Silver Fleet to Visit City on Great Run

15 Cars, 19 Pilots on Nation-Wide Tour

Local Goodrich Dealer Plans to Celebrate with Trade-In Sale

It's coming! The famous Silver Fleet!

15 shining silver cars . . . 19 crack pilots . . . headed across the continent on the most dramatic demonstration run the Nation has ever seen.

Looking not for good roads, but for bad ones. Finding not the easiest way, but the hardest, longest, toughest.

Since January they have traveled thousands of miles. Meeting every kind of obstacle . . . every road and weather condition the country knows. Ice and snow in New York. Rain and mud in Georgia. Sand in Florida. Piling mile on mile in this great demonstration run to prove the sturdy quality of Goodrich Tires.

* * *

To celebrate the visit of the Silver Fleet we're going to offer handsome "trade-in" allowances to all local car owners. Bring in your old tires—they're worth real money during this special sale.

If the tread on your tires is smooth . . . if the fabric is starting to show through . . . or if your tires have simply lost the sharp, firm grip of new rubber . . . trade them in for new Silvertowns.

All Tires Included

And remember . . . these are tires just like those the Fleet is using. Silvertowns De Luxe, if you want unmatched service and style . . . Silvertowns, if you want the tire that sets standards of quality for the country . . . Cavaliers if you want low price with long wear.

So look over the tires on your car now . . . including the spare.

Better yet . . . drive in and let one of our experts go over your tires and tell you which ones should be replaced.

THE FLEET'S IN! This is just a sample of the reception being given the Silver Fleet everywhere it stops. Crowds congregate the minute the Fleet is parked . . . And immediately spectators start in asking the 19 smartly uniformed pilots scores of interesting questions. They learn a lot about tires, too . . . for the Fleet's tires are stock tires on stock cars of 15 makes, facing actual driving conditions.

AT RIGHT—Three tires to meet your mileage requirements . . . left, the Goodrich Cavalier; center the famous Silvertown; right, the silvertown De Luxe. Now featured in our Silver Fleet sale. No wonder we are urging local motorists to come in and investigate the tire-buying opportunity we are offering them now.

Nature's Way Is Still The BEST

"WILD ROSE" Brand — Pure Lard — is still preferred for shortening by the careful cooks, because they know it means finer flavor, greater nutriment, and generally better baking results, having fully 20 per cent more shortening properties than many substitutes that actually cost more. It's Natures own shortening refined fresh daily from choicest leaf lard and back fats under most sanitary conditions. Use it where your recipe calls for shortening. Comes in pails or handy 1-lb. cartons.
