Commencement begins Sunday, May 12. The baccalaureate sermon will be held at the Methodist church Sunday evening...

OPEN FIRST HOME GLEN OAK COURT FOR PUBLIC VIEW

The first beautiful home in the Glen Oak Court subdivision on Shikyou Heights, planned and built by the Southern Oregon Construction company, who are erecting houses on 19 adjoining lots, is now completed and open to inspection of local residents and prospective home buyers. Of the quaint Dutch Colonial type of architecture, the two-story house is made even more effective by the carefully planned driveway and the cobblestone walk to the entrance...

'The Barrymore' Presented for Spring and Summer 1929, by Lord Rochester Styling. FOR the young man who is concerned about his appearance as a social and business asset—who knows the value of being better dressed than the average—who recognizes the difference between the loud and soft pedal—'The Barrymore' has been styled. One and two trousers. \$30 to \$50. Tailored by Michaels-Stern, Rochester, N. Y. Model Clothing Company Medford's Correct Clothiers 126 East Main

In fact, the present bill, which plays afternoon and night daily until next Sunday, is one of the best balanced offerings seen in many a day at a Medford theater—grand opera; Edward Everett Horton, the famous funder of the stage and screen, and company, in a laughable short comedy, "Dad," a lesser but pleasing act, Baby Folsom, in "A Modern Priscilla," and then the main whoopee show of Texas Guinan, who has been on the front pages of the newspapers for the past week because of the inability of the federal and city police officers of New York to obtain her conviction on liquor selling charges in a night club, which is reported to pay her \$2000 weekly for acting as hostess.

The "Queen of the Night Clubs" has nothing startling in the way of merit, although well staged and having a good company of prominent film actors in support of Tex, but attracts eager interest by exploiting the gay night club life and the Texas over care with her conducting it, as hostess, in her vivacious, cheer leader, "come on, suckers" manner. The characteristic abandon of hundreds of well dressed men and women patrons and the sort of entertainment in the night clubs is shown realistically, but to catch the full appearance of the night club life and the Texas over care with her conducting it, as hostess, in her vivacious, cheer leader, "come on, suckers" manner.

The "Queen of the Night Clubs" is percolated with Broadway slang and wisecracks, some of which are home-made philosophy. One of the best of the wisecracks comes when Tex is being questioned by an attorney during a murder trial growing out of a night club tragedy; the lawyer says, "You understand English, do you not?" and Tex answers, "Yes, but I am more familiar with Scotch."

An interesting love story courses through the talkie play, and the courtroom scene is a well played one. Supporting the much talked-of star are such well known film actors as Eddie Foy, Jr., John Miljan, Jack Norworth, John Davidson and others, and hundreds participate in the night club scenes as patrons or entertainers.

The county court yesterday expressed a willingness to assist in the road from Copper, Cal., to the Blue Ridge mine, as requested by W. H. Gore and Dr. J. F. Reddy. They said they would travel over the road at an early date to find out first-hand just what is necessary to put the road in shape for heavy hauling. It is highly probable they will co-operate with Shikyou county in the building of the road. The mine is located in Shikyou county and is taxed in this county, but a half dozen former Jackson county courts lent financial assistance in the upkeep and the maintenance, so there is no lack of precedence.

Out of a score of land owners along the Sams Valley-Medford (Midway road) highway, all but two or three have come to terms with the county court. These are expected to reach an amicable agreement at an early date. The court has given personal and arduous attention to the satisfaction of all claims, paying several visits to the various districts. The first work in connection with the construction of the road will be the laying of fence lines and the building of fences. It will be a 60-foot road and is expected to eventually be a market road.

LOS ANGELES, Cal., May 2.—(AP)—Bathing girls with sunburned noses will be reaching up and pulling cans of talcum powder out of the air along the beaches this summer. And there'll be no slight-of-hand about it, either. The Aero Corporation of California had a petition before the city council here today asking permission to drop from an airplane over Venice beach three-ounce cans of talcum powder, each with its own small parachute. The corporation plans to supply all southern California beaches with a limited amount of sample talcum powder, but thought official approval might be needed at Venice.

