

FEDERATED CLUB WOMEN TO MEET ASHLAND, APR. 26

More than 100 delegates from the first district, comprising Jackson, Josephine, Klamath, Lake and Curry counties, of the Federation of Women's Clubs of Oregon, will gather in Ashland Friday, April 26, for an annual two-day convention.

The main objective of this year's meeting will be to interest all eligible women's clubs not yet affiliated in joining the federation. The Greater Medford club is the only local women's organization which is a member of the federation. Other clubs within the county, now affiliated are: The Ashland Women's Civic Improvement club; the Upper Valley Community club; Eagle Point Civic Improvement club; Rogue River Civic Improvement club; Talent Community club; Valley View Community club; Coleman Creek Women's club; Tolo Community club and the Ashland Monday Study club.

There are eight additional organizations added to this number, from the four other counties, making a list of 17 in all. Any women's club in the district, regularly working under a constitution or set of by-laws with objects unsectarian and non-partisan, shall be eligible to membership in the federation, according to the by-laws of the constitution.

Among the local women elected officers at last year's convention are: Mrs. A. J. Hanby, third vice-president; Mrs. Rose Scheffelin, parliamentarian. These officers are held for a period of two years.

LINCOLN LUMBER MILL MACHINERY BEING INSTALLED

ASHLAND, April 15.—(Special)—The lumber mill at Lincoln on the Green Springs Mountain highway are being put into condition for the summer run, which will not begin until about mid-summer, according to a report given out by the owner, J. H. Henry of Hollywood, California. Installation of machinery is being made at the present time.

The town of Lincoln has been built along permanent lines and very attractive homes have been built along the hillside within easy access to the mill. Mr. and Mrs. Henry have built a comfortable modern bungalow for their own use, and intend to spend their summers at Lincoln.

Mrs. Ralph Billings was a business visitor in Medford on Tuesday. Mrs. J. V. Franklin is spending some time visiting with her friends, Mr. and Mrs. Perry Norton at Hill, California. Herbert McCarthy, trainmaster for the Southern Pacific at Dunsmuir was in Ashland on Tuesday to attend to business matters. Miss Ruth Purdy, stenographer at the Southern Oregon State Normal, has gone to San Francisco for a short vacation.

Mrs. Jennie Gilbert and her sister, Mrs. George Van Natta, left on Tuesday for Eugene to attend to business errands and to visit friends.

An attractive tea was given on Wednesday afternoon by Mesdames Louis Dodge, Henry C. Gale, Will M. Dodge and Frank G. Dean at the Louis Dodge home on the Boulevard. About 75 ladies called during the afternoon.

Tea was served at the dining table lovely in silver and green glass. Green tapers in silver cardstick holders shed a soft glow over the early part of the afternoon. Mrs. B. C. Forsythe and Mrs. C. W. Fortmiller poured and at a later hour Mrs. Sam McNair and Mrs. W. H. McNair presided over the tea.

The Daughters of Union Veterans met at the Ashland Armory on Wednesday afternoon with Mrs. Eliza Allen presiding. Plans were discussed for the future work of the chapter. There was a very good attendance of the members.

THE MARKETS

Livestock

PORTLAND, Ore., April 15.—(Sp.) Cattle and calves: Opening active, steers 25 to 50 cents higher; some who stock took 25c higher. Receipts 130.

Steers (1100-1300 lbs.) good \$11.75@12.50; do (950-1100 lbs.) good \$12.50@13.00; do (800 and up) medium \$10.75@12.00; do common \$9.50@10.75. Heifers (850 lbs. down) good \$10.75@11.11; do common \$9.00@10.75. Cows, good \$9.50@10; do low cutter \$5.50@7.50. Bulls (yearlings excluded) good beef \$38.00@39.00; do cutter to medium \$7.00@8.00. Calves (500 lbs. down) medium to choice \$10.00@12.50; do cull to common \$8.50@10. Vealers, milk fed, good to choice \$13.50@14.50; do medium \$12@13.50; do cull to common \$8.50@12.

