## PRINCE HENRY WELCOMED BY OLDEST THRONE

TOKYO, May 3.—(AP)—The head of the oldest reigning house in the world extended such a welcome to the scion of the second oldest Thursday as Japan has not known in a decade.

Emperor Hirohito met Prince Henry of England, Duke of Gloucester, at the railway station as he arrived from Kokohama on his mission to bestow the order on the Japanese ruler.

The emperor grasped the hand of the English prince and chatted with him for a moment after he had descended from the coach to the station platform. Then he watched smilingly as Crown Prince Chichibu left with him in a brilliant procession to the Kasumaga-cho palace, which is to be his temporary residence.

At the entrance the Princess Chichibu, acting as the empire's hostess on behalf of the emperor, who expects soon to become a mother for the third time, greeted the royal guest. The princess wore a smart European afternoon frock.

The duke rode in a six-horse open carriage, with red and gold decorations, from the station to the palace. Prince Chichibu, who had met him at Yokohama where he debarked from H. M. S. Suffolk, was seated alongside him.

The emperor returned to his own palace in a motor car unostentatiously a few minutes after the prince's colorful procession.

## JUST DRY AGENTS FOR USE OF GIRLS TO GET EVIDENCE

COLUMBUS, Ohio, May 3.—(AP)—State prohibition agents Edward Little and John O. Cole were under suspension with severe reprimands from federal and state officials today for using two 13-year-old girls to obtain evidence in a liquor case, thrown out of federal court yesterday upon the girls' admission that they drank wine with the agents after the raid.

Little and Cole presented Miss Carrie Walton and Miss Catherine Cunion as witnesses that they had bought liquor from Harry Poole and Amos Frankhauser in a hearing before United States commissioner Joseph W. Horner. When the girls testified that they went for an automobile ride and drank wine with the agents after the men were arrested Horner dismissed the case, charged the men with "exceeding the bounds of propriety" and warned them to remain out of his court "unless your hands are clean."

Suspension of the two men at the office of State Prohibition Commissioner Rupert K. Beetham followed, with the announcement that an investigation will be made.

Governor Myers Y. Cooper issued a statement condemning the practices of using minors to obtain prohibition evidence, and declared it would not be tolerated among state officers.

## FITTS WILL NOT OPEN M'PHERSON CASE HE STATES

LOS ANGELES, Cal., May 3.—(AP)—District Attorney Buron W. Fitts announced last night that he would not reopen the famous Almee Semple McPherson case on the basis of evidence brought out during the impeachment trial of Superior Judge Carlos S. Hardy.

"If the public feels as I do about this case they are sick and disgusted with, and with its recurrence," he said, "I emphatically do not intend to reopen this case, dismissed some two and a half years ago, unless additional evidence of a competent nature is presented to this office."

"The action of the state senate showed clearly its disbelief in evidence upon which this office would have to rely in court."

Fitts said the original prosecution of the evangelist cost thousands of dollars, adding that it would cost \$35,000 to reopen the case. He said he understood the recent hearing at Sacramento cost approximately \$50,000.

## TRASH COLLECTED IN CLEANUP WORK

Medford's home owners took considerable interest during the first days of the annual spring cleaning drive in mowing lawns, collecting trash to be hauled away and weeding out the neglected flower beds.

Practically every family found plenty of places to clean up and things to be hauled to the garbage grounds. Fire Chief Roy Elliott is in charge of clean-up activities, assisted by local Boy Scouts. The City Sanitary Service will call for all refuse which is properly sacked and left in front of people's homes.

At this time of year, annually, fire chiefs throughout the United States endorse clean-up, paint-up and fix-up weeks in cities, large and small, as it is realized there is no better way to decrease fire hazard than by getting rid of unnecessary trash, both in one's home and on the outside.

## JAPANESE REOPEN CARD GAME FEUD

PORTLAND, Ore., May 3.—(AP)—Another chapter in a feud which began, police say, in a Japanese card game a year ago, opened last night when Miyogi Teuboi, 35, was shot and killed on a north end street.

He is the third Japanese to fall victim of the hate bred on March 14, 1928 when H. Yokota was shot to death in a gun-battle on a side street in the Oriental quarter.

Seven months after Yokota's death, H. Hayano, a cannery contractor, was shot to death as he slept.

At the time police arrested Teuboi, last night's victim, as a suspect. Evidence pointed to his guilt but corroborative testimony was lacking. He was released.

## GRENBREMER OF ASHLAND HONORED

SALEM, Ore., May 3.—(AP)—W. W. Harcombe of Dallas, was elected state counsel at the annual business session of the Modern Woodmen of America, Thursday morning. A majority of the 100 camps of the state are represented. J. A. Wright, Salem, was named state clerk and Stanley Chimp, of Portland, head camp delegate, with B. F. Voltz, Portland, alternate. Other delegates and their alternates are Floyd E. Moore, Dallas and M. H. Kendall, McMinnville; Harry A. Wender, New Pine creek and W. H. Greenbrier, Ashland; J. R. Reese, Hood River and G. F. Hoover, Bend.