DR. BARBER RETURNS TO MEDFORD PRACTICE After spending the past five years in Tacoma, Washington, Dr. M. C. Barber, physician and surgeon, has returned to Medford and is located in rooms 5 and 6, Deuel building, just above Russell's store. The offices which were formerly occupied by Dr. Jud Rickert, have been completely redecorated. "I have always liked southern Oregon and am glad to be back again," Dr. Barber said yesterday in explaining why he left Washington. From 1911 to 1924, Dr. Barber practiced medicine in this city and during that time made many friends who will be pleased to hear that he couldn't resist the attractions of the Rogue River valley. Dr. Barber is the father of Newell Barber, aviator who was killed in the world war and for whom the local airport was named.

BARCELONA TROOPERS PLOTTING REVOLUTION LONDON, May 2.—(AP) A message to the Exchange Telegraph from Perpignan, southwestern France, reports that a revolutionary plot has been discovered in Barcelona and all troops confined barracks. Numerous arrests were said to have been made but censorship prevented any further details from reaching the French side of the frontier.

My! you look lovely to-night SHE knew the compliment to be true—for the last pimple had vanished. If you are one of the embarrassed—and men are not exceptions—with skin blemishes that linger, and sometimes leave scars, you must realize that the logical cause may come from the blood. A clear, smooth, velvety skin bespeaks loveliness. Men admire it. Women praise and secretly envy. Hope, joy, happiness, and even love, may depend on the possession of a clear, unblemished skin. On the other hand—skin eruptions are outward evidences of the condition within. Authorities state it is an indication that the body's power of resistance to disease and infection is low. Meaning, that there is a deficiency of red blood cells. Without plenty of rich, red blood, there could be no strong, sturdy.

REBLANDS, Cal., May 2.—(AP)—Crushed beneath a three-ton concrete piling during excavation work for the Redlands branch of the Bank of America of California, Frank Gustave, 39, a carpenter of Los Angeles, was killed early today and three others were critically injured. Klamath Falls.—Kesterson Lumber company of Dorris, Cal., and Shaw-Bertram Lumber company of this place recently installed additional equipment.

powerful men, or beautiful, healthy women. When you get your red-blood-cells back to normal, that sluggish, let-down feeling, loss of appetite, boils, pimples, and skin troubles disappear. You get hungry again and you sleep soundly; firm flesh takes the place of that which was once flabby. You feel strong. Your nerves become steady. You are resistant to diseases. S.S.S. is Nature's own tonic for improving the appetite, building strength, and clearing the body of so-called skin troubles, by increasing the red-cells of the blood. S.S.S. is made from fresh vegetable drugs and has stood the test of over 100 years. All Drug Stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical. Copyright 1929 S.S.S. DOVER ROAD DATE ASHLAND THEATER POSTPONED WEEK

Conceding a point to the Ashland American Legion, which is putting on a home talent revue at the armory in that city the same night, the local Studio Players, who had booked their play, "The Dover Road," at the Vining theatre for tomorrow night, volunteered to change the date to the following Friday night, May 10. Tickets for "The Dover Road" had been placed at the Southern Oregon normal and a number of local sources and were going rapidly, the splendid advertising value of the successful presentations in Medford, selling both the play to Ashland theatre goers and the idea of seeing it in the southern city, to Medford people who were not privileged to attend the local showings. Theatre parties being arranged locally for tomorrow night are generally easily postponed until the following Friday night, and the little theatre group, under the direction of Tom Swent, bids fair to have even a better audience for next week than could have been expected tomorrow night.

Cow's Tail Worth \$25 MONMOUTH, Ore., May 2.—(AP) A board of arbitration composed of a dairyman, a mailman, and a milkman decided that the extreme tip of a cow's tail was worth \$25 when lost in a mishap. The board ordered damages paid by a careless workman who trimmed a portion of the animal's tail while removing burrs.
