

BEES ESTABLISH RESTAURANT HIVE

Of all the places a swarm of bees could swarm on a warm May day.

A swarm swarmed this afternoon in the flue of the Brownie-Marie restaurant, after having flown over the building for more than 30 minutes, searching for a place to light. About noon as they started coming in the flue, they began to fly around the restaurant until the bottom of the flue was boarded up, making them prisoners inside. There was still some indecision this afternoon whether to leave the

bees in the flue until this fall and collect the honey or to call James Stewart, the bee man, to take them out. The bees that had escaped from the flue made a novel window display for the restaurant as they kept crawling around on the inside of the glass.

THE MARKETS

Livestock
PORTLAND, Ore., May 10.—(AP) Cattle and calves talking weak to shade lower, receipts 30, billed through.

Produce
PORTLAND, Ore., May 10.—(AP) Butter, steady; eggs, milk, poultry, onions, potatoes, wool, nuts, hay, cascara bark and hops—steady and unchanged.

San Francisco Butterfat
SAN FRANCISCO, May 10.—(AP) Butterfat 1.0, S. San Francisco, 49 1/2c.

Wall Street Report

NEW YORK, May 10.—(AP) A sharp revival of bullish activity was Wall Street's response today to a series of favorable overnight credit developments and a drop in the call money rate to 6 per cent for the first time in more than a month. Buying orders poured into the market in tremendous volume, lifting scores of issues up 2 to 10 points, with nearly two score elevated to new high levels for the year. Pool activities were resumed on a broad scale and the rapid advance in some of the specialties indicated the urgent retreat of an overcrowded short interest.

HAGEN WINS GOLF CUP
 (Continued from Page One.)
 championship play for the British open golf title included:

ASHLAND YOUTHS OPPOSED TO FAG POSTER OF GIRL

ASHLAND, May 10.—(Special)—Ashland young people have gone on record as definitely opposed to the "signboard cigarette girl" and have accomplished results. In response to their protest, the Foster-Kleiser company has stated that "no objectionable advertising" will be posted on their sign-boards in this district. This statement was given out by Al Hayden, district manager of the company, who called in Ashland and discussed the matter with Reverend C. D. Gaffney. The protest was made through the combined efforts of practically every young person's organization of the town. A resolution condemning the advertising which was posted several weeks ago, showing a beautiful girl smoking, was approved by the young people's organizations and a copy of it was printed in the Ashland Tidings. A copy was forwarded to the Foster-Kleiser company, that ordered the posters removed.
 A copy of the resolution was also forwarded to the American Tobacco company, which sent back word that efforts would be made to prevent advertising of that type in the future.
Francis Was Donor.
CHARLOTTEVILLE, Va., May 10.—(AP)—The late Philip Francis Dupont of Fairville, Pa., was revealed today as the creator of the trust of \$6,000,000 for the benefit of the University of Virginia. Announcement of the trust was made nearly a year ago, but the name of the donor was not given.

IMPROVE BLOCK ON EAST MAIN

The Barnum block, on East Main street, taking in the Monarch Seed and Feed store and Littrell Parts, and the Burroughs building, in which the Kinney furniture store is situated is being re-modelled externally by Elmer Childers, local contractor and his crew of workers, this week. The project will be completed by next Wednesday or Thursday.
 The front of these buildings will be stuccoed and painted. New sashes are being built and decorated for the windows and other attractive features added to make them more attractive. According to present plans, the interiors will also be freshened up with paint and calamine within the near future.

PERSONALS

Unemployed men are still calling at the city engineer's office seeking work as laborers in constructing Medford's new airport. However, so far most of the applications for work have been unsuccessful, only a few men having been employed at the airport site, making preparations for actual construction.

Building permits were issued by the city yesterday to W. J. Roberts to build a house on West Second street at a cost of \$1000 and to build two on Lincoln street at a cost of \$1000 each. A permit was also issued to Mrs. Margaret Feasley to build a dwelling on Crown avenue at a cost of \$900 and another was issued to A. F. Flowers to build a wadded on West Jackson street.
 Miss Helen Kane, star in "Nothing But the Truth," being shown at Craterian this week, sings "Do Something" on Victor records. Hear it: Palmer Music House. It's the best ever. Miss Kane is an exclusive Victor artist.
 Business is good, but your property with Beebe & Sims, 16 S. Bartlett.
 Miss Helen Wills, world famous tennis player, is a cousin of Mrs. A. F. Noth, formerly of this city, but now of Salem, where Mr. Noth is the Southern Pacific depot passenger agent. Miss Wills' father and Mrs. Noth's father are brothers.

The cement bases for the federal radio station towers are 15 feet square and not 150, as stated by this paper last evening.
 Money loaned to worthy people to pay their honest debts. Thomas Realty Co., Rm. 12, Palm Bldg., cor. Main and Front, upstairs. 2411*

Brisbane's Today

(Continued from Page One.)
 He service. His day's work paid \$50; not high, according to present ideas. But it is fifty times as much as Mr. Coolidge's father paid the black-headed giant who turned in the Coolidge blacksmith shop \$1 a day fifty years ago.
 Prisons have changed. One ancient hero solitary in prison had, to encourage him, only the example of a humble spider spinning and respinning a web as fast as it was torn down.
 A well known oil magnate, jailed because he wouldn't answer senators' questions, has the deeper, pleasanter inspiration, of a blonde trained nurse.
 In the medical department of the jail this blonde lady works for the sick and suffering, and says to her oil man assistant, worth \$100,000.

"Please had me that bottle of iodine," or "Watch how I fix this bandage."
 Much can be learned in such an atmosphere.
 The United States army presented an imaginary "protector of the United States, on Long Island. In imagination the enemy had landed cavalry, infantry and artillery on our coast. Our army, with great courage, theoretically, drove the enemy into the sea.
 Fortunately, the United States defense included twenty airplanes, indicating that the airplane is not entirely unknown to our national defense.

If any enemy ever invades this country it will come with a thousand airplanes and more. And this country will know about it when big buildings tumble in our greatest cities, and populations die in the streets or rush to the country to escape deadly gas.
 At sunrise, while you were asleep, groups of scientists from many countries were gathered in the far-off Philippines waiting for the sun's eclipse, having prayed all night for fair weather.
 Our United States naval observatory, Johns Hopkins University, the University of Hamburg and other scientific bodies were represented on the little island at Iloilo.
 Absolute darkness caused by the sun's total eclipse lasted only four minutes.

More knowledge about the sun's corona and about the mysteries of the molecule are hoped for.
 The sun is important to all of us, and our little earth being by-products of its cosmic power.