HOGS: Opening extremely slow. Few best light butchers 50 cents under week ago. Receipts 3860, including 245 on contract. Heavy weight (250-350 lbs.) medium to choice \$9.50@10.25; medium weight (200-250 lbs.) medium to choice \$10.25@11.25; light weight (160-200 lbs.) medium to choice \$11.25@11.50; light hogs (130-160 lbs.) medium to choice \$10.25@11.35; packing smooth rough and smooth \$8.00@9.00; slaughter pigs (50-130 lbs.) medium to choice \$9.50@10.50; feeder and stocker pigs (70-130 lbs.) medium to choice \$9.00@10.

(Soft or oily hogs and roasting pigs excluded in above quotations). SHEEP AND LAMBS: Steady to strong; receipts sheep 630. Following quotations on full wooled basis: Lambs (84-92 lbs.) good to choice \$14@16; do medium to choice (82-100 lbs.) \$12@16; do (all weights) cull to common \$11@12. Pears: Lake county-packed Winter Nellis, \$3.83.50 per box; Oregon D'Anjou, \$4.54.25.

Wall Street Report

NEW YORK, April 15.—(Sp.)—Mixed price movements in today's stock market reflected the play of opposing speculative forces with the small volume of trading indicating the general public was taking relatively little part in the day's proceedings. The market opened irregular, sold down rather sharply when heavy liquidation broke out in the coppers and a few specialties and then started upward under the leadership of the food and oil shares.

Heavy buying of the oil shares, especially the Standards and foreign, caused the general list to head upward in the late trade. Pan American exceeded its previous high for the year as did Skelly and Lago oil. General Asphalt, commonly classed as an oil stock ran up 5 points and there were substantial advances in Maracaibo, Hawaiian Steamship, Austin Nichols and Murray Corporation.

The close was steady. Sales approximated 2,500,000 shares.

Oregon Weather. Increasing cloudiness, followed by rain Tuesday and in west tonight; local frosts east tonight. Increasing southerly winds on the coast, becoming of gale force late tonight.

TALENT GRANGERS TO HOLD MEETING ON THURSDAY EVE.

(By Mrs. Marion Tryer.) TALENT, Ore., April 15.—(Sp.) The Talent Grange will hold its regular meeting Thursday evening. Talent has a live Grange with new members being added at each meeting. The new members who have not taken the first and second degrees are urged to be present at this meeting.

Mr. and Mrs. G. E. Howe and family, who have been residing on the Anderson ranch for the past two years, left Thursday for Longview, Wash., where they will locate.

Prof. and Mrs. Miller, Mrs. Minnie Joeckel, Mr. and Mrs. Elmer Kincaid and daughter Charlene, Wm. Petr and son Elton and daughter Margaret, Mrs. L. O. Penland, Mrs. Wm. Fox, Mrs. Earl Newbury, Mrs. Ernest Williams, Mrs. Clarence Mathes and two children, Mrs. Newhouse and daughter Cora, Miss Alice Gillem, Mrs. Ed Jacobs and children, Mrs. Glenn Withrow and children, Miss Lilly Ferguson, Audley Brown were some of the Talent people doing their Saturday shopping in Medford.

The Medford Fuel company truck unladen a car of slab wood Saturday and hauled it to the schoolhouse.

Walter Turner and family arrived from Madera, Cal., and spent a couple of weeks at the home of Mr. and Mrs. Louis Hill. Mr. Turner and Mr. and Mrs. Hill are old neighbors from Idaho. Friday Mr. Turner moved his family to the John Stump property along the highway. They expect to locate in southern Oregon.

Mr. and Mrs. Lloyd Lamb spent last Saturday at the home of Mr. and Mrs. W. R. Lamb at Riviera plantation. Mr. and Mrs. Lamb were en route from Portland where Mr. Lamb had two golfers removed to Talent, where he spent a few days with his father, Tom Lamb, before returning to their home at the Klamath Agency.

Ed Jenkins of Ashland was in Talent Saturday afternoon. Miss Laura Tryer spent Saturday a guest of her sister, Mrs. Fred Brand and family in Medford.

Henry Welshaar, representative of the Lawrence Leather company of Portland, called on Marion Tryer at the repair shop Friday afternoon.

Mr. and Mrs. George Perry spent the week end at the home of their parents, Mr. and Mrs. Wm. Perry, returning to Lincoln Sunday.

Mrs. Cliff Bond was a business visitor in Medford Thursday afternoon.

