

Local and Personal

A strange sight greeted airport visitors this forenoon in the arrival of four United States navy amphibian planes en route on naval survey to Alaska. The big ships capable of landing on water as well as on land, stopped here during the noon hour and circled the city once or twice before coming to earth. After the pilots had eaten lunch in the city, they left for Portland.

Helman's plunge opens May 4th.

THE HOME OF BREAD LIKE MOTHER MADE

GOOD BREAD

Almost every day we are asked why our bread is so different and what accounts for its superior flavor. Our answer is, it's what we leave out that makes it so good.

There is none so good as home-made bread, but the housewife never used the substitutes that have crept into commercial baking, so we just leave them out and bake as you bake at home, using nothing but the very best flour, yeast, shortening, sugar, milk and salt. Costs us a little more but we are sure its purity and quality are not affected by substitutes, the chemical contents of which are unknown to us.

BREAD	
1-lb. loaf	3 for 20c
