The man and woman arrested Friday in Eugene on bad check charges under several different aliases, may be brought back to Medford to face similar charges if the Eugene charges are found insufficient. The pair are alleged to have passed \$70 worth of bad checks on local merchants, with practically all the merchants furnishing the blanks on which they were written. Despite the fact the couple were strangers here and repeated warnings by officers, the two cashed seven \$10 checks before they left the city.

Although not in a large city, the Canby Herald of Canby, Ore., recently published a creditable special edition of several sections in connection with a tulip festival in that city. A copy of the paper was received last week by Mrs. Grace Voss at the chamber of commerce where it has been attracting considerable attention because of the thoroughness with which it covered its field.

Mother's Day—Every Day

The most priceless gift you could give to her on Mother's Day would be Time. Time to take the children out all afternoon, time to keep up with her music, time to read and play, to stay young and interesting.

But Time cannot be bought in a store and no one knows how to make it.

The only way to give her this priceless gift, then, is to provide ways of saving it. Electricity does that, for modern electrical appliances help with those tedious, tiring jobs around the house, shoulder the wearing, heavy work, and speed up every household process. Thus do they save her time for herself and her family.