## TACNA-ARICA DISPUTE IS FINALLY SETTLED

LIMA, Peru, May 3.—(AP)—Settlement of the long pending Tacna-Arica dispute between Chile and Peru was authoritatively stated today to have been completed.

It was expected that formal announcement of the settlement would be made within the next two days from Washington.

Moore Appointed  
WASHINGTON, May 3.—(AP)—The appointment of former Governor Charles C. Moore of Idaho to the position of commissioner of the general land office was announced late today at the White House.

## FEDERAL QUARANTINE AGAINST FRUIT PEST SET UP IN FLORIDA

ORLANDO, Fla., May 3.—(AP)—Florida today was under federal quarantine against the Mediterranean fruit fly.

The limited measure divides the state into three zones. One is the restricted area, two the precautionary area and three embraces the remainder of the state.

New discoveries of the fly, one infestation as far north as Jacksonville, have automatically brought the force of the quarantine to otherwise uninfested places. Of the seven new major infestations just reported by the state plant board, only one near Boone Park, Jacksonville is outside the central portion of the state.

A call from Judge Allen E. Walker, president of the Florida Citrus Growers Clearing House association has been issued deploring the fact that Florida has appropriated only \$50,000 for use in the war on the fly while the federal government has made available a fund of \$4,250,000 for the purpose. Judge Walker urged the legislature to appropriate a million dollars.

## ARKANSAS GIRL WINS E. OF N. EXAMINATION

NEW YORK, May 3.—(AP)—Winifred W. Polk, 16, of Cornum, Ark., won first prize in the third national competitive examination on the subject of the League of Nations, the educational committee of the League of Nations' association announced today. The prize is a two months' trip to Europe.

Jean Anderson, 15, of Ann Arbor, Mich., won the second prize of \$100, and John Morristoe of New York City third prize.

Students in 1160 high schools in every state of the Union competed.

Klamath Well Drilling company of Klamath Falls filed incorporation papers with \$5,000 capital stock.

## RED BUG RHAPSODY IN NEW RUSSIAN DRAMA

MOSCOW, Russia.—(AP)—The hero's rhapsody of a bed bug is used as the turning point in an ultra-futurist drama recently produced here. The play bears the title "The Bug" and in America the name might well be taken as a play upon words.

The work is a satire upon the middle class, the people most condemned by the disciples of Marx. The hero is presented as typical of this class, being hostile to any activity that does not promote his personal comfort or aggrandizement.

In the first part his career ends when he is frozen to death after a 1929 wedding orgy. The second part of the play presents him as having been thawed out by scientists of 1939 and exhibited as a museum specimen in a glass case. He goes frantic for lack of drink and tobacco and kindred fellowship but is allowed only enough indulgence in these to keep him alive.

Just as his despair reaches the breaking point he sights a bed bug. The rhapsodical greeting which he gives to this remainder of life some forty years forms the local point of the drama.

## BOEHLER BOUGHT BY LOS ANGELES CLUB

LOS ANGELES, May 3.—(AP) J. H. Patrick, president of the Los Angeles club, announced today the purchase of George Boehler, "iron man" pitcher from the Oakland club. The deal was strictly cash.

The acquisition of Boehler culminated several years of effort on the part of the club to obtain the twirler, who is considered one of the outstanding pitchers in the Pacific league. He will join the Los Angeles club at Sacramento today, Patrick said.

## MOVING PICTURES OF SHRINERS RECEIVED

Moving pictures of last Saturday's Shrine ceremonial which were taken through the courtesy of the California Oregon Power company, arrived here this morning. The films cover the outstanding events of the day, including the arrival of the special train from Sacramento, the various parades and stunts and other items of interest. The films will be given wide showing by the Copco newsreel as soon as they are edited and titled.

Poles Wounded  
WARSAW, Poland, May 3.—(AP)—Twenty-four persons, including six policemen, were wounded in May Day clashes in Vienna yesterday, the only place in Poland where serious disturbances were reported during May day.

## DANGER LIES IN BULKLESS DIETS

Eat ALL-BRAN and Prevent Constipation

Thousands of people wonder why they are suffering when they try to be so careful regarding their diet. They have headaches, bad complexions and are unhappy because their old-time strength and vigor are gone.

Constipation is often the cause of this bad health. And lack of bulk in the diet is usually the cause of constipation. Roughage is needed daily to sweep the system clean of poisonous wastes. Kellogg's ALL-BRAN will supply this roughage.

ALL-BRAN works as nature works. It is guaranteed to bring relief — to prevent constipation.

**Kellogg's ALL-BRAN**
