

PLOT TO MURDER GENERAL CALLES FAILS IN MEXICO

MEXICO CITY, April 11.—(AP)—The chief of the military garrison here today disclosed that an unsuccessful attempt had been made to bomb the special train of General Plutarco Elias Calles and assassinate him in the state of Jalisco a few days ago.

A man and a woman, the principal conspirators, are being sought and should be arrested soon, the garrison commander said, while certain residents of Torreon, Coahuila, were implicated and will be arrested also.

The plan was, the garrison commander said, to line the rails at a point in Jalisco over which the former Mexican president must pass as he traveled from Chihuahua to Mazatlan on the west coast a few days ago, and blow up his train. A well organized force was to be prepared to attack him and kill him in the ensuing melee if he should escape death in the blast.

FORD REORGANIZATION LOSS IS \$42,786,727

BOSTON, April 11.—(AP)—The 1928 financial statement of the Ford Motor company, filed with the Massachusetts commissioner of corporations, shows a profit and loss surplus of \$582,629,583 as of December 31 last, compared with \$54,851,061 for the year 1927.

The indicated loss of \$72,231,458 did not take into account any dividends withdrawn during 1928 by Henry Ford, his wife, and Edsel Ford, the three owners of the company.

It is believed unlikely, however, that any payments were made to the stockholders in view of recent expenditures in connection with reorganization of plant and product which caused an indicated loss of \$42,786,727 in 1927.

FAN SEES CUBS AS NATIONAL CHAMPS

CHICAGO, Ill., April 11.—(AP)—Are the Cubs already "in" as National league champions? At least one fan thinks that way to the extent of signing over a check to President W. L. Veeck for 50 tickets.

Yesterday this fan purchased 50 sugar Tuesday and at the same time tickets for the Cub-Pittsburgh in-time requited with a check 50 box seats for all world series games to be played in Chicago next fall.

When President Veeck recovered his breath he pushed the check away, adding that the fan really ought to wait a week or two until the result is official.

You, too, may have a clear skin

THOUSANDS of people have weak, impure blood—to this may be attributed pimples, boils, eczema, "run-down" systems, rheumatism and even more serious ailments.

Without plenty of rich, red blood, there could be no strong, sturdy, powerful men, or beautiful, healthy women.

When you get the number of your red-blood-cells back to normal, that sluggish, let-down feeling, loss of appetite, those pains usually called rheumatism, boils, pimples and skin troubles disappear. You get hungry again and sleep soundly; firm flesh takes the place of that which was once flabby. You feel strong. Your nerves become steady. You are resistant to disease.

Throughout more than a hundred years S.S.S. has been a blessing to millions of people who have taken advantage of its wonderful medicinal properties. It is Nature's own blood tonic for improving the appetite, clearing

SOCIETY LEADER AVIATRIX KILLED IN PLANE CRASH

LONG BEACH, Cal., April 11.—(AP)—Mrs. C. C. McWhinney, society leader and prominent in aviation, was killed this morning when the airplane in which she and her husband were riding crashed at the municipal airport. Mr. McWhinney, a prominent lawyer, was slightly injured.

Mrs. McWhinney was one of 34 women aviator pilots licensed by the aeronautic branch of the federal department of commerce. As such she was granted a license to fly anywhere she chose alone or with passengers. The late Earl S. Daugherty was her instructor. Daugherty was killed in a triple airplane fatality on December 8 last.

Mrs. McWhinney had more than 250 hours' flying to her credit. She piloted her plane to the Stanford-California football game, taking her family as passengers.

RESCUE AIRPLANE ALSO MISSING IN AUSTRALIAN HUNT

SYDNEY, N. S. W., April 11.—(AP)—The Australian seaplane carrier, was ordered today to participate in the search for Captain Charles Kingsford-Smith and his three companions of the missing Southern Cross.

The Albatross was expected to leave for Wyndham almost immediately, but so great is the distance around the eastern and northern coast of Australia that it could hardly arrive inside of a week. Grave fears are now expressed for the safety of the rescue plane, manned by Lieutenant Keith Anderson and Robert Hitchcock. The two fliers started from here Sunday in a Westland Widgeon monoplane and have not been heard from since they left Newcastle waters, Northern Territory, about 400 miles from Wyndham.

Directors of the search for the Southern Cross fliers have now decided to send airplanes in pairs to cooperate with land parties also searching for the men.

Farm Notes

A useful home-made plant protector for covering tomato plants may be made by constructing a rough box large enough to accommodate a pane of glass 10 by 12 inches and high enough to allow the plant plenty of room for growth. It slopes from back to front to permit shedding water from the glass. This protector will be found useful not only in keeping the plant safe from the spring frosts, but also in helping the plant progress toward an early maturity of fruit, says the Oregon experiment station.

