

STAGE FESTIVAL DAY EARLIER TO HONOR VISITORS

The beautiful pear blossom festival to be staged on the Van Scoyoc field by the children of the city schools under the direction of Maude Farriger, physical education supervisor, has been set ahead a day in order to be used as an entertainment feature for the visiting I. O. O. F. delegates. The festival will be held at 3 o'clock tomorrow afternoon instead of Friday as was formerly planned. The celebration, the first of its kind to be held in Medford, has been conceived and executed under the direction of Miss Farriger.

The plaintiff is seeking the sum of \$2900, claimed to be due on a first mortgage on 210 sheep, but for which the bank is said to have collected on a second mortgage. A claim for \$500 damages is included in the sum.

POPPY SALES BY AUXILIARY MEAN AID TO DISABLED

The little red poppy is full of meaning, representing the sacrificial blood of the boys who fell, and service to the disabled. In 1917 when we entered the World war, our liberty threatened, millions of our men answered the call.

This cost billions in money and far more of value in the lives, limbs and health of thousands of American boys. In many hospitals throughout the country there are penitents of once strong, manly forms, many blind—these men have given all that their country may be secure.

Picture the mental strain of the non-compensated man in the hospital as he thinks of his wife and little children at home with no income. Then open to him this opportunity whereby he can earn money by making poppies—\$50.00 to \$75.00 a month to send his family. This same man also knows he is making poppies for the auxiliary who will use the proceeds from the sale for a buddy who is more unfortunate than he—as many of the men cannot make them. Then there is the buddy who has made the supreme sacrifice. The money from the sale of the poppy will be used to help make conditions better for the family that may be left. In many cases where the mother cannot care for her children, the Legion and Auxiliary will give assistance by caring for the kiddies thru the child welfare program by providing for them a home, when it is not possible to keep the children and mother together.

Then this man will see the poppy worn as a memorial emblem in tribute to his buddies who died. Our man is now able to take his place as a wage earner—he knows he is doing something to help some one else and he has a place in life. This is what the poppy means not only to this man but thousands of others.

Many of these men are in the hospitals year after year. To see them making their poppies one year, then see them the next, seems as yesterday to us—as they occupy the same place as year before; but think what it means to them to be there all these long days. So: "Forget them not! As years go by, On our remembrance they rely. They are the maimed Death did deny. Its solace—crippled, blind, they try To find on earth—the peace they know In Flanders Fields."

The government provides hospitals and maintenance and pays some men compensation. In a national home we find 267 men making poppies, 175 of these are drawing less than 15 percent. The Legion and Auxiliary must carry on the service work—by bringing a small measure of cheer to these men who are yet and will be as long as life remains paying the price of service. The auxiliary service work is carried on mainly by the proceeds from poppy sales. The poppy is a fitting emblem to perpetually remind us and un-failingly teach coming generations our debt to those who valiantly saved the light of liberty for us.

CANNIBALISM RIFE IN KANSU PROVINCE

PEKING, May 21.—(AP) Cannibalism in the famine-stricken province of Kansu was shown to be a common practice in the report of F. Andrew, an investigator, to the China International Famine Relief commission. Andrew said he had specially investigated many reports of cannibalism. Near Ching-ning he found that 35 bandits had been killed and devoured by the ravenous inhabitants. Andrew took statements from people who witnessed this and other cases. In some places, he said, the inhabitants were starving because they had no money to buy the little remaining food, and in others because there was no food however much they were willing to pay.

KIDNAP MOVIE OWNERS DURING SAFE ROBBERY

CHICAGO, May 21.—(AP)—Max and Harry Ascher, directors of a corporation operating a string of moving picture theaters here and in Wisconsin, were kidnaped late last night and released three hours later, after a safe in one of their theaters had been robbed of \$4,000. The tactics of the robbers closely resembled those of a gang who last week kidnaped the manager of another theater and stole \$2,000 after forcing him to disclose the combination of the safe.

BUSINESS WOMEN WILL GIVE STUNT AT EUGENE MEET

A delegation of more than 15 members of the local Business and Professional Women's club will attend the state convention of that organization to be held in Eugene Friday, Saturday and Sunday, May 24, 25 and 26. Local women will leave here Friday afternoon, arriving in Eugene in time for the evening program of the first day, and on Saturday, along with delegations from various other parts of the state, will present a stunt depicting the life and activity of a woman of historical note who lived in their community. Mary Ann Harris, who, in 1855, held a band of Indians at bay for five hours by shooting from the chinks in the wall of her log cabin, after her husband had been killed, is the character to be dramatized by the local club.

CARAVAN STARTS ON SCENIC DRIVE 7 A. M. WEDNESDAY

A caravan of 600 local cars, including five long buses, will carry visiting delegates of the I. O. O. F. from the Chamber of Commerce headquarters on an hour and a half scenic drive through the valley, beginning at 7 o'clock tomorrow morning. The drive will take the visitors down Central to the Tomlin Box factory, through the Owen-Oregon mill, out the Biddle road, past the new airport, through Central Point and over the Old Stage road. Here Fred Tice, Jackson county's old remaining stage driver, will meet the caravan and lead them over the road for a distance. Printed spellers will be given to the visiting delegates, and in the long buses and some of the larger cars the speller will be vocalized by a group of official barkers. The tour will take in the historic town of Jacksonville, where many of the points of interest will be noted, and the cars will then swing around to the left through the orchard belt, past the fairgrounds and present airport and back to Medford. The caravan will stop at the Baptist church, the convention headquarters.
