LONDON BOBBIES PLAN CELEBRATION CENTURY MARK IN ORGANIZATION

LONDON —(P)—London's famous police—"the Bobbies"—will celebrate the centenary of their founding on May 25 with a mammoth parade before the Prince of Wales in Hyde Park.

"The Bobbies," who owe their name to Sir Robert Peel, the home secretary who originated the Metropolitan police, will march past the prince in their impressive, blue-coated thousands, mounted and afoot.

Since 1829 the London "Bobby" who is also known as a "Peeler," has come through various evolutionary stages, to the robust, helmeted figure of today, blessed with popular regard and goodwill.

In the early Victorian days, the guardians of the peace wore long-tailed coats and top hats, which made them frequent targets of bricksbats and rifle eggs. Each was armed with a staff and a rattle.

The "Bobby" of fifty years ago was recruited largely from the rural districts. He was said to be a "better fighter than a scholar" and marked by virtue of a tough pair of fists.

Today, the London blue-coat is trained in all the intricate matters which the development of traffic and modern crime have made necessary. His mind must be more powerful than his fists.

PREPARE VATICAN RECEIVE VISIT OF MANY AMERICANS

ROME —(P)—With the accord between the Holy See and the Italian state on the way to be ratified by the Italian parliament, with the forthcoming "ad limina" visits of the American cardinals and bishops to Rome, most of them bringing pilgrims, and with the festivities attendant on Pius XI's "jubilee year," more Americans than ever before are expected to apply for audiences with the Pope this summer.

As heretofore, most of these requests have been handled thru the North American college, that higher seminary to which the best students of Roman theology in the United States are sent. In the past even in the dull seasons of the year, the college authorities estimate that they pass on about 60 applications daily; and in the summer, when the tourist rush is on, the number runs well into the hundreds.

A conservative estimate would indicate that about 20,000 Americans, including many non-Catholics, are ushered into the Pope's presence in the course of a year. But in 1929 the forecast is that a good 30,000 Americans will seek the pastebards giving access to the Vatican.

The college keeps no statistics of the number of visitors who receive invitations for audiences thru its intervention. Some come to Rome with personal letters from their bishops or pastors to Italian ecclesiastics attached to the Vatican offices, and so do not have to rely on the college. These, it is surmised, constitute only five per cent of the total; all others present their credentials to Monsignors Burke, Berlin or Kiley, rector, vice-rector, and spiritual director respectively of the institution.

Americans who contemplate seeing the Pope should bring with them a letter of recommendation from their parish priest, at least, or, if non-Catholics, from some priest or high prelate, who knows them personally or through one of his parishioners. If they have friends in Rome who are known to the college authorities, their "say-so" will, in most cases suffice, but it is better to be provided with the letter.

Ladies should provide themselves with long-sleeved and high-necked black dresses, black hose and shoes, before coming over, because that is the regulation wear. Black veils or "mantillas" may be purchased or rented in Rome, but it is a safe precaution to bring them along. For men the officially required dress is formal evening clothes, with black waistcoat. However, in practice, any dark suit, blue or black, with sombre tie, will be acceptable, as Pope Pius does not wish pilgrims to go to unnecessary expense.

Letters of recommendation should be presented at the American college from 9:30 a. m. until 11:30 a. m., except on Sundays or else by special appointment. Once the engraved card asking an audience is issued by one of the

three college authorities, the aspirant must present it in person at the Vatican, going in the "bronze door" under the colonnade to the right of St. Peter's. There an English speaking secretary is always on duty, and the arrangements for the reception are quick, if concluded.
