

## MORROWS TARGET OF EXTORTION

**Boston Post Says Ambassador Subject of \$50,000 Plot—Torture and Death Youngest Daughter Penalty—Secret Flight From Englewood Home Caused By Threats.**

BOSTON, May 21.—(AP) The Boston Post in a copyrighted story today says Dwight W. Morrow, ambassador to Mexico and father of Anne Morrow, fiancée of Colonel Charles A. Lindbergh, has been made subject of a \$50,000 extortion plot. The money, the Post asserts, was demanded under penalty of torture and death of his youngest daughter, 15 year old Constance Morrow, a student at Milton Academy.

The newspaper says it has learned that the receipt by the girl of two threatening letters was directly responsible for last Saturday's secret flight by Lindbergh and members of the Morrow family from the Morrow home at Englewood, N. J., to their summer place at North Haven, Me.

It was also responsible for the detective guard which has since stood vigil over the island retreat of the Morrows in Maine and for the impersonation of Constance by another girl at the Milton academy while Constance was being spirited away to join the airplane flight.

The Post declares it has learned that when Miss Morrow received the first letter she showed it to school authorities. Her family was notified and a guard assigned to her. When the second demand was made it gave detailed instructions how and where the money

was to be placed and named last Saturday afternoon as the time. At this juncture Mr. Morrow's former partners in the firm of J. P. Morgan and the services of federal operatives were enlisted, but although Miss Morrow's impersonator adhered strictly to the instructions no one appeared to claim the package.