The yards at the depot where the logs for the Tomlin sawmill have been piled was cleared for the first time on Friday since loading began.

Mrs. Chase Gardner, who has been ill for the past two months, is able to be out among her friends again.

The Faith Builders Bible class will hold their bible study at the home of Mr. and Mrs. Lester Newby Friday evening. This is a lively class and the membership extends from young people at the high school age up to about 35 years of age, married or single. Any young person of this age is eligible to join this class. Come and join and see if you will not enjoy these gatherings.

The Epworth league gave a farewell party in honor of Eugene and Warren Howe, who left with their parents last Thursday by motor for their new home at Longview, Wash. The party took place at the church Tuesday evening.

Judge and Mrs. Ray Coleman of Jacksonville were guests Sunday at the home of Mrs. Coleman's parents, Mr. and Mrs. B. M. French.

Ed Foss, Fred Rapp, G. I. Carter, Chase Gardner, Ernest Purvis were transacting business in Medford Saturday.

Miss Frances Pratt and Miss Margaret McCoy spent the week end at the home of their parents, Mr. and Mrs. C. E. Pratt and Mr. and Mrs. J. W. McCoy, in Ashland.

Mr. and Mrs. Guy Hamilton entertained at Sunday dinner in honor of her daughter and son-in-law, Mr. and Mrs. W. B. Hotchkiss, who lately arrived from Colorado. Their guests were Mr. and Mrs. Robert Smith of Medford, Mr. and Mrs. Glenn Saltmarsh from Little Appleton, St. Stockwell of Medford and Miss Anna Evans of Ashland.

Professor and Mrs. Evans and family motored over from Chillicothe Sunday and called on several of their friends in Talent.

ODD FELLOWS LODGE PLAN SOCIAL MEET

The Odd Fellows will dispense with their regular meeting tomorrow evening and will unite with the Rebekahs in a social gathering. This is proposed to provide the members of the orders who have been actively engaged for several weeks past in preparing for the grand lodge session a little recreation and entertainment. A program has been prepared, and an enjoyable time is anticipated. Owing to the fact that the banquet room is not in condition to serve refreshments, on account of remodeling of the building, this usual feature will probably be dispensed with, but other features will be added in its stead.

This social gathering is open to all Odd Fellows and Rebekahs.

The old fashioned letter press, a book in which letters are copied by pressure on thin moistened pages, still is the legally required record for French business offices.

HOME AGENT TO VISIT AT TALENT MEET WEDNESDAY

(By Mrs. Marion Tryer.) TALENT, Ore., April 15.—(Sp.) Mrs. Mable Mack, home demonstration agent, will be present next Wednesday at the Community club for an all-day meeting. As this will be Mrs. Mack's last day with the Talent ladies, an urgent request is extended for all ladies to make an effort to be present. This is also regular meeting day. A short business meeting will be called in the afternoon. A covered dish luncheon will be served at the noon hour. Come and bring your problems.

A baseball game was played Friday afternoon between the Medford Junior high and the Talent boys' team. The Medford boys won the game by one point.

Mrs. John Robinson was a guest Thursday afternoon at the home of Mrs. Louise Colver at Phoenix.

Mrs. Margaret Higgins and Harry Hamilton spent last Saturday afternoon at the home of Mr. and Mrs. J. E. Ragsdale at Eagle Point.

Mrs. Bert Porter and two sons, Dell and Albert of Klamath Falls and Mrs. McCurdy and son and daughters, also residents of Klamath Falls, were guests at the home of Mr. and Mrs. John Hearing Sunday.

Elmer Centers spent a couple of days this week recuperating the house recently purchased by Steve Lunak from Ed Jenkins.

Mrs. Wm. Bruin was a guest Friday afternoon at the home of Mrs. Cliff Garvin.

Miss Beulah Burnett returned last Saturday from a two weeks' vacation spent with Mrs. Milan Burnett at the "Log Cabin" in Anderson creek.

Collier Leaning spent the week end with his mother, Mrs. E. M. Leaning, returning to Hill, Cal., Sunday.

Opal Demmer spent the past week end visiting with her sister, Mrs. Bert Porter and family at Klamath Falls.

Mr. and Mrs. Kenneth Pellett and two daughters spent last Sunday at the home of Mrs. Pellett's parents, Mr. and Mrs. Cliff Bond, returning to their home at Klamath Junction Sunday evening.