Polish bait is still the best control for earwigs in Oregon, says the entomologists of the experiment station. The bait is made up of sodium fluoride, 12 ounces, molasses two quarts, wheat bran 12 pounds and water six quarts. This is scattered so that no large lumps remain, as sodium fluoride is poisonous. This pest is serious, as it devours vegetables, fruits and garden flowers as well as being obnoxious on the premises.

Dusting out potatoes with lead plaster in Oregon before planting is an air both in planting and in increasing the yield, finds the experiment station.

HIGH COST OF TOMATOES BLAMED ON REBELLION

SAN FRANCISCO.—(AP) Fruit and vegetable dealers declare that the Mexican rebellion is responsible for the high price of tomatoes in the west.

The early supply comes from Lower California, just below the border, and from Imperial valley. Dealers ascribe the reasons for the 10-cent-a-pound price to difficulty in getting the vegetable across the border.

JACK MYSTERIOUS ON CHICAGO VISIT

CHICAGO, April 11.—(AP)—If Jack Dempsey is planning on making Chicago a center of his ring promotional activities, he believes in keeping it quiet.

The former heavyweight boxing champion has been in Chicago for two days but still mystery surrounds the "why" of his visit. Jack's money man, Ed Cole, and Attorney Arthur Driscoll are due tomorrow for a conference with Dempsey. Jack declares their visit has nothing to do with Chicago. He said there was nothing to the rumor that the Dempsey-Cole-Fugazy alliance was seeking a building here as a part of a proposed chain of sport palaces.

BUTCHER BOY SHOWS STUFF TO WHITE SOX

INDIANAPOLIS, Ind., April 11.—(AP)—Grady Adkins, the Arkansas "butcher boy," is ready to go and Manager Lena Blackburne of the White Sox is glad.

Yesterday Blackburne sent Adkins against the Louisville club with instructions to go the nine route if able. Adkins was able, as indicated by the five hits given by the Colonels.

The White Sox travel to Terre Haute today for a game with the Three-I league club and then to Indianapolis for the last series before opening the season in St. Louis Tuesday.

WASHINGTON FANS SEE GRAPEFRUIT PHENOMS

WASHINGTON, April 11.—(AP)—The Washington Nationals were in their own back yard today to show the home folks some of the power that has made them the sensation of the spring exhibition games. Holding two victories already over the New York Giants, Manager Johnson has primed "Bumps" Hilder and Adolph Liska for the day's pitching assignment.

Yesterday's astounding tie with the Giants proved more or less less costly with "Red" Barnes spraining his knee slightly and Sam Rice receiving a spike wound from Lindstrom while sliding into his base. Both will be ready, however, when the season opens next week.

KRUSE SHOWS HIS ABILITY TO STAND ROUGH WRESTLING

PORTLAND, Ore., April 11.—(AP)—Wrestling fans were treated to another of the wild, rough, wrestling matches characterizing that sport so often this season when Bob Kruse, Lake Oswego farmer, took two out of three falls from George Walker, Canadian heavyweight champion here last night. Kicking, butting, slugging and tossing each other over the ropes were a few of the practices indulged in. Kruse took the first fall in 39 minutes, 5 seconds with a series of flying wristlocks. Walker came back nine minutes later to snare Kruse with the crab or double-stomper toe hold and nearly finished Kruse when he refused to let go after Kruse had given up. They had been wrestling less than a minute in the final session when Walker again started the preliminary moves for another crab hold when Kruse reached down grabbed one of Walker's feet and suddenly shot him over backwards. Before Walker could move, Kruse was upon him and held him for the fall.

Ray Lyness got a decision over Sailor Pete in the preliminary. Pete took the first fall and Lyness the second.

George Kotsanos challenged Billy Edwards to another match, but Edwards declared he would not meet Kotsanos again, and wanted to meet the winner of last night's match.

WICHITA, Kas., April 11.—(AP)—Gus "Dynamite" Sonnenberg, world's heavyweight wrestling champion, successfully defended his title here last night against Dan McLeod, Omaha, Neb., winning in two straight falls. He took his opponent to the mat both times after a series of tangles, once in 26 minutes and the other in seven.

In the semi-final Pat O'Shocker, Salt Lake City, took two straight falls to win over Leo Wycoff, of Kansas City.

PHILADELPHIA'S BIG SHOT AT BAT IS ILL

PHILADELPHIA, April 11.—(AP)—Al Simmons, leading batsman with the Philadelphia Athletics, will not be in the game when the season opens next week. Rheumatism in the ankles, which handicapped the outfielder last year, has again laid him low and he is definitely out for at least two weeks, probably longer.

Simmons was so disgusted with his condition that he issued a statement saying he would go home for treatment and if his ankles did not improve probably would retire from baseball.
