

MOORE'S BOOT SAVES GIANTS FROM CELLAR

Tenth Inning Miscue By Second Baseman Spoils Double Play—Miller Huggins Sees No Balm in American Situation.

By William J. Chipman Associated Press Sports Writer) Fans at Ebbets field yesterday saw the Giants narrowly avoid going into last place.

The performance of Miller Huggins, manager of the Pirates, was mainly for exercise. The Phillies ceased to be the Phillies at Boston.

The rest of the fighting in the National League was mainly for exercise. The Phillies ceased to be the Phillies at Boston.

The Cubs and the Cardinals took an afternoon off, but the Pirates cornered the hapless Reds at Forbes field and administered an 11 to 2 humiliation.

The American League situation is daily becoming more and more alarming for Miller Huggins, but it is not yet of record that any of the little miller's seven fellow managers has lost so much as a minute's sleep over the situation.

The master mind of sportsman's park thought his way into second place yesterday as Rip Collins pitched the St. Louis forces to a 7 to 3 triumph over Red Faber and the White Sox while the Senators were snapping their losing streak in two places at the Yankee stadium.

The day's campaigning left the Athletics with a lead of two and one-half games over the Browns, who in turn led the champions of the world by one full contest.

Walter Miller again pitched smart ball in defeating the Tigers by 7 to 4 at Navin field in the remaining American League fixture.

BLOOM FESTIVAL BY SCHOOL TOTS GREAT SUCCESS

A crowd of spectators, estimated at around 2500 local residents and visiting I. O. O. F. delegates, witnessed the premiere presentation of the year festival in Medford yesterday at 3 o'clock.

The pageant began with the entrance of King Bosc, portrayed by Max Rae, and Queen Comice, by Ruth Hamstrom, both of the Junior high school, in colorfully regal robes and golden crowns.

Then followed the story play of the pear industry. Little human pear trees marched out and formed orchard rows. Then came the little black and white pots, who sat down next their respective trees.

The dance of the grapples, the drill of the farmers and farmerettes, who picked the pears off the trees and presented them to the royalty; the antics of the Topsy Turvy clowns; the pear pickers' jubilee; the Maypole dance and the finale flag drill and salute, were numbers enthusiastically received.

UNION CREEK ROAD DESIGNATION WILL AID FUTURE FUNDS

The following telegram was received today by the Mail Tribune from C. E. (Pop) Gates, state highway commissioner, attending the session of that body in Portland: "By unanimous vote highway commission designated Union Creek-Diamond Lake road to the Dalles-California highway as a forest highway."

According to Hugh Rankin, supervisor of Crater national forest, this means that a proposed road from Union Creek to a point on the Dalles-California highway has been given official recognition, and thereby subject to benefits of federal road appropriations, state highway funds and some forest service money.

The road is tentatively drawn to follow the present road to Diamond lake, joining The Dalles-California highway at a point near the Big Marsh.

Its designation as a forest highway will expedite any work upon it in the future.

Supervisor Rankin said that the designation of the road as a forest highway had been sought for some months.

LA FOLLETTE TO TAKE GAG ISSUE TO CONSTITUENCY

WASHINGTON, May 23.—(AP)—The senate was challenged today by Senator La Follette, Republican of Wisconsin, to prevent him from telling his constituency how he votes in executive sessions.

The Wisconsin senator said if the senate decided to enforce its rule of expulsion on him "I welcome the issue and will go to the people of Wisconsin on it."

"I ask if a man is not more solemnly obligated," he declared, "to the people than to the representative body of the people."

La Follette called upon the rules committee, which had subpoenaed a newspaper man to appear before it for publishing a purported "leak" on the senator's vote in an executive session of Irvine Lennox as a judge of the court of customs appeal, to start its investigation first with the members of the senate.

BULLS RALLY ON STOCK EXCHANGE AFTER 'SQUEEZE'

NEW YORK, May 23.—(AP)—The bull party rallied on the New York stock exchange today and managed to repair some of the damage done in yesterday's break, before considerable nervous selling cropped out again in the early afternoon, when it was announced that the federal reserve board had gone into session in Washington.

The upturn, which carried about a score of important issues up 1/2 to 1/4 from the low levels reached at yesterday's close, was based on the theory that the market had reached bottom, and the view in some quarters that the expected increase in the New York federal reserve bank's discount rate would not be made this afternoon, as the bank of England announced no change in its rate this morning.

There was much speculation as to whether Carlin would be appointed on the commission.

"The board of control believes," says a statement issued by the board in announcing the appointments, "that the public interest will be served by securing the services of Mr. Carlin, who is willing to accept the unexpired term of Mr. Fisher at the present maximum salary of \$4000 as fixed by

law. This procedure carries no legal obstacles in the opinion of the board of control, and removes any question of violation, as indicated in a recent opinion of the attorney general."