Mt. Pitt School Notes

General Amos Fyles. The other day one of the Tunga children took the Popular Science home. While they had the magazine, their father was looking through it and saw a picture of the teacher he had when he was a boy at the Mt. Pitt school. His name is General Amos Fyles. It is working with gas at the head of the United States army. His article was on research work in gas.

William Fickleson (7th grade). The weather has continued bad and snowy for the last few days. The greatest depth of snow was about one foot, out in the woods where the camp men are logging. Most of the people in this vicinity were sorry to see the new season of spring come in as winter. We now believe the old saying, "March comes in as a lamb and goes out like a lion." The scenery is very beautiful, but however it is very much different from the green grass and spring flowers.

Irene Anderson, (grade 7). There were two new boys arrived at the Mt. Pitt school last week from near Stockton, Cal. They are Quinton and Kenneth Schooner. They are both in the primary grades and are cousins of the Hilkey children, who live near them at old Camp 1. We were glad to have them come, as we need them on our baseball team.

Measles. Last week many children were absent, on account of the measles, so our school is very small. The names of the children who were absent were Nona Shatzer, Frances and Beulah Herford, Warren and Geneva Coffman, Cleo Zeida and Margaret Richman. Part of them had the measles and the others had to stay out because they are exposed to them. We hope they will be here soon, so our attendance will be high.

Personals. Warren Coffman, who had the measles, returned to school April 10. His sister did not have the measles, so she is back too. The others are still absent.

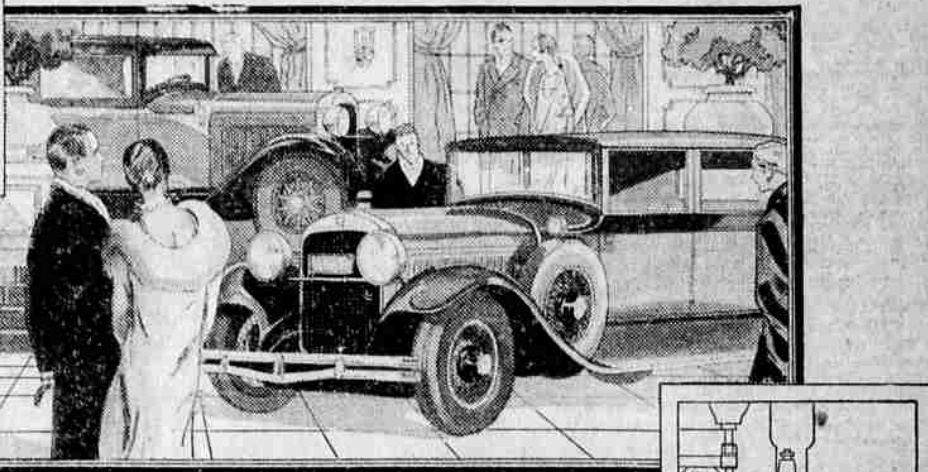

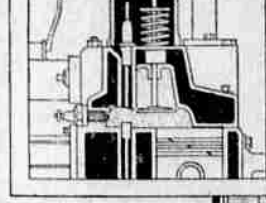

Frank Platt (7th grade). Anzel and Warren Conley, who were absent April 10th, lived at Baker's Flat. They were absent because they helped their parents move to camp No. 2, which is seven miles from their old home. The Mt. Pitt school children hope they will like their new home at Camp 2.

William Fickleson (grade 7).

EMANUEL TO MEET HUDKINS TONIGHT

LOS ANGELES, April 15.—(Sp.)—Although he once tasted the bitterness of a knockout at the hands of a middleweight, Armand Emanuel, young San Francisco barrister-boxer, tonight again will try conclusions with another fighter of that class—Ace Hudkins, tow-haired Nebraska "wild cat." They will meet at Wrigley field.

What about the Super Sixes... the HUDSON.. the ESSEX

"Super Six" principles, sound engineering ideas developed over a long period, have produced these fine motors. Among their advantages is high compression, of course—the accepted thing nowadays. Here is a diagram of a Hudson cylinder. The Essex is at the right.

Two feet motored new-day cars, these, ready to give brilliant, long service—asking only a little reasonable care

...how does hard carbon affect their fine motors?

