## PIONEER FIGURE OF ROGUE RIVER, MRS. LAWS DIES

(By Mrs. Myrtle Whipple)  
ROGUE RIVER, Ore., May 10.—(Special)—With the passing of Mrs. Harriet Ann Laws last Friday evening Rogue River loses one of its best known and beloved pioneer figures. "Grandma" Laws, as she was familiarly known in the community, came to Rogue River, or Woodville as it was then known, in August, 1837, with her husband, from Minnesota Lake, Minn. She was 81 years of age at the time of her death and leaves to mourn her loss her aged husband, six children, 32 grandchildren and eight grandchildren, also three brothers.

Funeral services were conducted by Rev. Wm. McAfee Wilson in the Rogue River Presbyterian church Monday afternoon.

A play was given at Rogue River May 2 by the members of the Ladies' Aid. Quite a crowd attended and everyone was pleased with the performance. The program follows:

Song, "The Gay Cavalier"—By Margaret Bates.  
Instrumental solo, "The Brownie Fiddle"—Sydney Baker.  
Play, "When the Lamp Went Out."  
Music, accordion—Mr. Holbrecht.

April 29 Joseph Lyman Pierce, a familiar figure in and about Rogue River since 1900, died at the Josephine hospital following a paralytic stroke. Two sisters, Mrs. O. R. Penny and Mrs. R. L. Kanaaston, and a brother, R. A. Pierce, all of the Rogue River valley, survive.

Sydney Baker is leaving at the close of school to spend the summer with his father, C. Baker, at Klamath Falls. Mr. Baker, who has a lease on a muskrat farm there, writes that the work is progressing satisfactorily.

The high school picnic given by the senior class at the close of each year was held at the Jackson Hot Springs, May 8. The picnics have been held there for the past four years.

The valley was thickly veiled with smudge smoke from the surrounding orchards Tuesday morning.

## "This makes your dinner perfect"

"Thank you. Coffee does help, I think."  
"But such good coffee. You must have a secret."  
"Nothing but M-J-B."

Selected grades of green coffees from favored districts in far countries are combined in making the famous M-J-B Blend. Its full-bodied richness and rare flavor is developed and brought out by the M-J-B process of blending and aging before roasting.

Many people find that with M-J-B, the full-flavored blend, they use slightly less coffee. Whether you make it strong, mild or medium—M-J-B has the matchless coffee flavor that only the rich blend can give.

M-J-B is vacuum-sealed in the new improved friction top key-cans by M-J-B's own patented process. Ask for M-J-B coffee at your grocery. Look for the letters on each can.
