican City, in a one-sided double main event. Daley absorbed punishment from the first round to the last, but was still dangerous to the end of the 10th.

Billy Church, slim slugger of Portland outpointed Jack Breedlove, Bend, in the other half of the double card. Billy Breedlove outpointed Frankie Monroe in the semi-final windup; Earl Ritchie, Klamath Falls, knocked out "Battling" Bunker Dorris, Cal., in the first round and Steamboat Jackson, Spokane, gained a decision over Johnny McCoy.

ALLEY LOSES TO THYE BY TACKLE

EUGENE, Ore., April 6.—(AP)—Ted Thye, former light heavy-weight wrestling champion, defeated Tom Alley, Outlook, Mont., two out of three falls in a rough and tumble match here last night. Alley was knocked unconscious during the last period when he made a dive at Thye and went through the ropes. Thye took the first fall in 39 minutes with a wrist lock. Alley evened it up with a headlock in seven minutes, after butting Thye around the ribs.

BOY SCOUT PRESENTED PRESIDENTIAL MEDAL

EUGENE, Ore., April 6.—(AP)—Orlo Cummings, high school boy and boy scout of Corvallis, formerly of Wendling, Ore., today was wearing the presidential gold medal of the national safety council for having saved the life of Mildred Domichofsky from a mill pond at Wendling last fall. The medal is the first of its kind to be awarded west of the Rocky Mountains.