HIGHER compression! It came with a rush upon us—like four wheel brakes, like balloon tires. A simple development, just a smaller space between the piston and cylinder head, but a far-reaching change. The newer cars with more economy, longer life, lower first cost, give us speed and power unlearned of in passenger cars a few years back.

Even the coldest oils form more carbon. A sample of this oil, when burned, left more than three times as much as Shell Motor Oil.

An equal sample of Shell Motor Oil left only this small fraction of carbon—and it is soft carbon, not the hard, gritty, damaging kind.

The new Essex "Challenger," for example, offering seventy miles an hour, or "sixty all day long"—no car could stand such a pace before high-compression motors were developed. But the newer cars brought out a fault—not a fault in themselves—rather in the lubricating oils they use. Many motor oils form hard carbon—coke-like deposits that build up in layers inside your motor. Their refineries have always known this, but once it could be ignored—with big, roomy old-style motors. Not so today; there

is scarcely the thickness of a dime between the piston and cylinder head—no room for carbon. Hard carbon causes knocking, engine strain, power loss. Flakes chip off and grind like grit through tight pistons and bearings, wearing them away more rapidly. But in one oil, at least, science has overcome the carbon menace. This new oil forms only 1/3 to 1/5 as much carbon as even the most expensive oils you can buy! The little it does form is

soft and soot-like—a kind that blows harmlessly away through the exhaust. It is Shell Motor Oil. Refined by a new high-vacuum process, this remarkable lubricant has other advantages, too. It withstands violent temperature changes without breaking down; keeps its sturdy body long after ordinary oils would disintegrate. Motorists everywhere are acclaiming Shell Motor Oil as the answer to the high-compression lubrication problem—keep away from hard carbon!

SHELL MOTOR OIL

LOGGING CAMP OF OWEN OREGON AT MT. PITT SETTLED

MOUNT PITT, Ore., April 15.—(Special)—Camp one is almost settled in its new home a few miles above Butte Falls, and in the future will be known as camp three.

Some of the old-timers report there has been more snow at camp this spring than we have had in many years.

Most of the family men are busy building additions to their houses, while some are erecting new homes. Ike Coffman's is one of the largest and most attractive. Ike is about ready to paint now and is open for suggestions as to the best color scheme to carry out in order to blend with the scenery.

O. K. Nelson is the proud owner of a new Chevrolet "6," and is busy these evenings building a garage that will be in keeping with such a fine car.

Mrs. Fred Raatz, who has been quite ill at the Sacred Heart hospital for the past week, returned home on Friday and is feeling much better.

Fred Martin has traded his Essex for a Hudson, and claims now he can make it to camp in record time.

Clay Conley and family have moved into their new home at Camp Happy. We all hope they are as happy as their new location would suggest.

Mrs. George Tranta for the past week has been visiting her sister, Mrs. Fred Butcher, at Jacksonville. Mrs. Tranta had her Studebaker overhauled and in the future will be more careful as to who will do the driving.

Ole Nelson's "Haywire Orchestra" has resumed its weekly practice and the strains of "Sober All of Us" are frequently heard throughout camp.

George Tranta will soon have his new bungalow completed. He is figuring on a concrete cellar, as the gophers and beavers are rather troublesome in his new location.

RUTH DENIES WILL MAKE ALTAR TRIP

NEW YORK, April 15.—(Sp.)—A report that Babe Ruth was to be married today to Mrs. Claire Hodgson, former flapper girl, today caused widespread interest among the ball player's friends and admirers, but Ruth himself denied the rumor.

Questioned at Ebbetts field, where the Yankee played Sunday, Ruth said, "If I'm getting married it's news to me. But every one knows more about my life than I do myself. No, I'm not getting married tomorrow or any other time that I know of."

COUGHS Apply over throat and chest—swallow small pieces of—VICK'S VAPORUB Over 21 Million Jars Used Yearly

Clay Conley and family have moved into their new home at Camp Happy. We all hope they are as happy as their new location would suggest.

Mrs. George Tranta for the past week has been visiting her sister, Mrs. Fred Butcher, at Jacksonville. Mrs. Tranta had her Studebaker overhauled and in the future will be more careful as to who will do the driving.
